## **Race Self Employment And Upward Mobility An Illusive American Dream:**

*Race, Self-Employment, and Upward Mobility* Timothy Mason Bates, 1997 Refuting traditional notions about entrepreneurship and opportunity scholar Timothy Bates finds that across all racial and ethnic lines self employment and upward mobility mainly are open to those who are educated skilled and with significant financial resources Bates's analysis is based largely on the massive Characteristics of Business Owners survey compiled by the U S Census Bureau      **Toward the Meeting of the Waters** Winfred B. Moore, Jr., Orville Vernon Burton, 2022-03-23 2009 Choice Outstanding Academic Title A provocative look into civil rights progress in the Palmetto State from activists statesmen and historians *Toward the Meeting of the Waters* represents a watershed moment in civil rights history bringing together voices of leading historians alongside recollections from central participants to provide the first comprehensive history of the civil rights movement as experienced by black and white South Carolinians Edited by Winfred B Moore Jr and Orville Vernon Burton this work originated with a highly publicized landmark conference on civil rights held at the Citadel in Charleston The volume opens with an assessment of the transition of South Carolina leaders from defiance to moderate enforcement of federally mandated integration and includes commentary by former governor and U S senator Ernest F Hollings and former governor John C West Subsequent chapters recall defining moments of white on black violence and aggression to set the context for understanding the efforts of reformers such as Levi G Byrd and Septima Poinsette Clark and for interpreting key episodes of white resistance Emerging from these essays is arresting evidence that although South Carolina did not experience as much violence as many other southern states the civil rights movement here was more fiercely embattled than previously acknowledged The section of retrospectives serves as an oral history of the era as it was experienced by a mixture of locally and nationally recognized participants including historians such as John Hope Franklin and Tony Badger as well as civil rights activists Joseph A De Laine Jr Beatrice Brown Rivers Charles McDew Constance Curry Matthew J Perry Jr Harvey B Gantt and Cleveland Sellers Jr The volume concludes with essays by historians Gavin Wright Dan Carter and Charles Joyner who bring this story to the present day and examine the legacy of the civil rights movement in South Carolina from a modern perspective *Toward the Meeting of the Waters* also includes thirty seven photographs from the period most of them by Cecil Williams and many published here for the first time      *The Economics of Self-Employment and Entrepreneurship* Simon C. Parker, 2004-02-19 As self employment and entrepreneurship become increasingly important in our modern economies Simon C Parker provides a timely definitive and comprehensive overview of the field In this book he brings together and assesses the large and disparate literature on these subjects and provides an up to date overview of new research findings Key issues addressed include the impact of ability risk personal characteristics and the macroeconomy on entrepreneurship issues involved in raising finance for entrepreneurial ventures with an emphasis on the market failures that can arise as a consequence of asymmetric information the job creation performance of the self employed the growth innovation and exit behaviour of new

ventures and small firms and the appropriate role for governments interested in promoting self employment and entrepreneurship This book will serve as an essential reference guide to researchers students and teachers of entrepreneurship in economics business and management and other related disciplines **Race and Economic Opportunity in the Twenty-First Century** Marlene Kim,2007-06-19 Examining the crucial topic of race relations this book contains contributions from a range of international contributors The authors explore the economic and social environments that play a significant role in determining economic outcomes and why racial disparities persist **Not Just Black and White** Nancy Foner,George M. Fredrickson,2004-04-22 Immigration is one of the driving forces behind social change in the United States continually reshaping the way Americans think about race and ethnicity How have various racial and ethnic groups including immigrants from around the globe indigenous racial minorities and African Americans related to each other both historically and today How have these groups been formed and transformed in the context of the continuous influx of new arrivals to this country In Not Just Black and White editors Nancy Foner and George M Fredrickson bring together a distinguished group of social scientists and historians to consider the relationship between immigration and the ways in which concepts of race and ethnicity have evolved in the United States from the end of the nineteenth century to the present Not Just Black and White opens with an examination of historical and theoretical perspectives on race and ethnicity The late John Higham in the last scholarly contribution of his distinguished career defines ethnicity broadly as a sense of community based on shared historical memories using this concept to shed new light on the main contours of American history The volume also considers the shifting role of state policy with regard to the construction of race and ethnicity Former U S census director Kenneth Prewitt provides a definitive account of how racial and ethnic classifications in the census developed over time and how they operate today Other contributors address the concept of panethnicity in relation to whites Latinos and Asian Americans and explore socioeconomic trends that have affected and continue to affect the development of ethno racial identities and relations Joel Perlmann and Mary Waters offer a revealing comparison of patterns of intermarriage among ethnic groups in the early twentieth century and those today The book concludes with a look at the nature of intergroup relations both past and present with special emphasis on how America s principal non immigrant minority African Americans fits into this mosaic With its attention to contemporary and historical scholarship Not Just Black and White provides a wealth of new insights about immigration race and ethnicity that are fundamental to our understanding of how American society has developed thus far and what it may look like in the future **Latino Small Businesses and the American Dream** Melvin Delgado,2011-10-04 Latino small businesses provide social economic and cultural comfort to their communities They are also excellent facilitators of community capacity a major component of effective social work practice Social work practitioners have a vested interest in seeing such businesses grow not only among Latinos but all communities of color Reviewing the latest research on formal and informal economies within urban communities of color Melvin Delgado lays out the

