Bluestein,2006 Tornadoes are the most violent magnificent and utterly unpredictable storms on earth reaching estimated wind speeds of 300 mph and leaving swaths of destruction in their wake In Tornado Alley Howard Bluestein draws on two decades of experience chasing and photographing tornadoes across the Plains to present a fascinating historical account of the study of tornadoes and the great thunderstorms that spawn them A century ago tornado warnings were so unreliable that they usually went unreported Today despite cutting edge Doppler radar technology and computer simulation these storms remain remarkably difficult to study Leading scientists still conduct much of their research from the inside of a speeding truck and often contend with jammed cameras flash floods and windshields smashed by hailstones and flying debris Using over a hundred diagrams models and his own spectacular color photographs Bluestein documents the exhilaration of hair raising encounters with as many as nine tornadoes in one day as well as the crushing disappointment of failed expeditions and ruined equipment Most of all he recreates the sense of beauty mystery and power felt by the scientists who risk their lives to study violent storms For scientists amateur weather enthusiasts or anyone who s ever been intrigued or terrified by a darkening sky Tornado Alley provides not only a history of tornado research but a vivid look into the origin and effects of nature s most dramatic phenomena

No Strings Attached Carolyn Keene,2013-06-18 How many strings will fray before a family business falls apart Nancy George and Bess are going on a vacation to Paris and Nancy s father pulled a few strings to get the girls some quaint accommodations a tiny top floor flat in a small three story house on the Ile Saint Louis The first floor of the building is a puppet theater museum and shop owned by twenty seven year old Mimi Loiseau who lives on the second floor Mimi s great grandmother had always hinted at a unique family treasure but she died before she could tell Mimi what or where it was Now someone is stealing puppets and vandalizing apartments Could this someone be looking for the long lost treasure Nancy s on the scene just in time to help save Mimi s business and to make sure they all get home in one piece

The Riding Club Crime Carolyn Keene,2013-06-25 This summer nothing s safe at Green Spring not even the camp itself Elsa a friend of Nancy and George s and a counselor at Green Spring Pony Club s summer camp invites the girls for a ride one afternoon Along the way Elsa gushes about how a team of campers will compete in a regional pony club rally If they win they ll go to the national competition But Elsa s excitement quickly fades when Nancy s horse falls into a ditch and it s clearly a case of sabotage This prompts Elsa to tell Nancy about some sinister happenings on the camp s grounds Is someone trying to hurt the campers or the camp Disguised as a counselor Nancy tries to figure out who s behind the vicious accidents And as they become more devastating Nancy realizes she needs to move quickly Will her sleuthing skills be enough to keep this camp s horses and their riders on track

Tornado Alley (Disaster Strikes #2) Marlane Kennedy,2014-06-24 When disaster strikes the only thing you can count on is yourself Wyatt Anderson isn t thrilled that his prissy cousin is visiting his family s Oklahoma ranch But it turns out Wyatt has bigger problems to deal with when a pair of dueling tornadoes lock the prairie in their sights Wyatt Alison and neighbors Joshua and Jackson have nowhere to run And when the old barn is

battered by the tornadoes ferocious winds the animals that live inside are in danger Will Wyatt and his friends risk their own lives to protect them *The Secret of the Fiery Chamber* Carolyn Keene,2001-04-12 Making it Or faking it The ancient Japanese art of raku pottery is highly dramatic the colorful one of a kind pots are pulled from the kiln glowing and red hot But when Nancy and her friends visit a local crafts village Bess is the one who nearly goes up in flames when she s showered with sparks And that s only the beginning Nancy s been alerted by Theresa Kim a rising young artist at the village that someone is producing brilliantly made fakes and selling them as antiques for lots of money Now the pressure is on for others to join the illegal operation When Nancy starts to investigate she discovers that amid the beautiful treasures lurks a very clever and dangerous counterfeiter If Nancy doesn t watch her step she may be the one going up in smoke **The Clues Challenge** Carolyn Keene,2001-11-03 Dangerous pranks ice over an outdoor treasure hunt and Nancy has to melt down the culprit Nancy and her friend George are visiting Emerson College courtesy of Nancy s boyfriend Ned His fraternity is eager to win the Clues Challenge an athletic treasure hunt sponsored by a local sporting goods store so the girls join Ned s team But accidents dirty tricks and computer warnings threaten to shut down the whole event Nancy suspects that someone has cheated by giving out the answers to the clues Now she s investigating a pushy reporter a jealous star athlete a nervous store owner and a snooty sorority president Someone s got a secret agenda to win at any cost and Nancy s skiing right into an avalanche of trouble
