Guidance for the Straight Path Bryan Johnson, 2020 **A Concordance of the Qur'an** Hanna E. Kassis, 2023-11-03
From the Foreword This Concordance of the Qur'an in English satisfies a paramount need of those and there are millions of them who have no command of the Arabic language and yet desire to understand the Qur'an The benefit derivable from English translations of the Sacred Book is in principle limited because first the Qur'an is not a book but a collection of passages revealed to Muhammad over a period of about twenty three years and second because the Qur'an is not really translatable This does not mean that the Qur'an should not be translated It does mean that translations lose much in tone and nuance let alone the incommunicable beauty grandeur and grace of the original The main distinction of Hana Kassis's concordance in my view is that it utilizes the semantic structure of Arabic vocabulary itself in revealing the meaning of the Qur'an on any given issue point or concept A reader who looks in the index of this concordance for a word which he has encountered in reading an English translation of the Qur'an the word pride for example is directed immediately to the roots of the Arabic Qur'anic terms for pride At the entries for these Arabic roots all the derivative forms are shown and the verses of the Qur'an in which they appear are there listed in translation I am confident that any person who is sincerely interested in understanding the Qur'an and appreciating the nuances of its diction and shades of its meaning can satisfy his need more fully with this book than in any way short of developing a real command over the Arabic language itself Fazlur Rahman Professor of Islamic Thought University of Chicago From the Foreword This Concordance of the Qur'an in English satisfies a paramount need of those and there are millions of them who have no command of the Arabic language and yet desire to understand the Qur'an The benefit derivab *The Straight Path* , 2022-03-06 The book is a compilation of meaning and explanation of Sura Fatiha by the different commentators of Holy Quran and the way Allah teaches us to pray for the Straight Path and that the whole Quran is an answer to this prayer telling us as to what the straight path is The book is bound to serve as a guidance to people who are in search of a straight path to tread upon during their lifetime in order to make their life blissful here and hereafter Scientific Commentary of Suratul Faatehah Ebrahim Kazim, 2010 *Your Move* Ann Hutchinson Guest, Tina Curran, 2023-05-31 This second edition of this well known text book now offers downloadable resources to accompany the dance studies throughout the chapters The authors take a new approach to teaching learning and creating with notation through movement exploration exercises and short dances thus enlarging the scope of the book to

teachers of movement movement analysis and choreography as well as the traditional dance notation students Updated and enlarged to reflect the most recent scholarship and through a series of exercises this book guides students through movement stillness timing shaping accents travelling direction flexion and extension rotations revolutions and turns supporting change of support springing balance relationships All of these movements are explored sequentially and are represented symbolically in notation so the student learns how to physically articulate notate and describe the movements as they are performed
