Mythos Kerygma Wahrheit:

The Eden Narrative Tryggve N. D. Mettinger, 2007 In a book marked by unusually readable yet academic style Mettinger transforms our knowledge of the story of Eden in Genesis He shows us a story focused on a divine test of human obedience with human disobedience and its consequences as its main theme Both of the special trees in Eden had a function the tree of knowledge as the test case and the tree of life as the potential reward for obedience Mettinger adopts a two tiered approach In a synchronic move he undertakes a literary analysis that yields striking observations on narratology theme and genre in the text studied He defines the genre as myth and subjects the narrative to a functional analysis He then applies a diachronic approach and presents a tradition historical reconstruction of an Adamic myth in Ezekiel 28 The presence of both wisdom and immortality in this myth leads to a discussion of these divine prerogatives in Mesopotamian literature remember Adapa and Gilgamesh The two prerogatives demarcated an ontological boundary between the divine and human spheres Nevertheless the Eden Narrative does not evaluate the human desire to obtain knowledge or wisdom negatively A piece of fresh original scholarship in accessible form this book is ideal for courses on creation primeval history the Bible and literature and the Bible and the ancient Near East Sacred History, Sacred Literature Shawna Dolansky, 2008-06-30 Richard Friedman is well known in the field of biblical studies not only because of his contributions to the study of the Hebrew Bible which are many but also because he has written cogently and clearly for a much wider audience outside the academy most notably in his *Who Wrote the Bible* 1997 In addition his influence has crossed the boundaries of a variety of disciplines such as source criticism archaeology the ancient Near East as well as religious studies The essays in this volume reflect the breadth and depth of Richard Friedman's life and work Several contributors discuss topics related to the Hebrew Bible for example Jacob Milgrom examines the relationship between Ezekiel and the Levites and Carol Meyers discusses the Tabernacle texts in the context of Priestly influence on them Ronald Hendel Michael Homan and Robert Wilson explore the history of source criticism with detailed source critical analysis of Genesis 1-11 and the book of Kings Jeffrey Geoghegan discusses the origins of the Passover in one of several insightful essays under the topic Israel and the Ancient Near East Among the contributions specific to archaeology Baruch Halpern's provides a provocative Defense of Forgery Lastly four contributors e.g. Alan Cooper discuss religion and religious studies along with ramifications for contemporary application A fine collection of contemporary topics discussed by leading scholars in the field **The Bible in Human Society** Mark Daniel Carroll R., David J. A. Clines, Philip R. Davies, 1995-10-01 This collection of essays written by biblical scholars from around the world attempts to probe the relationship between the Bible and the world It reflects modern social political and hermeneutical issues including liberation concerns These themes echo John Rogerson's commitment to relate his research and the Bible to contemporary issues a commitment visible both in his publications and in his religious and political activities This book is an expression of appreciation of John Rogerson by former and current colleagues former students and other

biblical scholars *Devotional Language* Johannes Sloek, 2015-07-24 No detailed description available for Devotional Language **The Fall of the Angels** Christoph Auffarth, Loren T. Stuckenbruck, 2004 Fall of the Angels focuses on a biblical tradition whose significance has been recognised elaborated and explored in literature and art outside the Bible Its extensive influence on religion and culture during the last two millenia is reflected in the wide variety of interpretations of this tradition among communities as they came to terms with religious identity in the face of opposition **Old Testament Introduction** Werner H. Schmidt, 2015-02-06 The purpose of this book is to provide a comprehensive introduction to the complexities of the Old Testament it also provides the basic knowledge required for students of O T theology This widely used textbook appears here in its second English edition and is based on the fifth German edition 1995 This new edition has been expanded especially in regard to Pentateuch research and the anthropology of the O T **Mythos im Alten Testament und seiner Umwelt** Armin Lange, Hermann Lichtenberger, Diethard Römheld, 2012-06-21 In der Reihe Beihefte zur Zeitschrift f r die alttestamentliche Wissenschaft BZAW erscheinen Arbeiten zu s mtlichen Gebieten der alttestamentlichen Wissenschaft Im Zentrum steht die Hebr ische Bibel ihr Vor und Nachleben im antiken Judentum sowie ihre vielfache Verzweigung in die benachbarten Kulturen der altorientalischen und hellenistisch r mischen Welt Trames, 2000 **Whispering the Word** Jacqueline E. Lapsley, 2005-11-03 Many Christian feminists wonder if they can simultaneously maintain their commitment to principles of gender equality and their faith in the Scriptures particularly the Old Testament Writing in response to feminist biblical scholars who approach the Old Testament with a hermeneutic of suspicion Jacqueline Lapsley offers Christian feminists strategies to hear the subtle ideas and voices of the less powerful within the Old Testament texts Reading and interpreting a number of Old Testament narratives in which women are prominent Lapsley considers how these stories may reflect God s word for us In doing so she demonstrates how the narrative often attempts to shape the moral response of the reader by revealing the intricacy and complexity of the moral world evoked In this gentle shaping of the reader s ethical sensibilities she argues is where God may be whispering a word for us

Talking God in Society Ute E. Eisen, Heidrun Elisabeth Mader, 2021-01-18 Peter Lampe s work has covered a wide range of fields the common denominator being his interest in contextualizing belief systems Mirroring his multifaced work the authors pursue his interest from different interdisciplinary angles addressing the interdependence between religious expressions and their situations or contexts The application of theoretical models to texts examples flanks the inspiring theoretical epistemological and methodological reflections Studies in socio economic and political history adjoin archaeological epigraphic papyrological and iconographic investigations Social psychological interpretations of texts complement rhetorical analyses The hermeneutical reception of biblical materials in for example the Koran and Christian Chinese or Orthodox contexts as well as in religious education and homiletics rounds off the volumes
