My Valley The Kananaskis:

My Valley the Kananaskis Ruth Oltmann, 1997 Relates the fascinating history of the valley from Neolithic peoples to present day tourists The area was controlled by the Stoney Indians in the mid 1800 s when James Sinclair and Captain John Palliser travelled the valley in search of a pass across the Rocky Mountains In the early 1900 s trapper surveyors and gold seekers set the stage for the commercial exploitation of the 1940 s and 50 s when the valley became a source of lumber coal and power for the rapidly growing City of Calgary Nowadays the Kananaskis Valley is the heart of Kananaskis Country a multi use recreation area developed for Albertans in 1977 **Alberta Backcountry Equestrian One-Day Trail Guide** Pam Asheton, 2011-02-01 Everything you need to know to explore on horseback Packed with interpretive notes on wildlife plants geology local history and horse language this book tells you where to go how to get there and what to do to have a successful one day ride *Ghost Town Stories of Alberta* Johnnie Bachusky, 2011-02-01 Today many of the historic coal mining communities of the Rocky Mountains are uninhabited ghost towns Yet behind the crumbled ruins are tales of perseverance danger and romance A devastating mine explosion on Halloween shatters the lives of mining families in Nordegg The miners of Mountain Park build a hockey rink still celebrated in local lore A young immigrant couple in Mercoal establishes a successful business only to have their love story sadly cut short These 11 dramatic and poignant ghost town tales are sure to fascinate all who love pioneer history **Lizzie Rummel** Ruth Oltmann, 1983-05 Elizabeth von Rummel born into aristocracy in turn of the century Germany came with her family to live on a ranch in the Alberta foothills when working on it became the alternative to life in her World War One ravaged homeland Then when most people were settling into middle age Lizzie struck out on another challenge for 32 years she ran backcountry lodges like Skoki and Assiniboine for which she received the Order of Canada and the friendship of hundreds of people whose lives were enhanced by her special charm Mountains Figured and Disfigured in the English-Speaking World Françoise Besson, 2020-06-01 The essays in this book written by poets novelists mountain climbers and academics from all over the world evoke the representation of mountains in the English speaking world as artists writers philosophers or mountain climbers have represented them from the sixteenth to the twenty first centuries From the Alps to the Pyrenees from Mount Fuji to Mount Shasta from the Himalayas to the Scottish Highlands from Ikere in Nigeria to Devil s Tower in the United States from Uluru in Australia to the most northern mountain of the Arctic the shapes of the world speak the same language and tell the world its own story This interdisciplinary book weaving together mountaineering literature philosophy painting cinema ecology history palaeontology geography geopolitics toponymy law religion and myth invites people to an innovative reading of mountains it reveals the close relationship existing between the shapes of the world and all forms of writing and at the same time it shows how the representations of the imagination may be instrumental in protecting the natural world The story told by the landscape inscribes a broken line in the shapes of the world tearing the landscape like a fragile page whenever historical and

political events wars mining or deforestation leave scars in the landscape but writers and artists representations of mountains constitute a path to awareness as they are not only a painting of beauty but an image of our link to nature and a warning as well For centuries the image of the mountain has conveyed a symbolism telling the story of human thought and this book shows to what extent literature and art play an essential part in our awareness of nature
