Introduction to the Semiotics of the Text Gianfranco Marrone,2021-11-08 This books aims to demonstrate how semiotic models of textual analysis can be used to study any social reality or cultural process In addition it shows how semiotic models work by using examples from everyday life and social praxis communicative processes and modes of consumption online interactions and cross media procedures political experiences and scientific universes Mythologies of Vision Eduardo Neiva,1999 Using a semiotic approach this study offers an alternative to traditional conceptions of image making exploring historical interpretations of art perspective and photography as well as individual artists such as Duchamp and Rembrandt Presents the conventionalist hypothesis on interpretation of images then rejects the notion that conventions have a special priority in the understanding of images and critiques specific images and their conventionalist definitions Annotation copyrighted by Book News Inc Portland OR Semiotics of the Image Yirong Hu,2025-06-18 This book provides a groundbreaking exploration of image semiotics Going far beyond traditional analyses of static visual texts it includes dynamic imagery literary iconography and psychological images offering a holistic view of how semiotics permeates various forms of media and cultural expression The book integrates various case studies on Chinese culture providing scholars outside China a unique lens through which to understand Chinese cultural thinking through semiotics This approach not only enriches the academic discussion but also enhances cross cultural understanding In addition the book collects and synthesizes significant achievements in semiotics incorporating traditional visual theory research from the Panofsky and Warburg schools This synthesis forms a comprehensive semiotics of images providing an interdisciplinary analytical framework for contemporary media spectacles The book employs multiple methodologies to dissect the visual image spectacles constructed by modern media signs culminating in a macro level understanding of cultural spectacles Furthermore it situates the comparison
