There are reasons why every symbol and every allegory in Freemasonry should be deemed important to a Mason Knowledge can be preserved in symbols and often those that preserve them can be ignorant of what they preserve For those who continue to search for the deeper meaning behind Masonic symbols consider yourself more enlightened than those who do not seem to understand the words veiled in allegory and illustrated by symbols The Craft s symbolism is a system of great depth and only appears simplistic to those who view it superficially However when we research industriously the true light of Freemasonry will unfold This book brings to light some of the deeper meaning behind Masonic symbols
