Gargantua and Pantagruel François Rabelais,1952 **The Dream of a Democratic Culture** T. Lacy,2013-11-26 This book presents a moderately revisionist history of the great books idea anchored in the following movements and struggles fighting anti intellectualism advocating for the liberal arts distributing cultural capital and promoting a public philosophy anchored in mid century liberalism that fostered a shared civic culture The Ring of Truth and Other Myths of Sex and Jewelry Wendy Doniger,2017 In *The Ring of Truth* Wendy Doniger expertly unfolds the cultural and historical significance of rings and other kinds of circular jewelry through timeless stories taken from mythology religious traditions and literature Each chapter like a separate charm on a charm bracelet considers a different constellation of stories linked by a common cluster of meanings the mutual imitation of real and fake legal and illegal marital and extra marital jewelry the circular form of rings and bracelets miming the circle of eternity which persists in the face of human ephemera **A Catholic Looks at Life** James Joseph Walsh,1928 **The Grotesque Body in Early Christian Discourse** Istvan Czachesz,2014-10-14 Early Christian apocryphal and conical documents present us with grotesque images of the human body often combining the playful and humorous with the repulsive and fearful First to third century Christian literature was shaped by the discourse around and imagery of the human body This study analyses how the iconography of bodily cruelty and visceral morality was produced and refined from the very start of Christian history The sources range across Greek comedy Roman and Jewish demonology and metamorphosis traditions The study reveals how these images originated were adopted and were shaped to the service of a doctrinally and psychologically persuasive Christian message Enviro-Toons Deidre M. Pike,2014-01-10 This book takes an ecocritical approach to analytical readings of animated feature films short subjects and television shows Beginning with the simply subversive environmental messages in the Felix the Cat cartoons of the 1920s the author examines green themes in such popular animated film efforts as *Bambi* 1942 *The Simpsons Movie* 2007 *Wall E* 2008 and *Happy Feet* 2008 as well as James Cameron s live action animation blockbuster *Avatar* 2009 The discussion extends beyond American films to include the works of Japanese animator Hayao Miyazaki including the Oscar winning *Spirited Away* 2002 Also evaluated for their pro ecological content are the television cartoon series *South Park* and *Futurama* The appendix provides a list of film and television titles honored with the Environmental Media Award for Animation **The Reader's Handbook of Famous Names in Fiction, Allusions, References, Proverbs, Plots, Stories, and Poems** Ebenezer Cobham Brewer,1910
