The Yoga of Sound Russill Paul,2010-08-02 For thousands of years Hindu spirituality has understood the profound effect that sound has on our well being From this tradition comes The Yoga of Sound which draws on yoga s long history of applying sound to reduce stress maintain health and invoke spiritual awakenings In lucid exercises presented both in the book and on accompanying downloadable audio tracks Russill Paul shows how everyone can learn the art of mantra and how these practices can help to optimize the flow of energy within the body and enhance emotional well being

Stewards of Spirit Gianetta Ellis,2007-05 Intriguingly crafted this book takes you on a journey through time self and nature that will leave you reeling in inspiration A uniquely creative blend of spirituality ecology and psychology *Stewards of Spirit* walks you through a three step process to awaken to your authenticity The process illustrated through an intuitively inspired case study of the life of a 19th century woman is based on the ecopsychological premise that humans well being is inextricably linked to nature We can therefore look to the planet as a model for the fulfillment of our own individual potential At the heart of this experience are Rachel s Ballads While ensconced in these freestyle lyrical writings you will feel as though you are at a play where each new act builds upon the last culminating in a shocking finale that carries you back to an historic event that shook the world and to this day still captures our hearts and imaginations Throughout Ellis seamlessly weaves the notions of spirituality and self development into the world of ecology demonstrating that nature offers us a route to awakening in direct contrast to our usual dichotomous approach that pits the spirit self against the ego or false self Whether you are seeking an experience that could change your approach to life or simply in the mood for an exceptional read this book will surely fulfill your expectations Mother artist and educator Gianetta Ellis is deeply passionate about the preservation of spirit and its role in the human relationship to Earth A life long student of religion she integrates theologic and spiritual notions regarding eco accountability and stewardship to her writing She is a Vermont Law Schoolgraduate with a successful environmental career spanning two decades In both the public and private sectors she has developed policy for and managed such diverse issues as habitat conservation pollution prevention hazardous waste abatement and watershed health She is the creator and owner of stewARTship studios where she incorporates art to stewardship by using various fine art forms as a means for students to build enduring connections to self and nature Whether teaching under graduates at the University of Pittsburgh or engaging school children in experiential nature study programs Gianetta is a dedicated professional who brings a uniquely creative and holistic approach to learning
