Mystery And Wonder Icons Like Miniatures:

Mystery and Wonder T. B. Vilinbakhova, Jana, 2000 *A Place for Jesus* Scott P. Mages, 2020-07-08 Hope is an endangered virtue in today's chaotic world Yet Christmas provides us with the inspiring reminder that our true hope lies not in the understanding that people can sometimes be good but that God who is good is also faithful and loves us in our unloveliness and graces us in our gracelessness In a unique guide for Christian travelers Scott Mages marries the fascinating story of the figures that surround the infant Jesus in that inescapable seasonal tableau of shepherds and wise men as told through the bible folk tales and art with reflections on the enduring meanings of each While addressing Christian curiosities like why so many manger scenes display Joseph with staff and lantern and where in the scripture we can find the ox and ass who preceded Mary in artists renditions Mages leads others through the history of the figures of the crèche and their lessons while offering a spiritual preparation for Christmas Shared for the curious and pious lovers of odd facts and forgotten legends and seekers of more than the glitz that often passes for Christmas *A Place for Jesus* guides Christians on an inspiring journey to learn and understand the lessons surrounding the figures of the crèche *Wonder, Horror, Mystery* Morgan Meis, Joshua M. Tyree, 2021 *Wonder Horror Mystery* is a dialogue between two friends both notable arts critics that takes the form of a series of letters about movies and religion One of the friends J M Tyree is a film critic creative writer and agnostic while the other Morgan Meis is a philosophy PhD art critic and practicing Catholic The question of cinema is raised here in a spirit of friendly friction that binds the personal with the critical and the spiritual What is film What's it for What does it do Why do we so intensely love or hate films that dare to broach the subjects of the divine and the diabolical These questions stimulate further thoughts about life meaning philosophy absurdity friendship tragedy humor death and God The letters focus on three filmmakers who challenged secular assumptions in the late 20th century and early 21st century through various modes of cinematic re-enchantment Terrence Malick Lars von Trier and Krzysztof Kieślowski The book works backwards in time giving intensive analysis to Malick's *To The Wonder* 2012 Von Trier's *Antichrist* 2009 and Kieślowski's *Dekalog* 1988 respectively in each of the book's three sections Meis and Tyree discuss the filmmakers and films as well as related ideas about philosophy theology and film theory in an accessible but illuminating way The discussion ranges from the shamelessly intellectual to the embarrassingly personal Spoiler alert No conclusions are reached either about God or the movies Nonetheless it is a fun ride *Lost in Wonder* Aidan Nichols, 2011 This book explores the liturgy as the manifestation by cultic signs of Christian revelation the setting of the Liturgy in terms of architectural space iconography and music and the poetic response which the revelation the liturgy carries can produce Nichols makes the case for Christianity's capacity to inspire high culture both in principle and through well chosen historical examples which draw on the best in Catholicism Eastern Orthodoxy and Anglicanism **Lost in Wonder** Aidan Nichols O. P., 2016-04-22 This book explores the Liturgy as the manifestation by cultic signs of Christian revelation the setting of the Liturgy in terms of architectural space iconography

and music and the poetic response which the revelation the Liturgy carries can produce The conclusion offers a synthetic statement of the unity of religion cosmology and art Aidan Nichols makes the case for Christianity's capacity to inspire high culture both in principle and through well chosen historical examples which draw on the best in Catholicism Eastern Orthodoxy and Anglicanism **Lost in Wonder** Colette Brooks,2010-04-27 The splendors of science delightfully demystified How do we make sense of the modern world Science is a profoundly affecting aspect of contemporary life and yet the gulf between experts and everyone else is widening Colette Brooks bridges the gap by playing the role of curious layperson serving as a tour guide to some of the most important discoveries and innovations of the last five centuries Through serious and absurd stories alike Brooks takes readers back and forth in time from dark cavernous laboratories to the pristine facilities of the twenty first century Laugh along with Newton peer at the moon with Galileo work beside the Wright Brothers ride with the astronauts of Apollo 11 watch for UFOs in the 1950s probe the secrets of the fruit fly visit Chernobyl or examine suspicious packages in a Hazmat suit With Brooks as the guide it's easy to become immersed in the twists turns and surprises of each imaginative leap forward Through a series of thought experiments Brooks also poses questions and offers helpful tips that ease the readers way into this strange but provocative territory Bringing her unique perspective to the larger cultural conversation about science Brooks ultimately unleashes the most powerful force of all our own wonder
