

Speaking of nudes, I have always had a great  
fondness for this subject, both in my  
paintings and in my photos, and I must admit,  
not for purely artistic reasons.

## Quotations In Nudes:

The Female Nude Lynda Nead, 2024-05-01 The history of Western art is saturated with images of the female body Lynda Nead's *The Female Nude* was the first book to critically examine this phenomenon from a feminist perspective and ask how and why did the female nude acquire this status In a deft and engaging manner Lynda Nead explores the ways in which acceptable and unacceptable images of the female body are produced issues which have been reignited by current controversies around the patriarchy objectification and pornography Nead brilliantly illustrates the two opposing poles occupied by the female nude in the history of art at one extreme the visual culmination of enlightenment aesthetics at the other spilling over into the degraded and the obscene What both have in common however is the aim of containing the female body Drawing on examples of art and artists from the classical period to the 1980s *The Female Nude* paints a devastating picture of the depiction of the female body and remains as fresh and invigorating today as it was at the time of its first publication This Routledge Classics edition includes a new Preface by the author

**Some Shakespeare Quotes and Nude Shots** C. M. Martin, 2009-05 This experimental novel merges the classic plays of Shakespeare with the modern reality talk show so as to prove both the timeless applicability of Shakespeare's words and the dangers of our natural inclination to twist credible quotes into horrific justifications

Transcultural Turbulences Christiane Brosius, Roland Wenzlhuemer, 2011-09-25 Today hardly anything moves as fast across the globe as images and media This fact opens new avenues to explore social and cultural change but also poses new theoretical challenges of how to grasp and better understand these changes and flows Moreover such movements across geophysical and cultural borders have a historical depth that enables us to explore globalisation and localisation in new ways Transculturality is still a relatively new field of research in the Humanities through which we sharpen our competence and literacy to come to terms with the complexity of globalised cultures This volume ventures into new domains of research on the transculturality of images and addresses the need to develop new or modify established often ethno and Eurocentric interpretations of what happens when images travel It does so by bringing together cutting edge research from fields such as art history cultural anthropology colonial history Islamic studies religious studies and literary criticism
