Myth Of Social Action:

The Myth of Social Action Colin Campbell, 1998-07-09 The Myth of Social Action first published in 1996 is a powerful critique of the sociology of the time and a call to reject the prevailing orthodoxy Arguing that sociological theory had lost its way Colin Campbell mounts a case for a new dynamic interpretivism a perspective on human conduct which is more inkeeping with the spirit of traditional Weberian action theory Discussing and dismissing one by one the main arguments of those who reject individualistic action theory he demonstrates that this has been wrongly rejected in favour of the interactional social situationalist approach now dominating sociological thought
