Christopher Morley, 2017-09-26 Trieste Publishing has a massive catalogue of classic book titles. Our aim is to provide readers with the highest quality reproductions of fiction and non-fiction literature that has stood the test of time. The many thousands of books in our collection have been sourced from libraries and private collections around the world. The titles that Trieste Publishing has chosen to be part of the collection have been scanned to simulate the original. Our readers see the books the same way that their first readers did decades or a hundred or more years ago. Books from that period are often spoiled by imperfections that did not exist in the original. Imperfections could be in the form of blurred text, photographs, or missing pages. It is highly unlikely that this would occur with one of our books. Our extensive quality control ensures that the readers of Trieste Publishing's books will be delighted with their purchase. Our staff has thoroughly reviewed every page of all the books in the collection, repairing or, if necessary, rejecting titles that are not of the highest quality. This process ensures that the reader of one of Trieste Publishing's titles receives a volume that faithfully reproduces the original and to the maximum degree possible gives them the experience of owning the original work. We pride ourselves on not only creating a pathway to an extensive reservoir of books of the finest quality but also providing value to every one of our readers. Generally, Trieste books are purchased singly on demand; however, they may also be purchased in bulk. Readers interested in bulk purchases are

Parnassus on Wheels Christopher Morley, 2021-04-20 This is the prequel to the perennially popular 1919 bestseller *The Haunted Bookshop*. Though the books share a certain joie de vivre they are quite different in style and presentation. *Parnassus on Wheels* is much less consciously intellectual; the narrator has a distinctive voice which is exclusive to her story, while *Bookshop* is a different kettle of fish entirely. I liked them both in different ways. Thirty-nine year old spinster Helen McGill lives a contented life on the small farm she owns with her brother Andrew. At least it was contented, a happy contrast from her previous occupation as a governess in the city which she joyfully left in order to join her brother in his quest for a more congenial way of life to combat his ill health. The farm was just the ticket. Andrew has been usefully occupied with crops and pigs and mild rural pleasures while Helen has kept the home fires burning and her chickens productively producing eggs.
