Bloom, 2003 London 1921 The world's greatest wax sculptor watches in horror as flames consume his museum and melt his uncannily lifelike creations Twelve years later he opens a wax museum in New York Crippled disfigured and driven mad by the fire he resorts to body snatching and murder to populate his displays preserving the bodies in wax In a thousand years you will be as lovely as you are now he assures one victim In *The Mystery of the Wax Museum* 1933 director Michael Curtiz perfectly captures the macabre essence of realistic wax figures that have excited the darker aspects of the public's imagination ever since Madame Tussaud established her famous museum in London in 1802 Artists too have been fascinated by wax sculptures seeing in them and in the unique properties of wax itself an eerie metaphoric power with which to address sexual anxiety fears of mortality and other morbid subjects In *Waxworks* Michelle E. Bloom explores the motif of the wax figure in European and American literature and art In particular she connects the myth of Pygmalion to the obsession with wax statues of women in the nineteenth century fetishization of prostitutes and female corpses and as depicted in such wax fictions as Dickens's *The Old Curiosity Shop* 1841 Filmmakers too have sought inspiration from wax museums and Bloom analyzes works from the silent era to such waxwork-themed Hollywood horror films as *Mad Love* 1935 and *House of Wax* 1953 Bringing her discussion to the present Bloom examines the work of contemporary artists who use the medium of wax in ways never imagined by Madame Tussaud As extravagant new wax museums open in Las Vegas Times Square and Paris *Waxwork* offers a provocative cultural history of this enduring and disturbing art form **Mystery of the Wax Museum (1933)** Carl Erickson, Don Mullally, 2004 **Wax Museum Movies** George Higham, 2020-09-18 Spanning over a century of cinema and comprised of 127 films this book analyzes the cinematic incarnations of the uncanniest place on earth wax museums Nothing is as it seems at a wax museum It is a place of wonder horror and mystery Will the figures come to life at night or are they very much dead with corpses hidden beneath their waxen shells Is the genius hand that molded them secretly scarred by a terrible tragedy longing for revenge Or is it a sinner's sanctum harboring criminals with countless places to hide in plain sight This chronological analysis includes essential behind-the-scenes information in addition to authoritative research comparing the creation of real wax figures to the reel ones seen onscreen Publicly accessible or hidden away in a maniac's lair wax museums have provided the perfect settings for films of all genres to thrillingly play out on the big screen since the dawn of cinema **The Turn to Gruesomeness in American Horror Films, 1931-1936** Jon Towlson, 2016-09-12 Critics have traditionally characterized classic horror by its

use of shadow and suggestion Yet the graphic nature of early 1930s films only came to light in the home video DVD era Along with gangster movies and sex pictures horror films drew audiences during the Great Depression with sensational content Exploiting a loophole in the Hays Code which made no provision for on screen gruesomeness studios produced remarkably explicit films that were recut when the Code was more rigidly enforced from 1934 This led to a modern misperception that classic horror was intended to be safe and reassuring to audiences The author examines the 1931 to 1936 happy ending horror in relation to industry practices and censorship Early works like Murders in the Rue Morgue 1932 and The Raven 1935 may be more akin to The Texas Chain Saw Massacre 1974 and Hostel 2005 than many critics believe Golden Horrors Bryan Senn,2015-09-03 From the grindhouse oddities to major studio releases this work details 46 horror films released during the genre s golden era Each entry includes cast and credits a plot synopsis in depth critical analysis contemporary reviews time of release brief biographies of the principal cast and crew and a production history Apart from the 46 main entries 71 additional borderline horrors are examined and critiqued in an appendix **The Very Witching Time of Night** Gregory William Mank,2014-06-20 The book covers unusual and often surprising areas of horror film history 1 The harrowingly tragic life of Dracula s leading lady Helen Chandler as intimately remembered by her sister in law 2 John Barrymore s 1931 horror vehicles Svengali and The Mad Genius and their rejection by the public 3 The disastrous shooting of 1933 s Murders in the Zoo perhaps the most racy of all Pre Code horror films 4 A candid interview with the son of legendary horror star Lionel Atwill 5 The censorship battles of One More River as waged by Frankenstein director James Whale 6 The adventures and misadventures of Boris Karloff as a star at Warner Bros 7 The stage and screen versions of the horror comedy Arsenic and Old Lace 8 Production diaries of the horror noirs Cat People and The Curse of the Cat People 9 Frankenstein Meets the Wolf Man revisited 10 Horror propaganda The production of Hitler s Madman 11 Horror star John Carradine and the rise and fall of his Shakespearean Repertory Company 12 The Shock Theatre television phenomenon And 13 A Tribute to Carl Laemmle Jr producer of the original Universal horror classics including an interview with his lady friend of almost 40 years
