My Turn To Weep Salvadoran Refugee Women In Costa Rica:

College Drinking Robin Omes Quizar, 1998-03-19 Salvadoran refugee women tell their stories of escape from El Salvador during some of the worst years of civil unrest 1979 1981 and their subsequent adaptation to refugee life in Costa Rica These stories called testimonios are interwoven against the backdrop of their children s daycare center The women s complex relationships with one another and the ambiguous nature of their interactions with the author as ethnographer are examined The author s voice is used in the text to place the women in their historical and cultural context The daily lives and the testimonios of the refugees serve as an eloquent expression of the multidimensional feminism that has developed in Latin America In contrast to mainstream feminism in the United States that focuses primarily on the power relationships between men and women the concern of Latin American feminism is with power asymmetries in socioeconomic class ethnicity and religion as well as gender The women whose daycare center is supported by international funding rely on their cultural traditions to survive in the face of tragedy and oppression

My Turn to Weep Robin Ormes Quizar, 1998 **Salvadorans in Costa Rica** Bridget Hayden, 2022-09-13 During the political and economic upheaval that swept El Salvador in the 1980s as many as 20 000 Salvadorans took refuge in Costa Rica Despite similarities between the countries most Salvadorans experienced El Salvador and Costa Rica as very different places yet some 6 000 chose to remain after the violence in their country ended re establishing their lives successfully enough that they claimed that they now felt Costa Rican Bridget Hayden examines the ways in which these people integrated into Costa Rican society and the ambiguous sense of identity they developed exploring their experience of the process and the cultural concepts they used to interpret those experiences Salvadorans in Costa Rica Displaced Lives introduces readers to people from a wide range of class and educational backgrounds who had come to Costa Rica from all over El Salvador All shared the experience of having become refugees and having settled in a new country under the same circumstances and when the war in their own country ended they shared a concern about the issues involved in deciding whether to return there Their

diversity allows Hayden to examine the ways in which the language of national identity played out in different contexts and sometimes contradictory ways Drawing on contemporary theories of migration and space Hayden identifies the discourses narratives and concepts that Salvadorans in Costa Rica had in common and then analyzes the ways in which their experiences and their uses of those discourses varied She focuses on key spatial concepts that Salvadorans used in talking about displacement and re emplacement in order to show how they constructed the experience of settlement and how such variables as gender and age influenced their experiences Because nationality was an idiom they used to relate their experiences she pays particular attention to the role of national belonging and national difference in terms of both the ways in which the Salvadorans were received by Costa Ricans and their reactions to their new lives in Costa Rica A concluding chapter compares them with Salvadorans who emigrated to other countries The story of these displaced Salvadorans focusing on the lives of real people can give us a new understanding of how individuals feel a sense of belonging to a sociocultural space By exploring many meanings of the nation and national belonging for different people under varying conditions Hayden s study provides fresh insights into the dynamics of migration gender and nationalism

Beyond Displacement Molly Todd, 2010-12-22 During the civil war that wracked El Salvador from the mid 1970s to the early 1990s the Salvadoran military tried to stamp out dissidence and insurgency through an aggressive campaign of crop burning kidnapping rape killing torture and gruesome bodily mutilations Even as human rights violations drew world attention repression and war displaced more than a quarter of El Salvador s population both inside the country and beyond its borders Beyond Displacement examines how the peasant campesinos of war torn northern El Salvador responded to violence by taking to the hills Molly Todd demonstrates that their flight was not hasty and chaotic but was a deliberate strategy that grew out of a longer history of collective organization mobilization and self defense

Reconciliation, Nations and Churches in Latin America Iain S. Maclean, 2016-04-22 This book examines the recent phenomenon in Latin America of national Truth and Reconciliation commissions Few studies have examined the role of Churches or religion in political processes that proclaim valued theological terms as their agenda truth forgiveness and reconciliation This book questions the role of religion specifically of established Churches The impact of such reconciliation commissions on Indigenous Native Americans is also examined as is the role of women and how both commissions and Churches or religions were challenged by their experiences The contributors offer differing perspectives on one or more national truth and reconciliation processes and thus offer a collection that serves as valuable source for the disciplines of Religious Studies Ethics Theology Political Science Social Sciences and Women s Studies

