*Race Traitor*, 1996      *Critical White Studies* Richard Delgado, Jean Stefancic, 1997 No longer content with accepting whiteness as the norm critical scholars have turned their attention to whiteness itself In *Critical White Studies* Looking Behind the Mirror numerous thinkers including Toni Morrison Eric Foner Peggy McIntosh Andrew Hacker Ruth Frankenberg John Howard Griffin David Roediger Kathleen Heal Cleaver Noel Ignatiev Cherrie Moraga and Reginald Horsman attack such questions as How was whiteness invented and why How has the category whiteness changed over time Why did some immigrant groups such as the Irish and Jews start out as nonwhite and later became white Can some individual people be both white and nonwhite at different times and what does it mean to pass for white At what point does pride in being white cross the line into white power or white supremacy What can whites concerned over racial inequity or white privilege do about it Science and pseudoscience are presented side by side to demonstrate how our views on whiteness often reflect preconception not fact For example most scientists hold that race is not a valid scientific category genetic differences between races are insignificant compared to those within them Yet the one drop rule whereby those with any nonwhite heritage are classified as nonwhite persists even today As the bell curve controversy shows race concepts die hard especially when power and prestige lie behind them A sweeping portrait of the emerging field of whiteness studies *Critical White Studies* presents for the first time the best work from sociology law history cultural studies and literature Delgado and Stefancic expressly offer critical white studies as the next step in critical race theory In focusing on whiteness not only do they ask nonwhites to investigate more closely for what it means for others to be white but also they invite whites to examine themselves more searchingly and to look behind the mirror      Treason to Whiteness Is Loyalty to Humanity Noel Ignatiev, 2022-06-28 A new collection of essays from the bomb throwing intellectual who described the historical origins and evolution of whiteness and white supremacy and taught us how we might destroy it For sixty years Noel Ignatiev provided an unflinching account of whiteness a social fiction and an unmitigated disaster for all working class people This new essay collection from the late firebrand covers the breadth of his life and insights as an autodidact steel worker a groundbreaking theoretician and a bitter enemy of racists everywhere In these essays Ignatiev confronts the Weather Underground and recounts which strategies proved most effective to winning white workers in Gary Indiana to black liberation He discovers the prescient political insights of the nineteenth century abolition movement surveys the wreckage of the revolutionary twentieth century with C L R James and attends to the thorny and contradictory nature of working class consciousness Through it all our attentions are turned to the everyday life of ordinary people whose actions anticipate a wholly new society they have not yet recognized or named In short Ignatiev reflects on the incisive questions of his time and ours How can we drive back the forces of racism in society How can the so called white working class be won over to emancipatory politics How can we build a new human community      **What Do White Americans Owe Black People?** Jason D. Hill, 2021-10-12 In this

provocative and highly original work philosophy professor Jason D Hill explores multiple dimensions of race in America today but most importantly a black white divide which has grown exponentially over the past decade Central to his thesis Hill calls on black American leaders and their white liberal sponsors to escape from the cycle of blame and finger pointing which seeks to identify black failures with white hatred and indifference This overblown narrative is promulgated by a phalanx of black nihilists who advocate the destruction of America and her institutions in the name of ending whiteness Much of the black intelligentsia consists of these false prophets and it is their poisonous ideology which is taught uncontradicted to students of all races It is they who are responsible for the cultural depression blacks are suffering in today s society Ultimately the answer to what do White Americans owe is not about the morality or practicality of reparations affirmative action or other redistributionist schemes Hill rejects the collectivist premise behind the argument instead couching notions of culpability justice and fairness as responsibilities of individuals not arbitrary racial or ethnic groupings

Racism Eileen O'Brien, 2001-08-14 This book asserts the distinctive place that whites can take in the fight for racial justice bringing together interviews with white antiracist activists from across North America Avoiding the typical white options of being nonracist or feeling guilty these whites demonstrate the multitude of ways whites can be proactive in combating modern racism These activists of both genders and all ages have arrived at their antiracist commitments through several different yet typical paths These whites struggle to transform individuals institutions and themselves to varying degrees incurring risks as well as rewards along the way Their affiliations with antiracist organizations or lack thereof play a crucial role in the differences among them and their approaches to antiracist work The whites who are involved with antiracist groups come predominantly from either Anti Racist Action or the People's Institute for Survival and Beyond and the contrast between these two groups woven throughout the analysis leads to the conclusion that there are different types of antiracism Although unity among them may not be possible or even desirable acceptance of a broader concept of racism by all antiracists is one of the ending suggestions for the future of antiracism

MacMullan argues clearly and charitably for white folk to recognize the distance between their color blind ideals and their actual behavior Revitalizing the work of W E B Du Bois and John Dewey MacMullan shows how it is possible to reconstruct racial habits and close the gap between people This forthright and persuasive analysis of the impulses of whiteness ultimately reorganizes them into something more compatible with our country s increasingly multicultural heritage
