Short listed for the Art and Christian Enquiry Mercers International Book Award 2009 a book which makes an outstanding contribution to the dialogue between religious faith and the visual arts What does modern Jewish art look like Where many scholars critics and curators have gone searching for the essence of Jewish art in Biblical illustrations and other traditional subjects Rosen sets out to discover Jewishness in unlikely places How he asks have modern Jewish painters explored their Jewish identity using an artistic past which is by and large non Jewish In this new book we encounter some of the great works of Western art history through Jewish eyes We see Matthias Grunewald s Isenheim Altarpiece re imagined by Marc Chagall 1887 1985 traces of Paolo Uccello and Piero della Francesca in Philip Guston 1913 1980 and images by Diego Velazquez and Paul Cezanne studiously reworked by R B Kitaj 1932 2007 This highly comparative study draws on theological philosophical and literary sources from Franz Rosenzweig to Franz Kafka and Philip Roth Rosen deepens our understanding not only of Chagall Guston and Kitaj but also of how art might serve as a key resource for rethinking such fundamental Jewish concepts as family tradition and homeland **R. B. Kitaj** , 1995-02-08 February 8 March 4 1995 Pictorial Narrative in the Nazi Period Deborah Schultz, Edward Timms, 2013-10-31 This book investigates creative responses to the Nazi period in the work of three artists Felix Nussbaum Charlotte Salomon and Arnold Daghani focusing on their use of pictorial narrative It analyses their contrasting aesthetic strategies and their innovative forms of artistic production In contrast with the autonomous modernist art object their works were explicitly linked with the historical conditions under which they were produced the pressures of persecution and exile Conditions in the slave labour camps and ghettos in the Ukraine which shaped the paintings and drawings of Daghani are contrasted with the experiences of exile in Belgium and France which inspired Nussbaum and Salomon In defiance of conventional artistic practice they produced word image combinations that can be read as narrative sequences incorporating specific references to political events While there has been a wealth of literary philosophical and historical studies relating to the Holocaust aesthetic debate has developed less extensively This is the first comparative study of three artists who are only belatedly achieving recognition and the recent reception of their work is evaluated By identifying the aesthetic principles and narrative strategies underlying their work the book reassesses their achievement in creating new forms of modernism with an unmistakable political momentum This book was published as a special issue of Word Image **R.B. Kitaj** R. B. Kitaj, 1967 The Concise New Makers of Modern Culture Justin Wintle, 2008-11-28 A Who s Who of Western culture from Woody Allen to Emile Zola Containing four hundred essay style entries and covering the period from 1850 to the present The Concise New Makers of Modern Culture includes artists writers

dramatists architects philosophers anthropologists scientists sociologists major political figures composers film makers and many other culturally significant individuals and is thoroughly international in its purview Next to Karl Marx is Bob Marley with John Ruskin is Salman Rushdie alongside Darwin is Luigi Dallapiccola Deng Xiaoping rubs shoulders with Jacques Derrida as do Julia Kristeva and Kropotkin With its global reach *The Concise New Makers of Modern Culture* provides a multi voiced witness of the contemporary thinking world The entries carry short bibliographies and there is thorough cross referencing as well as an index of names and key terms **R.B. Kitaj**, 1981 *Dialogues with Degas* Kathryn Brown, 2023-12-14 *Dialogues with Degas* demonstrates the ongoing relevance of Edgar Degas to 20th and 21st century ideas and art practices The first in depth examination of this major artist s impact on contemporary art this book explores how contemporary practitioners have used Degas s creativity as a springboard to engage imaginatively and critically with themes of colonialism gender race and class Individual chapters are devoted to dialogues between Degas s art and works produced by Frank Auerbach Cecily Brown Xinyi Cheng Ryan Gander Maggi Hambling Damien Hirst Howard Hodgkin Chantal Joffe Leon Kossoff R B Kitaj Juan Muñoz Paula Rego Jenny Saville Yinka Shonibare Cy Twombly and Rebecca Warren Through close analyses of selected paintings drawings prints and sculptures Kathryn Brown explores how Degas s technical and compositional experiments have been extended or challenged in innovative ways By experimenting with the materials and methods of existing works contemporary artists generate visual palimpsests that make new demands of the viewer and prompt a reconsideration of ideas that have informed histories of 19th century French art The book overturns familiar conceptions of influence by eschewing a genealogical approach and prioritizing instead the analysis of non linear encounters between artworks This encourages a new conception of the agency of visual artefacts and of the conversations they are capable of entertaining with each other While this study sheds new light on Degas s art and that of his interlocutors it also has methodological significance for the writing of art history *R.B. Walker, 1998-08-20 The vibrant fine arts and mass culture that the United States exported to Britain in the postwar period had a powerful and far reaching impact on many British artists art students and critics In a fascinating social and cultural history covering the period from the 1940s to the 1990s but with emphasis on the 1950s and 1960s John A Walker offers a scholarly but accessible account of America s Cold War cultural offensive and the role played by American artists living in Britain This is the first text to document in detail the variegated responses of British artists to postwar America and its art criticism and mass media Their reactions that ranged from Americanism enthusiasm and compliance to Anti Americanism criticism and resistance Covering significant art movements such as Abstract Expressionism the Independent Group and Pop Art Walker synthesises information from hundreds of published sources and interviews to paint a vivid picture of a crucial period in British culture Many of the critics painters and sculptors featured Lawrence Alloway Peter Blake Reynier Banham Anthony Caro Clement Greenberg David Hockney Richard Hamilton R B Kitaj John Latham Claes

