Mysterious Visions:

A History of Dreams, Visions, Apparitions, Ecstasy, Magnetism, and Somnambulism Alexandre-Jacques-François Brierre de Boismont, 1855 Visions of Jesus Phillip H. Wiebe, 1998-11-05 Ernie Hollands a career criminal said Christ appeared to him in his cell in Millhaven Penitentiary Maria Martinez saw Jesus at a busy intersection in Miami Florida Rose Fairs was lying in bed one morning when the Venetian blinds opened and the head of Jesus materialized before her Were these people only imagining a figure that seemed life like or is there a chance that what they saw was in some way real This first critical study of contemporary visions of Jesus offers the intriguing accounts of thirty people most of them ordinary men and women without prior or subsequent experiences of this kind who remain mystified about their encounters Wiebe recounts each vision in vivid detail exploring why these individuals believe their visions were of Jesus and why they typically believe them to be objective happenings rather than hallucinations or dreams He regards the occurrences from perspectives as diverse as biblical scholarship and parapsychology concluding that they may well represent genuine religious experiences of a mystical character The fascinating nature of these visions and Wiebe s thoughtful evenhanded approach to each report add up to a book that will be provocative reading for skeptics and the faithful alike **Hallucinations, or, The rational history of apparitions, visions, dreams, ecstasy, magnetism, and somnambulism** Alexandre Jacques François Brierre de Boismont, 1853 The Prophets Klaus Koch, An excellent introduction to the prophets and the prophetic literature The goal of the book is to understand the thought of the prophets in their historical contexts and to communicate that understanding for our time Its approach while innovative builds upon the best of contemporary analysis of the prophetic literature Gene M Tucker Candler School of Theology Emory University Koch s first volume on the prophets of ancient Israel displays his sound and creative scholarship and will fill a bibliographical gap He displays the individuality of each prophet with perceptive insight but he also compares and interrelates them in his various summaries Furthermore Koch relates his study of individual prophets to theological currents that have been flowing through the scholarly world in recent decades Bernhard W Anderson *Two Esdras* Bruce W. Longenecker, 1995-01-01 Some of the greatest moments of religious history have occurred when a poignant experience or event flies in the face of the traditional theological worldview cherished by an individual or society A fascinating case study of one such occurrence lies open in the text of 4 Ezra 2 Esdras 3 14 wherein a learned Jewish scribe of the first century CE rethinks his inherited theological views concerning a transcendent creator who is powerful loving and just This guide introduces the reader in a non technical but informed manner to the text of 4 Ezra locating it in its historical theological and social setting reviewing interpretive approaches and demonstrating how the author boldly struggles to understand God s grand reputation in the light of a world out of joint The guide also examines 4 Ezra s influence within the Christian Church and introduces the historical situations and theologies of the Christian texts 5 Ezra 2 Esdras 1 2 and 6 Ezra 2 Esdras 15 16 **The Handy Islam Answer Book** John Renard, 2015-01-19 A western non Muslim

Islamic scholar demystifies and explains one of the world's great religious traditions. In an age of continued Middle East volatility, religious extremists and terrorist threats, the mere mention of Islam and Muslims too often provokes misunderstanding and even rancor. Often overlooked are the important links between the Qur'an and the Bible. Also ignored are the significant historical overlap between Islamic interpretation of history with those of Christianity and Judaism. Islam is too often confusing and even opaque to those unfamiliar with it. Truly a must-have reference for our changing and trying times. The Handy Islam Answer Book is clearly and eloquently written by John Renard, Ph.D., a scholar of Islam with more than 40 years of research and teaching experience. This user-friendly guide answers nearly 800 questions and offers fun facts that cover Islamic history, religious practices, and Muslim cultural perspectives, including: When did Islam begin? Why is Mecca a holy city for Muslims? Do Muslims worship Muhammad? What was the fate of Medieval Christian pilgrims to the Holy Land? What do Muslims mean by the term Allah? What does the crescent moon and star symbol mean to Muslims? What is the Muslim call to prayer? Is it similar to church bells? Do Muslims believe that God tests people? Does Muhammad play a role in Islamic spirituality in a manner similar to Jesus' role in Christianity? Is jihad a legal concept for Muslims? Is it true that Muhammad both preached and engaged in military campaigns? Do Muslims, Christians, and Jews worship the same God? Why do Jews, Christians, and Muslims all claim parts of Israel/Palestine as Holy Land? Why do some people, such as the Taliban, not want girls to get an education? Does Islam require wearing face veils? Is there any similarity between Muslim and Christian art? Muslims are diverse and they have a vast spectrum of views about Islam. The Handy Islam Answer Book is a resource for reliable information about Islam and Muslims. This helpful book also provides a historic timeline, a glossary of commonly used terms, a genealogy from Adam to Muhammad and beyond, a calendar of major observances, an extensive index, and a bibliography to help further exploration of one of the world's great religions.

How to thought-read James Coates, 2022-07-05

Before entering upon the subject of How to Thought Read, or rather a range of interesting subjects grouped under this title, it is proposed to deal briefly with the key to the whole, which is to be found in the revelations of man's inner life, soul life, and character presented by somnambulism and trance, whether natural or induced. The use of a few simple terms having a well-defined meaning will help the reader and prepare him for the more careful study of the psychic side of human life. The somnambulist and trance states may be divided for the convenience of examination into the Hypnotic or state of hypnosis, the Mesmeric or somnambulist, and the Psychic or lucid somnambulist, or briefly the Hypnotic, Mesmeric, and Psychic states.

One of the significant advantages of Mysterious Visions books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. Additionally, many universities and educational institutions have their own digital libraries that provide free

access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents.
