**Race, Class, and Politics** Gary B. Nash, 1986      Colonial America: An Encyclopedia of Social, Political, Cultural, and Economic History James Ciment, 2016-09-16 No era in American history has been more fascinating to Americans or more critical to the ultimate destiny of the United States than the colonial era Between the time that the first European settlers established a colony at Jamestown in 1607 through the signing of the Declaration of Independence the outlines of America's distinctive political culture economic system social life and cultural patterns had begun to emerge Designed to complement the high school American history curriculum as well as undergraduate survey courses Colonial America An Encyclopedia of Social Political Cultural and Economic History captures it all the people institutions ideas and events of the first three hundred years of American history While it focuses on the thirteen British colonies stretching along the Atlantic Colonial America sets this history in its larger contexts Entries also cover Canada the American Southwest and Mexico and the Caribbean and Atlantic world directly impacting the history of the thirteen colonies This encyclopedia explores the complete early history of what would become the United States including portraits of Native American life in the immediate pre contact period early Spanish exploration and the first settlements by Spanish French Dutch Swedish and English colonists This monumental five volume set brings America's colonial heritage vibrantly to life for today's readers It includes thematic essays on major issues and topics detailed A Z entries on hundreds of people institutions events and ideas thematic and regional chronologies hundreds of illustrations primary documents and a glossary and multiple indexes      **The Economy of British America, 1607-1789** John J. McCusker, Russell R. Menard, 2014-01-01 By the American Revolution the farmers and city dwellers of British America had achieved individually and collectively considerable prosperity The nature and extent of that success are still unfolding In this first comprehensive assessment of where research on prerevolutionary economy stands what it seeks to achieve and how it might best proceed the authors discuss those areas in which traditional work remains to be done and address new possibilities for a new economic history      **A Companion to African American History** Alton Hornsby, Jr., 2008-04-15 A Companion to African American History is a collection of original and authoritative essays arranged thematically and topically covering a wide range of subjects from the seventeenth century to the present day Analyzes the major sources and the most influential books and articles in the field Includes discussions of globalization region migration gender class and social forces that make up the broad cultural fabric of African American history      **Children of Fire** Thomas C. Holt, 2011-09-27 Simply brilliant The first survey of African American history to rival John Hope Franklin and Evelyn Brooks Higginbotham's From Slavery to Freedom Henry Louis Gates Jr Ordinary people don't experience history as it is taught by historians The same people who lived through the Civil War and the eradication of slavery also dealt with the hardships of Reconstruction so why do we almost always treat them separately In Children of Fire renowned historian Thomas C Holt challenges this form to tell the story of generations of African Americans through the lived experience of the

subjects themselves with all of the nuances ironies contradictions and complexities one might expect Holt captures the entire African American experience from the moment the first twenty African slaves were sold at Jamestown in 1619 Each chapter focuses on a generation of individuals who shaped the course of American history hoping for a better life for their children but often confronting the ebb and flow of their civil rights and status within society Many familiar faces grace these pages Frederick Douglass W E B DuBois Martin Luther King and Barack Obama but also some overlooked ones Figures like Anthony Johnson a slave who bought his freedom in late seventeenth century Virginia and built a sizable plantation only to have it stolen away from his children by an increasingly racist court system Or Frank Moore a WWI veteran and sharecropper who sued his landlord for unfair practices but found himself charged with murder after fighting off an angry white posse Taken together their stories tell how African Americans fashioned a culture and identity amid the turmoil of four centuries of American history Provocative readable passionate Publishers Weekly *The Loyalist Problem in Revolutionary New England* Thomas N. Ingersoll, 2016-10-24 The Loyalist Problem in Revolutionary New England begins with a snapshot of the region on the eve of the Boston Tea Party The colonists Republican tradition helped them spark the Revolution but their special history also threatened the unity of the United States throughout the Revolutionary War for Loyalists tried to discredit New Englanders as a naturally rebellious people Yet Ingersoll shows that the rebels never sought to drive the dissenters out of the new nation and accorded them a remarkable degree of liberal toleration with the great majority of Loyalists ultimately becoming citizens of the new states **Political Poetry as Discourse** Angela M. Leonard, 2010-01-01 Political Poetry as Discourse examines the works of the political poets John Greenleaf Whittier and Ebenezer Elliott drawing comparisons to contemporary hip hoppers who take their words from local newspapers and other discursive sources that they read hear and observe Local presses and news vehicles stand as cultural material forms that supply poets with words particularly words that congeal into patterns of language allowing the creation of a poetic discourse As readers of these poets apply techniques and theories of discourse analysis they reveal how poets borrow lift hijack or resituate words from one or more different genres to use as tools of political change Leonard engages with the critical toolboxes of content analysis semiosis and deconstruction to demonstrate how to critically investigate and interrogate the images sounds and words not just of politically engaged poets but also of any disseminator of culture and news Moving beyond theory into praxis this book becomes a model of its own transgressive premise by thinking analyzing writing and teaching against the grain Its focus on language as unbounded discourse makes this book a relevant and insightful demonstration in democratic pedagogy and in teaching for transformation *Empires of the Atlantic World* J. H. Elliott, 2006-01-01 This epic history compares the empires built by Spain and Britain in the Americas from Columbus's arrival in the New World to the end of Spanish colonial rule in the early nineteenth century J H Elliott one of the most distinguished and versatile historians working today offers us history on a grand scale contrasting the worlds built by Britain and by Spain on the ruins of the civilizations they encountered