demographic foundations for a richer collaboration between theory and practice Delgado deploys numerous case studies to cement the link between indigenous small businesses and community well being Whether regulated or unregulated these establishments hire from within and promote immigrant self employment Latino small businesses often provide jobs for those whose criminal and mental health backgrounds intimidate conventional businesses Recently estimated to be the largest group of color running small businesses in the United States Latino owners top two million with the number expected to double within the next few years Joining an understanding of these institutions with the kind of practice that enables their social and economic improvement Delgado explains how to identify and mobilize the kinds of resources that best spur their development

*America Becoming* National Research Council, Commission on Behavioral and Social Sciences and Education, 2001-02-25 The 20th Century has been marked by enormous change in terms of how we define race In large part we have thrown out the antiquated notions of the 1800s giving way to a more realistic sociocultural view of the world The United States is perhaps more than any other industrialized country distinguished by the size and diversity of its racial and ethnic minority populations Current trends promise that these features will endure Fifty years from now there will most likely be no single majority group in the United States How will we fare as a nation when race based issues such as immigration job opportunities and affirmative action are already so contentious today In *America Becoming* leading scholars and commentators explore past and current trends among African Americans Hispanics Asian Americans and Native Americans in the context of a white majority This volume presents the most up to date findings and analysis on racial and social dynamics with recommendations for ongoing research It examines compelling issues in the field of race relations including Race and ethnicity in criminal justice Demographic and social trends for Hispanics Asian Americans and Native Americans Trends in minority owned businesses Wealth welfare and racial stratification Residential segregation and the meaning of neighborhood Disparities in educational test scores among races and ethnicities Health and development for minority children adolescents and adults Race and ethnicity in the labor market including the role of minorities in America's military Immigration and the dynamics of race and ethnicity The changing meaning of race Changing racial attitudes This collection of papers compiled and edited by distinguished leaders in the behavioral and social sciences represents the most current literature in the field Volume 1 covers demographic trends immigration racial attitudes and the geography of opportunity Volume 2 deals with the criminal justice system the labor market welfare and health trends Both books will be of great interest to educators scholars researchers students social scientists and policymakers

**De Gruyter Handbook of Poverty, Disadvantage and Entrepreneurship** Michael H. Morris, Susana C. Santos, 2024-12-16 Is entrepreneurship a pathway out of poverty Does creating a business represent a means for improving one s life circumstances Surprisingly little is known about ventures started by those in circumstances of poverty This pioneering handbook integrates diverse perspectives from around the world regarding the poverty and entrepreneurship interface While the tendency among many scholars economic developers and policymakers is to downplay these ventures arguing they are largely inefficient marginal enterprises that create little innovation and few jobs the chapters in this handbook demonstrate their significant contributions and encourage societies to invest in their development The authors explore a range of factors affecting the ability of the poor to create enterprises that contribute to their well being including the role played by personal capabilities education family support and faith availability of microfinance technology supportive community ecosystems and a munificent institutional environment By shedding light on issues that can help nations realize the potential of these ventures this volume demonstrates how entrepreneurship can serve as a source of empowerment while providing direction regarding ways to surmount the obstacles that stand in the way