Absence / Presence Stephen C. Feinstein, 2005-08-11 Since the liberation of the Nazi concentration camps and recognition of the Holocaust as a watershed event of the twentieth century if not in Western Civilization itself the capacity of art to represent this event adequately has been questioned As it analyzes a cross section of Holocaust art within the context of art history Absence Presence addresses the discussion head on and explores the interchange between media and horror The book s contributors include case studies from a broad spectrum of artists in North America Europe and Israel to examine some of the more dominant themes in these artists work In addition to standard readings of Holocaust art the essays help illuminate the issues of eugenics the importance of art for Hitler and the Nazis the immense pilfering of art that occurred during World War II and the length and degree of the destruction of European Jewry which forced artists to reinvent their work through their own fate This selection of essays also provides alternative views to more typical readings on the Holocaust specifically to the story of the Shoah as a relevant art subject and to those who have a right to create art about the Holocaust These issues were the subject of an intense international debate based on an exhibition at New York s Jewish Museum titled *Mirroring Evil* The retrospective brought to art a series of contemporary perspectives that represented both the outer edges as well as mainstream postmodern thinking concerning representations of the Holocaust This book which covers the art from the late 1980s through 2002 includes the work of an array of scholars curators and artists from many countries It will be of great interest to art historians Jewish scholars and anyone interested in learning more about the art and artists of the Holocaust

Jewish Art in America Matthew Baigell, 2007 Is there a Jewish art Is there a single Jewish experience Matthew Baigell the acknowledged American expert on Jewish art offers the first book ever on the history of Jewish American art from the early settlements to the present

Philip Roth Ira Bruce Nadel, 2021 In *Philip Roth A Counterlife* Ira Nadel exposes the multifaceted disposition of this major voice in American letters Roth the realist the ironist the ventriloquist the impersonator the bard In navigating the intricacies and dualities of the public and private Roth Nadel shows the complexities the contradictions and the counterlives

both lived and imagined As literary sleuth Nadel has enriched the myriad possibilities for understanding this exacting and defiant writer and his work Professor Nadel s study is always very readable and compelling but its discussion of material that has never been accessed before is particularly exciting Philip Roth A Counterlife engages and illuminates the scenes of discontent betrayal illness and rage in Roth s own life that allow for new understandings of his work and relationships Drawing on such primary source material as interviews personal correspondence and site visits Nadel s biography penetrates the carefully composed narrative Roth presented publicly in order to present a counter Philip Roth one who is at once more sympathetic to his readers than critics realize and more dynamic than even his self creation allows Nadel seamlessly weaves his interpretations of Roth s most provocative texts into the story of Roth s own life a life shadowed by pain illness and personal injustices but also illuminated by the joys of writing ideas and friendships that will persist long after his death Book jacket

Edgar Wind and Modern Art Ben Thomas, 2020-12-10 This book presents the first comprehensive study of the philosopher and art historian Edgar Wind s critique of modern art The first student of Erwin Panofsky and a close associate of Aby Warburg Edgar Wind was unusual among the Warburgians for his sustained interest in modern art together with his support for contemporary artists This culminated in his respected and influential book Art and Anarchy 1963 which seemed like a departure from his usual scholarly work on the iconography of Renaissance art Based on extensive archival research and bringing to light previously unpublished lectures Edgar Wind and Modern Art reveals the extent and seriousness of Wind s thinking about modern art and how it was bound up with theories about art and knowledge that he had developed during the 1920s and 30s Wind s ideas are placed in the context of a closely connected international cultural milieu consisting of some of the leading artists and thinkers of the twentieth century In particular the book discusses in detail his friendships with three significant artists Pavel Tchelitchew Ben Shahn and R B Kitaj In the process the existence of an alternative to the prevailing formalist approach of Alfred Barr and Clement Greenberg to modern art based on the enduring importance of the symbol is revealed
