Shelby American Up Close and Behind the Scenes Dave Friedman,2017-08-01 Shelby American Up Close and Behind the  
Scenes brings you closer to the action than ever before with Shelby himself as he creates his iconic speed machines Prepare  
for a ride like none other In 1962 retired racing great Carroll Shelby was looking for his next big move He d started a racing  
school at Riverside Raceway in California but he really wanted to build his own sports and racing car He found a promising  
platform in the British AC Ace and set about stuffing an American V 8 between the AC s dainty fenders Thus was born the  
Shelby Cobra Shelby set up shop in Venice California later in 1962 marking the beginning of the classic Cobra era It was a  
near supernatural combination of brilliant designers and wrenches ever faster cars championship winning teams and drivers  
and sheer chutzpah The Venice shop spawned the 289 Cobra Daytona Coupe 427 Cobra Mustang GT350 Sunbeam Tiger and  
more Eventually the Venice facility could not handle the work especially when Ford tapped Shelby to create a high  
performance version of its new and wildly successful Mustang Moving to a larger facility and the closer relationship with  
Ford seemed to diminish the fast and loose nature of the original enterprise Some of the mojo was lost Shelby American Up  
Close and Behind the Scenes takes the reader inside the Venice shop in the critical 1962 1965 period Author photographer  
Dave Friedman was Shelby s official shooter and he documented everything from Cobra construction to paddock wrenching  
to race wins Shelby American Up Close and Behind the Scenes is an insider s look via Friedman s documentary photography  
and first person stories from Shelby s key players It s a must have review of this critical period in both Shelby s history and  
the history of American racing