and destroyed in North and South America Elliott identifies and explains both the similarities and differences in the two empires processes of colonization the character of their colonial societies their distinctive styles of imperial government and the independence movements mounted against them Based on wide reading in the history of the two great Atlantic civilizations the book sets the Spanish and British colonial empires in the context of their own times and offers us insights into aspects of this dual history that still influence the Americas      Slavery and Freedom in Delaware, 1639-1865 William H. Williams,1996-06-01 William H Williams fills a gap in the literature on slavery in America This book is the first comprehensive analysis of the peculiar institution in the First State An excellent text for courses in colonial and antebellum history Slavery and Freedom in Delaware provides valuable insight into this unfortunate unforgettable period in the nation s history      Founding Myths Ray Raphael,2014-07-04 First published ten years ago award winning historian Ray Raphael s Founding Myths has since established itself as a landmark of historical myth busting With the author s trademark wit and flair Founding Myths exposes the errors and inventions in America s most cherished tales from Paul Revere s famous ride to Patrick Henry s Liberty or Death speech For the seventy thousand readers who have been captivated by Raphael s eye opening accounts history has never been the same In this revised tenth anniversary edition Raphael revisits the original myths and explores their further evolution over the past decade uncovering new stories and peeling back additional layers of misinformation This new edition also examines the highly politicized debates over America s past as well as how school textbooks and popular histories often reinforce rather than correct historical mistakes A book that explores the truth behind the stories of the making of our nation National Public Radio this revised edition of Founding Myths will be a welcome resource for anyone seeking to separate historical fact from fiction      **The Conundrum of Class** Martin J. Burke,1995-09 Martin Burke traces the surprisingly complicated history of the idea of class in America from the forming of a new nation to the heart of the Gilded Age Surveying American political social and intellectual life from the late 17th to the end of the 19th century Burke examines in detail the contested discourse about equality the way Americans thought and wrote about class class relations and their meaning in society Burke explores a remarkable range of thought to establish the boundaries of class and the language used to describe it in the works of leading political figures social reformers and moral philosophers He traces a shift from class as a legal category of ranks and orders to socio economic divisions based on occupations and income Throughout the century he finds no permanent consensus about the meaning of class in America and instead describes a culture of conflicting ideas and opinions      **Encyclopedia of Historians and Historical Writing** Kelly Boyd,2019-10-09 The Encyclopedia of Historians and Historical Writing contains over 800 entries ranging from Lord Acton and Anna Comnena to Howard Zinn and from Herodotus to Simon Schama Over 300 contributors from around the world have composed critical assessments of historians from the beginning of historical writing to the present day including individuals from related disciplines like J rgen Habermas and Clifford Geertz whose theoretical contributions have informed historical

debate Additionally the Encyclopedia includes some 200 essays treating the development of national regional and topical historiographies from the Ancient Near East to the history of sexuality In addition to the Western tradition it includes substantial assessments of African Asian and Latin American historians and debates on gender and subaltern studies **Not All Wives** Karin A. Wulf,2019-05-15 Marital status was a fundamental legal and cultural feature of women s identity in the eighteenth century Free women who were not married could own property and make wills contracts and court appearances rights that the law of coverture prevented their married sisters from enjoying Karin Wulf explores the significance of marital status in this account of unmarried women in Philadelphia the largest city in the British colonies In a major act of historical reconstruction Wulf draws upon sources ranging from tax lists censuses poor relief records and wills to almanacs newspapers correspondence and poetry to recreate the daily experiences of women who were never married widowed divorced or separated With its substantial population of unmarried women eighteenth century Philadelphia was much like other early modern cities but it became a distinctive proving ground for cultural debate and social experimentation involving those women Arguing that unmarried women shaped the city as much as it shaped them Wulf examines popular literary representations of marriage the economic hardships faced by women and the decisive impact of a newly masculine public culture in the late colonial period **The Harvard Guide to African-American History** Evelyn Brooks Higginbotham,2001 This massive guide sponsored by the W E B Du Bois Institute for Afro American Research at Harvard University and compiled by renowned experts offers a compendium of information and interpretation on over 500 years of black experience in America *Divergent Visions, Contested Spaces* Jeffrey Hotz,2021-04-29 This multicultural project examines fictional and non fictional accounts of travel in the Early Republic and antebellum periods Connecting literary representations of geographic spaces within and outside of U S borders to evolving definitions of national American identity the book explores divergent visions of contested spaces Through an examination of depictions of the land and travel in fiction and non fiction the study uncovers the spatial and legal conceptions of national identity The study argues that imagined geographies in American literature dramatize a linguistic contest among dominant and marginal voices Blending interpretations of canonical authors such as James Fenimore Cooper Frederick Douglass Richard Henry Dana Jr and Herman Melville with readings of less well known writers like Gilbert Imlay Elizabeth House Trist Sauk Chief Black Hawk William Grimes and Moses Roper the book interprets diverse authors impressions of significant spaces migrations The movements and regions covered include the Anglo American migration to the Trans Appalachian Valley after the Revolutionary War the 1803 Louisiana Purchase and Anglo American travel west of the Mississippi the Underground Railroad as depicted in the fugitive slave narrative and novel and the extension of American interests in maritime endeavors off the California coast and in the South Pacific *Racism in Contemporary America* Meyer Weinberg,1996-05-23 Racism in Contemporary America is the largest and most up to date bibliography available on current research on the topic It has been compiled by award

