underpinnings of Nazi Germany's desire to expand its living space and exterminate Jews Hitler responded to the nation's group fantasy of renewing a Holy Roman Empire of the German nation He presented the utopian ideal of one large state where the nation represented one extended family In reality however he desired the triumph of automatism and totalitarian practices that would preempt family autonomy and private action Such a regimented state would become a war machine designed to breed infantile soldiers brainwashed for sacrifice To achieve that aim he unleashed barbaric forces whose utopian features were the very aspects of the state that made it most cruel      *Quincy, Josiah-Tyndall, John* David Josiah Brewer,1899      The World's Best Orations David Josiah Brewer,1899 The text of thousands of speeches from all historical periods through the 19th century arranged in alphabetical order      *Subsidies for Bulk Carriers* United States.
