Mystics Dictionary of Spirit Language Ken Ludden, 2012-02-14 For Spiritual communication with mankind the only thing of importance is that the message get through in tact without being altered by belief attitude or even intellectual certainty Spiritual living and the kind of vision that comes with it is often opposed to that which the mind believes is logical This dictionary gives the meanings of images and ideas when they come from a purely Spiritual source Definitions in this dictionary are based on the Essential Function of the person place or thing relative to those other persons places and things that surround and come into contact with the original With this work it is possible to find out what dreams mean should they be communication from spirit But that is not its primary intention for this Dictionary has the main purpose of assisting students of Mystic Traditions primarily Ankahr Muse apprentices

The Mystic David Torkington, 1999 Sequels to final part of a trilogy The hermit and The prophet

The Female Imagination Patricia Meyer Spacks, 2022-09-12 Is there such a thing as a female literary imagination a special brand of insight and intuition that characterises women s writing Is there something about a novel whether by Jane Austen Charlotte Bront or Doris Lessing that tells us that it could only have been written by a woman Do the subject matter form and style that women choose throw light on the way they think and feel In this brilliant and highly readable book

originally published in 1976 Patricia Spacks analyses the female view of the world Juxtaposing sometimes in startlingly original combination some eighty books written between the seventeenth century and the present day she uses both literary and psychological analysis to explore patterns that recur again and again in the stories women tell whether about their own lives or the lives of their fictional characters She dissects female experience in the twentieth century as viewed by an array of writers ranging from Kate Millet to Virginia Woolf examines the interplay of social passivity and psychic power that dominates characters such as Maggie Tulliver and Jane Eyre the altruism that impels Jane Austen's and Mrs Gaskell's heroines the acceptance of Virginia Woolf's Mrs Ramsey the personal and social conflicts that beset so many of the adolescent girls that figure in both nineteenth century and contemporary literature reveals the complex motives that can be bound up in a woman's deliberate choice of the artist's role as appears in the writings of Isadora Duncan's and Dora Carrington Marie Bashkirtseff and Mary McCartney and the surprising forms freedom can take as for Beatrice Webb in the East End of London or Isak Dinerson in the wilds of Africa The voices echo and re echo across the years in fascinating counter point Their range is enormous rebels and reformers actresses and painters Society ladies and unknown girls in small towns novels poems memoirs diaries and letters both English and American and alongside classics such as Wuthering Heights and well known modern works such as The Bell Jar Patricia Spacks introduces an intriguing selection of relatively unknown writers such as Napoleon's psychoanalyst great niece Marie Bonaparte the Victorian arch fantasist Mary MacLane and the autobiography of a seventeenth century Duchess The Female Imagination is much more than a study of women's writing It is an inquiry into the nature of female thought self expression and experience As such it should appeal to every educated woman and to many men too **New Age Journal** ,1998 *Wising Up* Kathy Black,Heather Murray

Elkins,2010-04-01 *Wising Up* provides rituals and guidance for women as they age It helps them make the often difficult life transitions wisely and in the context of their faith communities Instead of focusing exclusively on time worn thresholds such as menopause marriage and divorce and dying the book contains affirming rituals on coming to terms with the changes in one's body learning to live with and depend on an item like a walker or a hearing aid giving up one's driver's license deciding how to give away one's household contents and being orphaned In addition to the rituals and guidelines on how to create one's own rituals the book contains a number of short stories hymns prayers quotations and poems to help ease women through the aging process Contributors Susan Beehler Teresa Berger Kathy Black Ruth Duck Heather Murray Elkins Brigitte Enzner Probst Martha Whitmore Hickman Martha Ann Kirk Mary Elizabeth Mullino Moore Susan Roll Deborah Sokolove Linda J Vogel and Janet Walton
