Missionaries, Converts, and Rabbis David B. Ruderman, 2020-05-01 An examination of the life and work of Alexander McCaul and his impact on Jewish Christian relations In *Missionaries Converts and Rabbis* David B Ruderman considers the life and works of prominent evangelical missionary Alexander McCaul 1799 1863 who was sent to Warsaw by the London Society for the Promotion of Christianity Amongst the Jews He and his family resided there for nearly a decade which afforded him the opportunity to become a scholar of Hebrew and rabbinic texts Returning to England he quickly rose up through the ranks of missionaries to become a leading figure and educator in the organization and eventually a professor of post biblical studies at Kings College London In 1837 McCaul published *The Old Paths* a powerful critique of rabbinic Judaism that once translated into Hebrew and other languages provoked controversy among Jews and Christians alike Ruderman first examines McCaul in his complexity as a Hebraist affectionately supportive of Jews while opposing the rabbis He then focuses his attention on a larger network of his associates both allies and foes who interacted with him and his ideas

two converts who came under his influence but eventually broke from him two evangelical colleagues who challenged his aggressive proselytizing among the Jews and lastly three Jewish thinkers two well known scholars from Eastern Europe and a rabbi from Syria who refuted his charges against the rabbis and constructed their own justifications for Judaism in the mid nineteenth century Missionaries Converts and Rabbis reconstructs a broad transnational conversation between Christians Jews and those in between opening a new vista for understanding Jewish and Christian thought and the entanglements between the two faith communities that persist in the modern era Extending the geographical and chronological reach of his previous books Ruderman continues his exploration of the impact of Jewish Christian relations on Jewish self reflection and the phenomenon of mingled identities in early modern and modern Europe

Emissaries from the Holy Land Matthias B. Lehmann, 2014-10-01 For Jews in every corner of the world the Holy Land has always been central But that conviction was put to the test in the eighteenth century when Jewish leaders in Palestine and their allies in Istanbul sent rabbinic emissaries on global fundraising missions From the shores of the Mediterranean to the port cities of the Atlantic seaboard from the Caribbean to India these emissaries solicited donations for the impoverished of Israel's homeland *Emissaries from the Holy Land* explores how this eighteenth century philanthropic network was organized and how relations of trust and solidarity were built across vast geographic differences It looks at how the emissaries and their supporters understood the relationship between the Jewish Diaspora and the Land of Israel and it shows how cross cultural encounters and competing claims for financial support involving Sephardic Ashkenazi and North African emissaries and communities contributed to the transformation of Jewish identity from 1720 to 1820 Solidarity among Jews and the centrality of the Holy Land in traditional Jewish society are often taken for granted Lehmann challenges such assumptions and provides a critical historical perspective on the question of how Jews in the early modern period encountered one another how they related to Jerusalem and the land of Israel and how the early modern period changed perceptions of Jewish unity and solidarity Based on original archival research as well as multiple little known and rarely studied sources *Emissaries from the Holy Land* offers a fresh perspective on early modern Jewish society and culture and the relationship between the Jewish

Diaspora and Palestine in the eighteenth century **Jews and the Gospel at the End of History** Jim Congdon, 2009-11-01
 Enlightened essays fill the pages of this tribute to Moishe Rosen. Using evangelism, ethics, and eschatology as dividing sections, *Jews and the Gospel at the End of History* produces profound insights of the best theologians, exegetes, and historians who especially understand the Jewish-Christian tensions. Many Jewish-Messianic Jewish and Christian issues are seamlessly broached in this volume and are woven together expertly and beautifully. There are no easy solutions, and this book can attest to the sensitivities of Jewish-Christian dialogue, but this book does a great service to the reader to bring them to a greater understanding of how, what, and why of evangelism, ethics, and eschatology. *The Damascus Affair* Jonathan Frankel, 1997-01-13
 In February 1840 an Italian monk and his servant disappeared in Damascus. Many Jews in that city were charged with ritual murder and tortured until they confessed. The case turned into a cause célèbre across much of the western world, even becoming a factor in the major diplomatic conflicts of the period and producing an explosion of polemics, fantastic theories, and strange projects. The religious revival and romanticism of the period provided fertile soil for every speculation. This 1997 book, the first since 1840 to analyse the affair, assesses the Damascus affair as a factor in European and Jewish politics of the time as a chapter in Jewish history and historiography and as the stuff of radically conflicting myths, which eventually fed into the Holocaust and the establishment of the state of Israel. **A Social History of Late Ottoman Women** Duygu Köksal, Anastasia Falierou, 2013-10-10
 In *A Social History of the Late Ottoman Women: New Perspectives*, Duygu Köksal and Anastasia Falierou bring together new research on women of different geographies and communities of the late Ottoman Empire. Making use of archives, literary works, diaries, newspapers, almanacs, art works, or cartoons, the contributors focus particularly on the ways in which women gained power and exercised agency in late Ottoman Empire and early Republican Turkey. The articles convincingly show that women's agency cannot be unearthed without narrating how women were involved in shaping their own and others' lives, even in the most unexpected areas of their existence. The women's activities described here do not simply reflect modernizing trends or westernizing attitudes or their defensive denial. They provide an array of local responses where the local can never be found and should never be conceptualized in its initial, unchanged, or authentic state. *The Blood Libel Legend* Alan Dundes, 1991-11-01
 Alan Dundes, in this casebook of an anti-Semitic legend, demonstrates the power of folklore to influence thought and history. According to the blood libel legend, Jews murdered Christian infants to obtain blood to make matzah. Dundes has gathered here the work of leading scholars who examine the varied sources and elaborations of the legend. Collectively, their essays constitute a forceful statement against this false accusation. The legend is traced from the murder of William of Norwich in 1144, one of the first reported cases of ritualized murder attributed to Jews, through nineteenth-century Egyptian reports, Spanish examples, Catholic periodicals, modern English instances, and twentieth-century American cases. The essays deal not only with historical cases and surveys of blood libel in different locales but also with literary renditions of the legend, including the ballad *Sir Hugh or the Jew's*.

Daughter and Chaucer's The Prioress's Tale These case studies provide a comprehensive view of the complex nature of the blood libel legend The concluding section of the volume includes an analysis of the legend that focuses on Christian misunderstanding of the Jewish feast of Purim and the child abuse component of the legend and that attempts to bring psychoanalytic theory to bear on the content of the blood libel legend The final essay by Alan Dundes takes a distinctly folkloristic approach examining the legend as part of the belief system that Christians developed about Jews This study of the blood libel legend will interest folklorists scholars of Catholicism and Judaism and many general readers for it is both the literature and the history of anti-Semitism
