See Summing Up at the end of the book. Scholars, scientists and spiritual Seekers around the world who visit and follow his blog will appreciate Summing Up as a uniquely new complete understanding of why we're here. In this book Keith has aimed to keep each topic shorter and on point, always leaving you with a new thought to ponder, always encouraging you to dig deeper and recall your own experiences thus far.

WHY KEITH He doesn't know. He says he is not aware of any qualification he had or has for receiving the mystical experiences of Reality. **MER** the truth of Reality's existence. He says he wasn't religious or spiritual and didn't even know the word mystic when they started. The Mystical Experience of Reality, as Keith calls it, is a well-known historical non-biological non-human historical phenomena that engulfed him as a 14-year-old several times every year until his late thirties, filling him with the experience of a Reality in which all things known and unknown exist at its behest, guarding, guiding, accepting everything that exists separately, personally, individually. It is benign and uninterested in human wants or constructs such as religions, politics, ideologies. It only deals with individuals. The experiences bring profound joy and love with a knowledge beyond all human experience. Keith insists the experience of Reality is caught, not taught. The books are filled with posts from Keith's blog, mysticexperiences.net, for the author to examine himself and his existence in accordance with the way of Reality. Accordingly, he says he found, by comparison, that there is nothing in humanity worth studying. The first book, *Mystic Experiences of Reality Volume I*, and this one, *Volume II*, are summations of years of using writing to explore the awareness given Keith by his mystical experiences, in the hope it will add to the literature on the subject, which is now being more seriously studied around the world than it has ever been. Keith's writing also seeks to pass on Reality's personal message to him.

Mystic Orders Sarah Davis, AI, 2025-02-27. *Mystic Orders* explores the captivating realm of religious brotherhoods and secret societies, examining their profound yet often hidden influence on history. Delving into the core of these esoteric traditions, the book uncovers how spiritual practices such as meditative techniques and ritualistic ceremonies bind members and drive their actions. It also reveals the internal hierarchies governing these groups, highlighting the power dynamics that enable them to maintain secrecy and exert influence. The book argues that understanding these mystic orders provides crucial insights into the evolution of religious thought and the dynamics of power throughout history. For example, some orders emerged as dissenting voices within established religions, triggering significant social change. The book progresses through an introduction of key concepts followed by case studies of prominent orders across religions, like Sufi brotherhoods and Kabbalistic circles, and culminates in a synthesis of their historical impact and modern relevance. By examining diverse religious movements and spiritual practices, *Mystic Orders* provides a valuable lens for understanding the interplay between religion, power, and society. It traces these brotherhoods' involvement in pivotal events, emphasizing their role in shaping the world and offers an objective analysis drawing from historical chronicles and religious texts to illuminate

the hidden influences of religious brotherhoods The Sufi Message Volume 10 Hazrat Inayat Khan, 2009-01-01 This is a book on the spiritual in everyday life The very variety of its contents is an illustration of the significance of Sufism and spirituality in general for human life The first two parts Sufi Mysticism and The Path of Initiation and Discipleship expand further on themes presented in earlier volumes particularly in volumes 1 The Way of Illumination The reader is called to reconsider his life and how he is leading it rather than what life is his Where is your ideal In Sufi Poetry Hazrat Inayat Khan discusses the life work and influence of some of the great Sufi poets of the past illustrating the significance of mysticism and discipleship
