## Race And Racism In Modern Philosophy:

Race and Racism in Modern Philosophy Andrew Valls, 2005 An innovative substantial intervention in critical race theory this book brings together an impressive roster of thinkers to trace the question of race in modern philosophical inquiry and explore its influence on contemporary philosophy Nature, Human Nature, & Human Difference Justin E. H. Smith, 2015-06-30 People have always been xenophobic but an explicit philosophical and scientific view of human racial difference only began to emerge during the modern period Why and how did this happen Surveying a range of philosophical and natural scientific texts dating from the Spanish Renaissance to the German Enlightenment Nature Human Nature and Human Difference charts the evolution of the modern concept of race and shows that natural philosophy particularly efforts to taxonomize and to order nature played a crucial role Smith demonstrates how the denial of moral equality between Europeans and non Europeans resulted from converging philosophical and scientific developments including a declining belief in human nature s universality and the rise of biological classification. The racial typing of human beings grew from the need to understand humanity within an all encompassing system of nature alongside plants minerals primates and other animals While racial difference as seen through science did not arise in order to justify the enslavement of people it became a rationalization and buttress for the practices of trans Atlantic slavery From the work of Fran ois Bernier to G W Leibniz Immanuel Kant and others Smith delves into philosophy s part in the legacy and damages of modern racism With a broad narrative stretching over two centuries Nature Human Nature and Human Difference takes a critical historical look at how Kant and the Concept of Race Jon M. the racial categories that we divide ourselves into came into being Mikkelsen, 2013-08-01 Late eighteenth century writings on race by Kant and four of his contemporaries Kant and the Concept of Race features translations of four texts by Immanuel Kant frequently designated his Racenschriften race essays in which he develops and defends an early theory of race Also included are translations of essays by four of Kant's contemporaries E A W Zimmermann Georg Forster Christoph Meiners and Christoph Girtanner which illustrate that Kant's interest in the subject of race was part of a larger discussion about human differences one that impacted the development of scientific fields ranging from natural history to physical anthropology to biology Kant and the Systematicity of the Sciences Gabriele Gava, Thomas Sturm, Achim Vesper, 2025-04-29 This book provides the first comprehensive discussion regarding the role that Kant ascribes to systematicity in the sciences It considers not only what Kant has to say on systematicity in general but also how the systematicity requirement for science is specified in different fields of knowledge The chapters are divided into three thematic sections Part I is devoted to historical context The chapters explore precursors of Kant's account of the systematicity of the sciences Part II addresses the application of systematicity to the special sciences cosmology physics chemistry logic mathematics the life sciences and history Finally Part III explores the systematicity of philosophy Kant and the Systematicity of the Sciences will be of interest to scholars and advanced students working on Kant and the history and

philosophy of science **Black Rights/White Wrongs** Charles W. Mills, 2017-03-01 Liberalism is the political philosophy of equal persons yet liberalism has refused equality to those it saw as sub persons Liberalism is the creed of fairness yet liberalism has been complicit with European imperialism and African slavery Liberalism is the classic ideology of Enlightenment and political transparency yet liberalism has cast a dark veil over its actual racist past and present In sum liberalism's promise of equal rights has historically been denied to blacks and other people of color In Black Rights White Wrongs The Critique of Racial Liberalism political philosopher Charles Mills challenges mainstream accounts that ignore this history and its current legacy in self conceived liberal polities today Mills argues that rather than bracket as an anomaly the role of racism in the development of liberal theory we should see it as shaping that theory in fundamental ways As feminists have urged us to see the dominant form of liberalism as a patriarchal liberalism so too Mills suggests we should see it as a racialized liberalism It is unsurprising then if contemporary liberalism has yet to deliver on the recognition of black rights and the correction of white wrongs These essays look at racial liberalism past and present white ignorance as a guilty ignoring of social reality that facilitates white racial domination Immanuel Kant's role as the most important liberal theorist of both personhood and sub personhood the centrality of racial exploitation in the United States and the evasion of white supremacy in John Rawls s ideal theory framing of social justice and in the work of most other contemporary white political philosophers Nonetheless Mills still believes that a deracialized liberalism is both possible and desirable He concludes by calling on progressives to Occupy liberalism and develop accordingly a radical liberalism aimed at achieving racial justice

(Un)Doing History Vanita Seth,2025-03-31 Against the grain of much contemporary scholarship within medieval studies this work emphasizes the radical alterity and historical rupture that the Middle Ages represents in European history Through an engagement with three contentious debates in medieval studies historiography race and individuated subjectivity Vanita Seth s work employs postcolonial and postmodern theorizing to explore questions of ontology epistemology facial privileging and emotion and identity in the European Middle Ages and early modern period While the subject matter of this book is historical the stakes are contemporary and political Seth's contention is that it is the very alterity that the medieval represents that enables contemporary scholars and activists to recognize as historical that which is so often posited as natural Writing a history of absence while also engaging radically different ways of being in the world this book argues helps to disrupt the self evident naturalization of the face to contest knee jerk celebrations of individuality tethered to the human visage and to recognize racism not as an age old nemesis but as a distinctly modern form of organizing power This work is interdisciplinary engaging scholarship in science studies philosophy feminist theory anthropology race studies and literature and postmodern and postcolonial theory It presumes no prior specialized knowledge in medieval studies and or history This book is an essential reading for scholars and students in the fields of medieval and early modern history race historiography identity and emotion studies

Confucian Feminism Li-Hsiang Lisa Rosenlee, 2024-08-22 In Confucian Feminism Li Hsiang

