Baxter,2021-10-21 This detailed study of Henry Clay and the American System a program of vigorous economic nationalism dependent on active government and constitutional aspects of what was perhaps Clay s greatest contribution to national policy a contribution that has received surprisingly little study until now During the first half of the nineteenth century the new United States experienced rapid material growth transforming a largely agrarian pre modern economy into a diversified industrializing one As Speaker of the House in the years following the War of 1812 and later as founder of the Whig party Clay argued strongly for the development of a home market for domestic goods so that Americans would not be dependent on foreign imports This American System was originally little more than a protective tariff on foreign goods but it soon came to encompass a collection of policies that included a national banking system and distribution of federal funds to improve transportation Baxter reveals the inner workings of Clay s program and offers the first careful analysis of its successes and failures This lively and incisive account will appeal to anyone interested in American history and the processes that shaped modern America **Historical Outlook** ,1925 **Index to Legal Periodicals** ,1925 **A Select Bibliography for Students of History** John Coswin Rule,1957 This bibliography was compiled by five Harvard graduate students however it is difficult to determine whether the bibliography was used in Harvard curricula **Public Affairs Information Service Bulletin** ,1926 Dictionary Catalog of the University Library, 1919-1962 University of California, Los Angeles.