Long Journey to Justice Molly Todd, 2021-02-23 As bloody wars raged in Central America during the last third of the twentieth century hundreds of North American groups adopted villages in war torn Guatemala Nicaragua and El Salvador Unlike government based cold war era Sister City programs these pairings were formed by ordinary people often inspired by individuals displaced by US supported counterinsurgency operations Drawing on

two decades of work with former refugees from El Salvador as well as unprecedented access to private archives and oral histories Molly Todd's compelling history provides the first in depth look at grassroots sistering This model of citizen diplomacy emerged in the mid 1980s out of relationships between a few repopulated villages in Chalatenango El Salvador and US cities Todd shows how the leadership of Salvadorans and left leaning activists in the US concerned with the expansion of empire as well as the evolution of human rights related discourses and practices created a complex dynamic of cross border activism that continues today

After Insurgency Ralph Sprenkels, 2018-04-30 El Salvador's 2009 presidential elections marked a historical feat Frente Farabundo Mart para la Liberaci n Nacional FMLN became the first former Latin American guerrilla movement to win the ballot after failing to take power by means of armed struggle In 2014 former comandante Salvador S nchez Cer n became the country's second FMLN president After Insurgency focuses on the development of El Salvador's FMLN from armed insurgency to a competitive political party At the end of the war in 1992 the historical ties between insurgent veterans enabled the FMLN to reconvert into a relatively effective electoral machine However these same ties also fueled factional dispute and clientelism Drawing on in depth ethnographic fieldwork Ralph Sprenkels examines El Salvador's revolutionary movement as a social field developing an innovative theoretical and methodological approach to the study of insurgent movements in general and their aftermath in particular while weaving in the personal stories of former revolutionaries with a larger historical study of the civil war and of the transformation process of wartime forces into postwar political contenders This allows Sprenkels to shed new light on insurgency's persistent legacies both for those involved as well as for Salvadoran politics at large In documenting the shift from armed struggle to electoral politics the book adds to ongoing debates about contemporary Latin America politics the pink tide and post neoliberal electoralism It also charts new avenues in the study of insurgency and its aftermath

Women's Lives around the World Susan M. Shaw, Nancy Staton Barbour, Patti Duncan Ph.D., Kryn Freehling-Burton Ph.D., Jane Nichols, 2018-01-04 Providing an in depth look at the lives of women and girls in approximately 150 countries this multivolume reference set offers readers transnational and postcolonial analysis of the many issues that are critical to the success of women and girls For millennia women around the world have shouldered the responsibility of caring for their families But in recent decades women have emerged as a major part of the global workforce balancing careers and family life How did this change happen And how are societies in developing countries responding and adapting to women's newer roles in society This four volume encyclopedia examines the lives of women around the world with coverage that includes the education of girls and teens the key roles women play in their families careers religions and cultures how issues for women intersect with colonialism transnationalism feminism and established norms of power and control Organized geographically each volume presents detailed entries about the lives of women in particular countries Additionally each volume offers sidebars that spotlight topics related to women and girls in specific regions or focus on individual women's lives and contributions Primary source

documents include sections of countries constitutions that are relevant to women and girls United Nations resolutions and national resolutions regarding women and girls and religious statements and proclamations about women and girls The organization of the set enables readers to take an in depth look at individual countries as well as to make comparisons across countries Forced Migration in Eastern Africa C. Veney,2006-12-11 This study enriches understanding of East Africa s refugee situation by examining the conditions that gave rise to it and how the refugees themselves sought to reconstruct their lives Focusing on the 1990s Veney compares Kenya and Tanzania two nations that did not generate many refugees but become important hosts for the general region
