Quotable Reagan:

Quotable Reagan Steve Eubanks,2001-06-26 Former President Reagan long remembered as the Great Communicator never was at a loss for words and his profound wisdom and wit are presented in this unique impactful book covering more than fifty years from Hollywood to 1600 Pennsylvania Avenue and beyond *Quotable Reagan* Ronald Reagan,2001

Historical Dictionary of the Reagan-Bush Era Richard S. Conley,2017-03-09 From the vantage point of the 2016 presidential election and the deepening polarization of American politics in recent decades it is striking how much more distant the Reagan Bush era of the 1980s and early 1990s seems compared to the years that have actually passed Whither the Republican Party of yesteryear Like reincarnated characters from Samuel Beckett's classic play *Waiting for Godot* many disillusioned conservatives in the new millennium continue to search obdurately and in vain for a leader who embodies the acclaimed leadership traits of Ronald Reagan This second edition of *Historical Dictionary of the Reagan Bush Era* contains a chronology an introduction appendixes and an extensive bibliography The dictionary section has over 300 cross referenced entries on important personalities politics economy foreign relations events institutions policies and issues This book is an excellent resource for students researchers and anyone wanting to know more about this era **Reagan's Revolution**

Craig Shirley,2010-02-22 Today's political scene looks nothing like it did thirty years ago and that is due mostly to Reagan's monumental reshaping of the Republican party What few people realize however is that Reagan's revolution did not begin when he took office in 1980 but in his failed presidential challenge to Gerald Ford in 1975 1976 This is the remarkable story of that historic campaign one that as Reagan put it turned a party of pale pastels into a national party of bold colors Featuring interviews with a myriad of politicians journalists insiders and observers Craig Shirley relays intriguing never before told anecdotes about Reagan his staff the campaign the media and the national parties and shows how Reagan instead of following the lead of the ever weakening Republican party brought the party to him and almost single handedly revived it

11 Principles of a Reagan Conservative Paul Kengor,2014-03-03 What would Ronald Reagan do This is a question that infiltrates the many minds of American politicians claiming to be a Reagan conservative As the presidential election rolls around every four years jockeys for the Republican nomination believe that they carry the mantle of Ronald Reagan but it might just be that the ideals of the once great president have been misconstrued So what were Ronald Reagan's true beliefs The real answer to this question may come as a shock to both conservatives and liberals alike In *11 Principles of a Reagan Conservative* biographer Paul Kengor dissects Reagan's presidency by analyzing his speeches and actions and comes to decisive conclusions to paint a full and accurate picture of what his beliefs truly were Freedom Faith Family Sanctity and Dignity of Human Life American Exceptionalism The Founders' Wisdom and Vision Lower Taxes Limited Government Peace Through Strength Anti Communism and Belief in the Individual It's these 11 principles that lie at the crux of Reagan's conservatism *President Reagan* Lou Cannon,2008-08-04 Hailed by the *New Yorker* as a superlative study of a president

and his presidency Lou Cannon's President Reagan remains the definitive account of our most significant presidency in the last fifty years Ronald Wilson Reagan the first actor to be elected president turned in the performance of a lifetime But that performance concealed the complexities of the man baffling most who came in contact with him Who was the man behind the makeup Only Lou Cannon who covered Reagan through his political career can tell us The keenest Reagan watcher of them all he has been the only author to reveal the nature of a man both shrewd and oblivious Based on hundreds of interviews with the president the First Lady and hundreds of the administration's major figures President Reagan takes us behind the scenes of the Oval Office Cannon leads us through all of Reagan's roles from the affable cowboy to the self-styled family man from the politician who denounced big government to the president who created the largest peace time deficit from the statesman who reviled the Soviet government to the Great Communicator who helped end the cold war

They Never Said It Paul F. Boller Jr., John George, 1990-06-14 Abraham Lincoln never said You cannot fool all the people all the time Thomas Jefferson never said That government is best which governs least And Horace Greeley never said Go west young man In They Never Said It Paul F. Boller Jr. and John George examine hundreds of misquotations incorrect attributions and blatant fabrications outlining the origins of the quotes and revealing why we should consign them to the historical trashcan Many of the misquotes are quite harmless Some are inadvertent misquotes that have become popular Shakespeare actually said The best part of valor is discretion others the inventions of reporters embellishing a story Franklin Roosevelt never opened a speech to a DAR group with the salutation My fellow immigrants But some of the quotes such as Charles Darwin's supposed deathbed recantation of evolution falsify the historical record with their blatant dishonesty And other chillingly vicious ones filled with virulent racial and religious prejudices completely distort the views of the person supposedly quoted and spread distrust and hatred among the gullible These include the forged remarks attributed to Benjamin Franklin that Jews should be excluded from America and the fabricated condemnation of Catholics attributed to Lincoln An entertaining and thought provoking book They Never Said It covers a great deal of history and sets it right Going beyond a mere catalog of popular misconceptions Boller and George reveal how rightists and leftists and atheists and evangelists all have at times twisted and even invented the words of eminent figures to promote their own ends The ultimate debunking reference it perfectly complements handbooks of quotations

Ronald Reagan David T. Byrne, 2018-11-01 In this ambitious work David T. Byrne analyzes the ideas that informed Ronald Reagan's political philosophy and policies Rather than appraising Reagan's personal and emotional life Byrne's intellectual biography goes one step further it establishes a rationale for the former president's motives discussing how thinkers such as Plato and Adam Smith influenced him Byrne points to three historical forces that shaped Reagan's political philosophy Christian values particularly the concept of a universal kingdom of God America's firm belief in freedom as the greatest political value and its aversion to strong centralized government and the appeasement era of World War II which stimulated Reagan's aggressive and confrontational foreign policy Byrne's account of the fortieth

president augments previous work on Reagan with a new model for understanding him Byrne shows how Reagan took conservatism and the Republican Party in a new direction departing from the traditional conservatism of Edmund Burke and Russell Kirk His desire to spread a Kingdom of Freedom both at home and abroad changed America's political landscape forever and inspired a new conservatism that persists to this day

The Search for Reagan Craig Shirley, 2024-02-13 Never before has anyone explored the mind soul and heart of Ronald Reagan The Search for Reagan explores the challenges and controversies in Reagan's life and how he successfully dealt with each depicting a man who was never as conservative as some conservatives wanted him to be but rather as conservative as he was comfortable being a man who wanted to win on his own terms and integrity Ronald Reagan was a singularly unique man and conservative who championed a wildly successful revolution leading to more freedom and less government for the American people and to the fall of communism while boosting American morale which had been his three big goals He was the first president in many years who believed optimism from the Oval Office had a direct bearing on

the affairs of the nation As a consequence he left office more popular than when he entered with a whopping 73 percent approval He is beloved even today as his presidential library is visited far more than any other presidential library by more than five million people each year He understood that American conservatism was based upon the individual and not the group He is still regarded as one of the most admired men in America The range of Reagan scholarship by virtue of books sold about him continues to grow In his presidency he solved the mystery of high inflation that had bedeviled his predecessor high interest rates and high gas prices He created over twenty million new jobs and the number of American millionaires grew from 4 414 to 34 944 He quite literally changed our world for the better and is considered by most historians to be one of our four greatest presidents along with George Washington Abraham Lincoln and Franklin Roosevelt **Reagan's**