Lisa Rosenlee expands the theoretical horizons of feminism by using characteristic Confucian terms methods and concerns to interrogate the issue of gender oppression and liberation With its theoretical roots in the Confucian textual tradition this is the first re imagining of Confucianism that enriches and is enriched by feminism Incorporating distinctive Confucian conceptual tools such as ren benevolent governance xiao filial care you friendship li ritual and datong great community Rosenlee creates an ethic of care that is feminist and Confucian At the same time she confronts the issue of gender inequity in Confucian thought Her hybrid feminist theory not only broadens the range of feminist understandings of the roots of gender oppression but opens up what we believe constitutes gender liberation for women transnationally and transculturally Here is a practical ethic that uses Confucianism to navigate the contours of inequality in everyday life Handbook of Philosophical Methodology Herman Cappelen, Tamar Szabó Gendler, John Hawthorne, 2016-06-23 This is the most comprehensive book ever published on philosophical methodology A team of thirty eight of the world's leading philosophers present original essays on various aspects of how philosophy should be and is done The first part is devoted to broad traditions and approaches to philosophical methodology including logical empiricism phenomenology and ordinary language philosophy The entries in the second part address topics in philosophical methodology such as intuitions conceptual analysis and transcendental arguments The third part of the book is devoted to essays about the interconnections between philosophy and neighbouring fields including those of mathematics psychology literature and film and neuroscience Burdens of Empire Anthony Pagden, 2015-03-16 The entire course of modern Western history has been shaped by the rise and fall of the great European empires The Burdens of Empire examines different aspects of this long history focusing on how political theorists jurists historians and others sought to explain what an empire is and to justify its very existence

Utilitarianism as a Way of Life Bart Schultz,2024-08-20 Utilitarianism a commitment to the greatest happiness for the greatest number has been the target of endless opposition According to its critics it ignores the separateness of persons cannot secure the protections of basic rights demands extreme sacrifice can justify anything the list goes on It has been implicated in the horrors of settler colonialism imperialism and racial capitalism both historically and today as the neoliberal world order faces a profound legitimation crisis Bart Schultz argues that utilitarian philosophy must be decolonized and reimagined for the current moment a time of new and looming existential threats in a world desperate for social change Where dominant ethical and political approaches have failed to adequately deal with the enormous challenges we face utilitarianism as a set of lived practices not simply a theoretical construction may hold out some hope of seriously addressing them Drawing on alternatives to the well known Eurocentric story of utilitarianism and an extensive review and critique of that story and incorporating the works of Peter Singer Katarzyna de Lazari Radek Derek Parfit Martha Nussbaum and other major philosophers Schultz crafts a groundbreaking new framework of utilitarianism born of struggle and resistance Utilitarianism as a Way of Life is an essential text for scholars and students of philosophy political science economics

The volume draws on Kantian ethics to discuss various contemporary issues including sustainable development moral enhancement sexism and racism It also tackles general concepts of practical philosophy such as lying the different kinds of moral duties and the kind of motivation one needs for doing what we consider the right thing Featuring readings by well known Kant specialists and emerging scholars with unorthodox approaches to Kant's philosophy the volume will be of great interest to scholars and researchers of philosophy politics and ethics It will also appeal to moral theorists applied ethicists and environmental theorists Seeing Color in Classical Art Jennifer M. S. Stager, 2022-12-15 The remains of ancient Mediterranean art and architecture that have survived over the centuries present the modern viewer with images of white the color of the stone often used for sculpture Antiquarian debates and recent scholarship however have challenged this aspect of ancient sculpture There is now a consensus that sculpture produced in the ancient Mediterranean world as well as art objects in other media were in fact polychromatic Color has consequently become one of the most important issues in the study of classical art Jennifer Stager's landmark book makes a vital contribution to this discussion Analyzing the dyes pigments stones earth and metals found in ancient art works along with the language that writers in antiquity used to describe color she examines the traces of color in a variety of media Stager also discusses the significance of a reception history that has emphasized whiteness revealing how ancient artistic practice and ancient philosophies of color significantly influenced one another The Human in a <u>Dehumanizing World</u> Coblentz, Jessica, Horan, OFM, Daniel P., 2022-04-20 CTS annual volume focusing on dehumanization

She creatively responds to the animalization of Blackness by generating alternative frameworks of thought and relationality that not only disrupt the racialization of the human animal distinction found in Western science and philosophy but also challenge the epistemic and material terms under which the specter of animal life acquires its authority What emerges is a radically unruly sense of a being knowing feeling existence one that necessarily ruptures the foundations of the human Enlightened Colonialism Damien Tricoire, 2017-08-11 This book further qualifies the postcolonial thesis and shows its limits To reach these goals it links text analysis and political history on a global comparative scale Focusing on imperial agents their narratives of progress and their political aims and strategies it asks whether Enlightenment gave birth to a new colonialism between 1760 and 1820 Has Enlightenment provided the cultural and intellectual origins of modern colonialism For decades historians of political thought philosophy and literature have debated this question On one side many postcolonial authors believe that enlightened rationalism helped delegitimize non European cultures On the other side some historians of ideas and literature are willing to defend at least some eighteenth century philosophers whom they consider to have been anti colonialists Surprisingly enough both sides have focused on literary and philosophical texts but have rarely taken political and social practice into account

Grounds for Respect Kristi Giselsson,2012-01-01 Grounds for Respect broaches a question that is of vital importance to all namely what grounds do we need in order to justify respect for others In exploring this question the author provides not only a critical overview of traditional and contemporary approaches to and critiques of the concept of a common humanity but also offers a distinctively new approach as to what it might mean to be human **Beyond the Pale** Miguel A.
