Secret Brotherhoods and the Mystery of the Human Double Rudolf Steiner, 2004 7 lectures of 9 St Gallen Zurich and Dornach November 15 25 1917 CW 178 In the age of the internet and the proliferation of conspiracy theories ideas that secret groups are trying to gain control of humanity are no longer rare But this was not true in 1917 when Rudolf Steiner spoke of such matters in the extraordinary lectures contained in this book His unique contribution to this controversial topic is not based on abstract theories it arose from exact research methods that use advanced forms of perception and cognition Using the firsthand knowledge available to him Steiner takes us behind the scenes of events in outer history and contemporary culture to reveal a dark world of secret elitist brotherhoods that are attempting to control the masses through the forces of economics technology and political assassinations These hidden groups he explains seek power through the use of ritual magic and suggestion Among his many topics Steiner speaks about the geographic nature of the American continent and the forces that arise from it the nature of the double or doppelganger and the dangers of psychoanalysis the spiritual origin of electromagnetism the abuse of inoculations and vaccinations the meaning of Ireland for world development confused ideas about angels in relation to higher beings and divinity and above all the need for clear insight into world events based on spiritual knowledge Never before available in English as a complete volume the text of this book has been freshly translated for this edition READ BOBBY MATHERNE S REVIEW OF THIS BOOK Secret Brotherhoods is a translation of 7 lectures from German of *Individuelle Geistwesen und ihr Wirken in der Seele des Menschen Geistige Wesen und Ihre Wirkung* Band II GA 178 **The Mystery of the Human Double** Ralph Shirley (Honourable.), 1938 **The Mystery of the Human Double** Ralph Shirley, 1937 **The Mystery of the Human Double** Ralph SHIRLEY (Hon.), 1938 The Mystery of the Human Double The Honorable Ralph Shirley, 2014-03-29 This Is A New Release Of The Original 1922 Edition

The Mystery of the Human Double Ralph Shirley, 1938 Jean-Pierre Garnier Malet: The Human Double in Unfolded Time Ricardo Motta /Kadavrshna, 2025-10-20 We live in an age where science and spirituality seek reconciliation Jean Pierre Garnier Malet The Human Double in Unfolded Time introduces a bold theory time is not linear but unfolds into multiple dimensions and every human being has an invisible Double that already lives the future before us This discovery reshapes our understanding of destiny intuition and survival Garnier Malet explains that every thought generates potentials that shape our reality To think is to create even in silence Ethical responsibility extends beyond visible actions into the invisible territory of the mind This principle far from mystical speculation finds echoes in neuroscience and quantum physics During sleep the Double reorganizes these potentials correcting errors from the day and preparing more balanced futures The simple act of falling asleep without desires or anxieties becomes a vital practice for a harmonious life Sleep ceases to be biological routine and becomes a sacred portal of renewal The book also explores the collective dimension Our thoughts not only affect us individually but also humanity as a whole Wars crises and progress arise from the collective field of potentials In this sense

cultivating peace and trust is a real contribution to humanity's future Throughout the chapters science and ancient traditions meet The Egyptian Ka the Hindu Atman the shamanic dream body and the Christian guardian angel all converge toward the same reality the Double Garnier Malet provides a scientific language for what ancient wisdom had always intuited More than a theoretical book this work is a practical guide to living in harmony with the Double Readers will learn to monitor thoughts trust intuition and transform sleep into an ally It is a lucid spirituality free from dogma grounded in natural laws Jean Pierre Garnier Malet The Human Double in Unfolded Time is a key to understanding that the future is not distant it already exists and dialogue with our Double is the path to living it in balance A transformative reading for those seeking to unite science consciousness and spirituality Kadakrshna

The Reappearance of Christ in the Etheric Rudolf Steiner, 2022-03-01 Since the coming of Gautama Buddha Eastern mystics have spoken especially about a future condition when earth will be bathed in a moral etheric atmosphere Ever since the time of the ancient rishis they had hoped that this moral impulse would come to earth from Vishva Karman or from Ahura Mazda as Zarathustra proclaimed Eastern mysticism foresaw that this moral atmosphere would come to earth from the being we call the Christ Eastern mystics had set their hopes on the being of Christ Rudolf Steiner p 125 The first chapter of the Acts of the Apostles describes Christ's Ascension and a cloud received him out of their sight As the disciples were looking up two angels appeared and said the same Jesus taken up from you into heaven shall come again in the same way as you have seen him go Starting in 1910 Rudolf Steiner initiated a series of lectures announcing the advent of Christ's appearance in the sphere of the earth's etheric or life body This he said would begin between 1930 and 1940 but at first only a few people would be aware of it In time more and more people regardless of their religious affiliation would be infused by Christ's living presence Such Damascus experiences bespeaking a new natural clairvoyance Steiner said would become increasingly common The Christ will become a living comforter Though it may seem strange now it is nevertheless true that even large numbers of people sitting together and wondering what to do will see the etheric Christ He will be there and confer with them he will cast his word into their gathering We are approaching these times when this positive constructive element will take hold of human evolution Rudolf Steiner p 122 The lectures collected here on the second coming of Christ also contain significant related issues such as spiritual science and etheric vision the etheric vision of the future the Sermon on the Mount and the land of Shambhala the etherization of the blood the mysteries of comets and the moon Buddhism and Pauline Christianity and

the three realms between death and rebirth Nikolai Berdyaev Catalina Elena Dobre,Iván Ivlampie,2025-11-20 This collected volume brings attention to the understudied work of the Russian philosopher theologian and Christian existentialist Nikolai Berdyaev 1874 1948 showing that his philosophy is important for the present and future It appeals to students researchers and the general audience in revealing that through Berdyaev humanity does not simply evolve from the biological to the technological but rather it is a presence and spiritual experience that places beings in the cosmos and provides real meaning This edited volume presents contributions from a diverse group of scholars filling a lacuna in the scholarship of this classical thinker