winning researcher Meyer Weinberg who has spent many years writing and researching contemporary and historical aspects of racism Almost 15 000 entries to books articles dissertations and other materials are organized under 87 subject headings In addition there are author and ethnic racial indexes Several aids help the researcher access the materials included In addition to the subject organization of the bibliography entries are annotated whenever the title is not self explanatory An author index is followed by an ethnic racial index which makes it convenient to follow a single group through any or all the subject headings This is a source book for the serious study of America s most enduring problem as such it will be of value to students and researchers at all levels and in most disciplines

**Grasping at Independence** Robert S. Weise,2001 By

closely studying the strategic blend of land ownership subsistence agriculture and commerce Weise reveals how white male farmers in Floyd County attempted to achieve and preserve patriarchal authority and independence and how this household localism laid the foundation for the region s development during the industrial era By shifting attention from the actions of industrialists to those of local residents he reconciles contradictory views of antebellum Appalachia and offers a new understanding of the region s history and its people Jacket

*In The Company Of Black Men* Craig Steven

Wilder,2002-02-01 Traces the development of African American community traditions over three centuries From the subaltern assemblies of the enslaved in colonial New York City to the benevolent New York African Society of the early national era to the formation of the African Blood Brotherhood in twentieth century Harlem voluntary associations have been a fixture of African American communities In the Company of Black Men examines New York City over three centuries to show that enslaved Africans provided the institutional foundation upon which African American religious political and social culture could flourish Arguing that the universality of the voluntary tradition in African American communities has its basis in collectivism a behavioral and rhetorical tendency to privilege the group over the individual it explores the institutions that arose as enslaved Africans exploited the potential for group action and mass resistance Craig Steven Wilder s research is particularly exciting in its assertion that Africans entered the Americas equipped with intellectual traditions and sociological models that facilitated a communitarian response to oppression Presenting a dramatic shift from previous work which has viewed African American male associations as derivative and imitative of white male counterparts In the Company of Black Men provides a ground breaking template for investigating antebellum black institutions

*The Shaping of Liberal Politics in Revolutionary France* Anne Sa'adah,2014-07-14

Marshalling historical materials to make a descriptive argument in social theory this wide ranging book compares the liberal revolution in France to the liberal revolutions in England and America and argues that the causes and outcomes of these upheavals were decisive in shaping later patterns of politics Conflict is the stuff of politics writes Anne Sa'adah and liberal politics because of its emphasis on the individual and its legitimation of self interest complicates the task of creating political community in a particularly interesting way In England and America the tension between conflict and community was resolved in a manner consistent with political stability In France the tension

produced an instability that has surfaced periodically throughout subsequent French history Why this is so is the subject of a work that treats the making of the modern political world in an unusually systematic way In France England and America the relationship of the state to society under the prerevolutionary regime limited revolutionary options Sa adah focuses on how this relationship created a politics of exclusion in France while allowing a politics of transaction in England and America Originally published in 1990 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905      **Sojourners, Sultans, and Slaves** Gunja

SenGupta,Awam Amkpa,2023-02-21 In the nineteenth century global systems of capitalism and empire knit the North Atlantic and Indian Ocean worlds into international networks in contest over the meanings of slavery and freedom Sojourners Sultans and Slaves mines multinational archives profiles transnational human rights campaigns shows how the discourses of poverty kinship and care could be adapted to defend servitude in different parts of the world and reveals the tenuous boundaries that such discourses shared with Whiggish contractual notions of freedom An intercontinental cast of empire builders and migr s slavers and reformers a cotton queen and courtesans and fugitive slaves and concubines populate the pages fleshing out on a granular level the interface between the personal domestic and international politics of slavery in the East and in the age of empire By extending the transnational framework of U S slavery and abolition histories beyond the Atlantic Gunja SenGupta and Awam Amkpa recover vivid stories and prompt reflections on the comparative workings of subaltern agency
