Myanmar Government And Politics:

Myanmar Verinder Grover, 2000 **Myanmar** Adam Simpson, Nicholas Farrelly, 2020-09-14 This book provides a sophisticated yet accessible overview of the key political economic and social challenges facing contemporary Myanmar and explains the complex historical and ethnic dynamics that have shaped the country With clear and incisive contributions from the world s leading Myanmar scholars this book assesses the policies and political reforms that have provoked contestation in Myanmar s recent history and driven both economic and social change In this context questions of economic ownership and control and the distribution of natural resources are shown to be deeply informed by long standing fractures among ethnic and civil military relations The chapters analyse the key issues that constrain or expedite societal development in Myanmar and place recent events of national and international significance in the context of its complex history and social relations In doing so the book demonstrates that ethnic and cultural diversity is at the core of Myanmar s society and heavily influences all aspects of life in the country Filling a gap in the market this research textbook and primer will be of interest to upper undergraduates postgraduates and scholars of Southeast Asian politics economics and society and to journalists and professionals working within governments companies and other organisations **Government and Politics in Southeast Asia** N. John Funston, 2001 In this substantial and referenced study nine leading scholars present from inside the history society geography economy and governmental institutions of each of the 10 ASEAN countries Brunei Cambodia Indonesia Laos Malaysia Myanmar Philippines Singapore Thailand and Vietnam The Politics of Federalization in Myanmar Dulyapak Preecharush, 2023-02-24 This book examines the trajectory of federalization in Myanmar s political development evaluating the attitudes of different political actors toward and negotiation strategies for designing federalism It argues that three factors drive federalization in Myanmar namely constitutionalization conflict management and democratization The confluence of these forces arrived at a critical juncture in 2011 the start of Myanmar s political transition leading to significant changes in Myanmar s federation process By analyzing the changes and continuities in federalism building the book charts the dynamic pathway toward Myanmar s current federalization revealing how periods of progress and stagnation reflect varying world views and the individual strategies of prominent political actors Offering a systematic conceptual framework on federalism in Myanmar this will be a useful resource for students and scholars of Political Science Comparative Politics and Southeast Asian Politics International Norms and Local Politics in Myanmar Yukiko Nishikawa, 2022-03-07 Nishikawa explores how international norms have been adopted in the local context in Myanmar to project a certain international image while in fact the authorities are exploiting these norms to protect their own interests In the liberal international world order promoted since the end of the Cold War democracy rule of law and human rights have become key components in state and peace building around the world Many donor governments and international organisations have promoted them in their aid and assistance However the promotion of these international norms is based

on a flawed understanding of sovereignty and the world For this reason the enforcement of these international norms in Myanmar not only fails to protect vulnerable people but also in some instances exacerbates the situation thereby generating critical insecurity to the most vulnerable people A vital resource for scholars of Myanmar's politics as well as a valuable case study for International Relations scholars more broadly

Myanmar's Changing Political Landscape Makiko Takeda, Chosein Yamahata, 2023-04-05 Myanmar has faced numerous divisions that hinder its democratization and peacebuilding processes since emerging out of decades of military dictatorship The coup d'état in 2021 terminated Myanmar's limited and nascent democratization under the civilian leadership of the National League for Democracy NLD not only did the coup regime resurface old struggles but also created new ones Against the backdrop of Myanmar's changing political landscapes from military to quasi civilian to civilian rule in 2016 and back to military rule in 2021 the book discusses the various forms of interconnected struggles both old and new In this process the contributed chapters come together to highlight the changing dynamics of stakeholders relations between agents and beneficiaries and the generated evolutionary processes in Myanmar's democratization and its reversal This book brings an even mix of researchers both within and outside of Myanmar to critically discuss how different agents and their interactions in the form of center periphery as well as state non state relations continuously shape today's political landscape Its interdisciplinary composition also invites readers from various backgrounds to grasp with engaged research that identifies the various challenges and addresses ways in which to facilitate change from local and international perspectives

Myanmar's Fragmented Democracy: Transition Or Illusion? Felix Thiam Kim Tan, 2022-07-14 The recent military coup in Myanmar perpetrated by the Tatmadaw has set the country back to the days of political uncertainty and military authoritarianism This

book examines how far the country has come since its nascent attempt at democratic reforms and democratisation in 2010. Each chapter considers some of the more prominent issues that have plagued Myanmar since political reforms started. First, there have been debates about the extent to which democratic reforms have been achieved since the Constitution was formalised in 2008. Second, what has been the significance of the three elections in 2010, 2015 and 2020? Third, how has the National League for Democracy transformed in the past decade? How far has the Union Solidarity and Development Party changed the political landscape? What roles did the Tatmadaw play in the last decade? Fourth, questions surrounding how the ethnic crisis, not least the Rohingya issue, have continued to dominate the country's political landscape in the last decade, thereby overshadowing its democratisation process. Finally, how far have these efforts at democracy demonstrated Myanmar's futile attempts at appeasing the domestic and international audience? Myanmar's relations with the global and regional community vis-à-vis the US, China and the Association of Southeast Asian Nations have also taken a toll in the last decade. There is already a shift in power politics, especially with China determining the direction of Myanmar. Myanmar has been locked in a perpetual cycle transitioning between military authoritarianism and democratisation. These prevailing issues have led to a fragmented democracy and a lost opportunity to demonstrate its foray into a genuine democracy.

Myanmar Kyaw Yin Hlaing, 2003-08-01. Seeking to look beyond the day to day headlines and judgemental comments on developments in Myanmar, this volume gets under the surface to look at the underlying issues which the country faces regardless of its political future. After looking back to essay the historical forces and human agencies which have shaped contemporary Myanmar, the volume addresses health care and public policy provision with suggestions as to what potential roles the international community might have in assisting Myanmar's future socioeconomic development. Myanmar: Beyond Politics to Societal Imperatives broadens the debate on this state of more than 50 million people beyond the usual narrow didactics about democratization and economic policies.

WORLD POLITICS ON ROHINGYA CRISIS Harpreet Singh, 2023-08-15. The Rohingya are an ethnic linguistic and Muslim minority group in Myanmar's northern Rakhine state. Although they have been living in Myanmar for centuries, the Myanmar government does not recognize the Rohingya as citizens of Myanmar. The Myanmar government believes the Rohingya are illegal immigrants or Bengalis who have recently entered the region. As a result, the Rohingya have not been recognized as an official ethnic minority in Myanmar since the 1982 Citizenship Amendment Act. Nowadays, these people are stumbling around in different countries as stateless citizens. No country is ready to accept them as its citizens. The Rohingya have a long history of living in Myanmar's Rakhine state. Rakhine state, formerly known as Arakan state, was inhabited by members of the Rohingya Muslim and Buddhist communities. However, within the last two centuries, Arakan Kingdom was conquered by the Burmese in 1784 and then Myanmar, like India, was ruled by the Britishers for a long time. From 1824 to 1948, Myanmar was a slave of the British. The British made Myanmar a colonial state and to work there, the Britishers brought laborers from Bangladesh and different regions of India, which had a large number

of poor Muslims Thus the number of people in this region increased and these people settled permanently in the Rakhine region After Myanmar gained independence immigrants were not accepted by the indigenous
