Common Sense Destroys Faith in the Theory of Evolution W.D. Cain,2023-06-08 The false theory of evolution kicks aside God but now in non tech terms you can destroy it You don't have to be a white coat evolutionary scientist to know that Nothingness did not create everything That chaos did not create our remarkable ordered world That blindness did not create sight or deafness create hearing That unconsciousness did not create consciousness and the list goes on and on It's not even common sense Evolution is merely a way for God denying people to give an alternate case for creation that leaves God out of the picture Why would they do that Well to many scientists and others in our self oriented world the thought of God restricting their desires is not a good thought Wake up Christian influencers You now have a common sense evidence based non technical way to win against the unfounded theory of evolution which UNDERMINES God and His Word beginning in Genesis 1:1 We now have generations doubting the authenticity of God and His Word all springing out of the false philosophy of evolution and you wonder why our Christian heritage is slipping away How do evolutionists say it all got started Why is nature so orderly and predictable Why does it lend itself to classification Agronomy to Zoology and everything in between The periodic table The laws of physics The overall harmony and interconnection of Ecology There must be an uncaused first cause Yes The God of the Bible This book will make more sense than anything you've read in a while Understandable Convincing Christ centered And above all arming you to DO SOMETHING with these truths to promote belief in God They insist evolution is the better answer but never explain why

Spiritual Warfare Handbook Victor Matthews PhD,2025-01-24 The non fiction real world subject of the spiritual battle between good and evil is for the most part taboo The majority of society has chosen to hide in one way or another But there are many people who simply cannot avoid the truth of this struggle Here we have such a story written by the hand of the person who personally experienced it all This text should be approached scientifically and not as some oddity because it is all too real and common If you are a believer then this will be an informative and helpful guide and if not then perhaps this may bring some clarity into your world concerning darkness and confusion It is not easy material It is written in an easy conversational style but the subject matter is frightening and difficult for most Do not be afraid You need to know the truth

and you need to be armed God has not given us a spirit of fear but of power and of love and of a sound mind 2 Tim 1 7 To paraphrase Ephesians 6 this is just one more tool to help you put on the full armor of God and having done everything to stand stand therefore God bless you all **The Anthropology of Christianity** Fenella Cannell,2006-11-07 Ethnographies exploring the vastly different ways that Christianity is experienced and understood by different groups around the world
