Mystery Babylon The Coming Microchip Economy:

God's Final Plan for the World Rev. Saint Jean Valcin, 2011-01-07 The World Our world suffers from constant unrest changes are taking place at all levels Politics and religion do not seem offering any hope No one knows where to turn to life is more and more threatening The solution seems to be farther The nuclear perspective is considered and it is gaining ground Nations are seeking for protection in sophisticated weapons and in their arsenals of murderous arms Man is looking for solutions all over the place Some specialists and scientists offer a utopian world a terrestrial paradise by means of modern technology Despite everything they are going more and more away from the true happiness Is there something to turn to for finding the solution The kingdom of God will come to sweep out the reign of Satan in the life of man to give to the world a tangible proof of his love Final Plan of God for the World gives the key to this problem the kingdom of God May your will be done
