Forgotten Worlds Patrick Chouinard, 2012-05-29 An examination of the mythological historical and archaeological evidence for lost civilizations throughout the world Explores unexplained mysteries such as the Caucasian mummies of China the pyramids of Caral in Peru and the genetically unique X woman of Siberia Examines evidence of lost ancient civilizations in Asia Europe and the Americas including extensive investigation into Atlantis Shows that Siberia and the Amazon may have been cradles of humanity before Africa Over and over again mainstream views of early history which state that the first civilizations arose around 3500 BCE are plagued by evidence of much older civilizations evidence ranging from artifacts and inexplicable remains to pyramids and ubiquitous myths that clearly speak of great empires prior to the rise of the Sumerian city states and pharaonic Egypt Viewing Atlantis and its many related myths as a metaphor for a long lost global civilization Patrick Chouinard explores the mythological cultural religious and archaeological evidence for many forgotten civilizations in Europe Asia and the Americas He addresses unexplained mysteries from around the world such as Caucasian mummies

found in China the pyramids of Caral in Peru the hobbit remains on Flores Island the giant heads of Easter Island the lost legacy of Lemuria the ideology and occult mysticism behind Nazi theory and the genetically unique X woman of Siberia He also examines evidence of ancient alien visits and other supernatural phenomena in the distant past Using recent archaeological findings he shows that Siberia and the Amazon may have been cradles of humanity millennia before Africa Sounding the call to continue searching ancient remote and formerly forbidden regions for lost cultures and genetic root races Chouinard offers a new chronology for the emergence of human life and civilization as well as a new mechanism for how and why societies and species change over time By finding lost peoples and their forgotten worlds we can truly begin to understand the human race and learn from its long history

Mysteries from Forgotten Worlds Michael Helsem,1984 **Unexplored Worlds** Steve Ditko,2010-12-08 More than 200 pages worth of never before collected horror and science fiction stories from the early career of a comics great beautifully presented in a stunning hardcover volume Introduction by series editor Blake Bell *Cryptids - Mysterious Unknown Creatures* Nicholas Dylan,2023-05-22 What strange unknown creatures may still lurk in the dark uncharted corners of the world Bigfoot The Yeti The Thetis Lake Monster Shapeshifting Lizards Chupacabra Mokele Mbembe Sea monsters Lost dinosaurs Giant bats Let us explore the strange and fascinating world of cryptids with this book *Cryptids Mysterious Unknown Creatures* **Realms Of Forgotten Worlds** Albert Taylor,2017-06-26 Introducing a fabulous sci fi adventure that will take your reading experience to a whole other level Author Albert Taylor puts together a super complex adventure where you as the reader decide on how the story develops Sounds too good to be true well it s here and packed with 71 different ways to make or break your story It s your story so you decide The author Albert Taylor has been inspired by sci fi even before he could even walk so this is the masterpiece he has been yearning to create for a very very long time Ever since he was a child he has dreamed of creating his own style of science fiction and finally it has become a possibility Much more than just a simple book the author has packed it with another dream the dream of converting a simple book into something the reader could take and modify to his or her own desire If you never liked the end of your favorite story well here you actually have the option of changing that You can end the story as tragically or heroically as you want to You can run or hide or just confront the multitudes of challenges that will try and end your story Basically if you are accustomed to the author leading you by the hand throughout the story to the very end you will find that it s not going to happen here Consider that style to be kindergarten for readers who depend on someone else telling them that there is no other way to go Here you will have to come up with your own plan of survival or face the consequences for reckless decisions In this story the concept of parallel worlds is looked at in a more drastic real life type of way You re pretty much faced with the big question of what would I do if

I discovered a parallel world A million things probably come to mind along with the big question of how to get back home That s the story in the nutshell and you can go many ways and even end up in some places where you would like to hang out a bit more You can go that route but you may find that it s not at all that easy since your very presence has moved entire worlds Your presence may have altered a bit more than you may have imagined but leave that to book II which is in reality your goal If you survive and reach book II then you have successfully reconstructed something compatible to the original story You may want to get there another way though which is not at all bad and you may even be shocked to find out that there was a much better way to get to the end