Can the Poor Save? Michael Sherraden, 2017-09-08 Many policymakers argue that the best poverty policy not only provides cash to the poor for subsistence but also incentives and structures that encourage long term social and economic improvement As part of this they make the case for Individual Development Accounts IDAs a new policy proposal designed to help the poor save and to build assets This book explores IDAs to determine their effectiveness IDAs are matched savings accounts targeted on low income low wealth individuals Savings in IDAs are used for home ownership post secondary education small business development and other purposes Do IDAs work If they do for whom And does how an IDA is designed determine savings outcomes This volume is the first analysis of matched savings by the poor to use data from monthly bank statements It comes at a critical time as debate rages over the merits of individual social security accounts IDAs also respond to policy that is becoming more asset based and less inclusive of the poor The authors argue for the efficacy of IDAs to counter this tendency They find that while savings outcomes vary among participants no characteristics such as low income or public assistance preclude saving They examine effects of IDA design

the match rate savings targets and the use of automatic transfer on savings results and analyze factors that influence varying rates of saving and spending over time They conclude that financial education and other support services though costly improve savings performance To address the issue of cost they suggest a two tier system of IDA design one with broad access and simple services and the other with targeted access and intensive services Can the Poor Save offers a wealth of lessons to those interested in saving and asset accumulation among the poor It not only breaks new ground in the scientific study of savings behavior but also offers concrete evidence based recommendations to improve policies designed to encourage the poor to save and how to make such policies more inclusive

**The Hidden Cost of Being African American** Thomas M. Shapiro, 2004 Over the past three decades racial prejudice in

America has declined significantly and many African American families have seen a steady rise in employment and annual income. But alongside these encouraging signs, Thomas Shapiro argues in *The Hidden Cost of Being African American* that fundamental levels of racial inequality persist, particularly in the area of asset accumulation: inheritance, savings accounts, stocks, bonds, home equity, and other investments. Shapiro reveals how the lack of these family assets, along with continuing racial discrimination in crucial areas like homeownership, dramatically impact the everyday lives of many Black families, reversing gains earned in schools and on jobs and perpetuating the cycle of poverty in which far too many find themselves trapped. Shapiro uses a combination of in-depth interviews with almost 200 families from Los Angeles, Boston, and St. Louis, and national survey data with 10,000 families to show how racial inequality is transmitted across generations. We see how those families with private wealth are able to move up from generation to generation, relocating to safer communities with better schools and passing along the accompanying advantages to their children. At the same time, those without significant wealth remain trapped in communities that don't allow them to move up, no matter how hard they work. Shapiro challenges white middle-class families to consider how the privileges that wealth brings not only improve their own chances but also hold back people who don't have them. This wealthfare is a legacy of inequality that, if unchanged, will project social injustice far into the future. Showing that over half of Black families fall below the asset poverty line at the beginning of the new century, *The Hidden Cost of Being African American* will challenge all Americans to reconsider what must be done to end racial inequality.

**Economic Development for Everyone** Mark M. Miller, 2017-05-09

How do we create employment, grow businesses, and build greater economic resilience in our low-income communities? How do we create economic development for everyone everywhere, including rural towns, inner-city neighborhoods, aging suburbs, and regions such as Appalachia, American Indian reservations, the Mexican border, and the Mississippi Delta, and not just in elite communities? *Economic Development for Everyone* collects, organizes, and reviews much of the current research available on creating economic development in low-income communities. Part I offers an overview of the harsh realities facing low-income communities in the US today, their many economic and social challenges, debates on whether to try reviving local economies vs. relocating residents, and current trends in economic development that emphasize high-tech industry and high levels of human capital. Part II organizes the sprawling literature of applied economic development research into a practical framework of five dynamic dimensions: empower your residents, begin with basic education, enhance your community, build on existing assets, encourage your entrepreneurs, diversify your economy, and sustain your development. This book, assembled and presented in a unified framework, will be invaluable for students and new researchers of economic development in low-income communities and will offer new perspectives for established researchers, professional economic developers, and planners and public officials. Development practitioners and community leaders will also find new ideas and opportunities along with a broad view on how the many complex parts of economic development interconnect.

**Neighborhood Poverty and Segregation in the (Re-)Production of Disadvantage** Dolores Trevizo, Mary Lopez, 2018-05-31 Focusing on shopkeepers in Latino a neighborhoods in Los Angeles Dolores Trevizo and Mary Lopez reveal how neighborhood poverty affects the business performance of Mexican immigrant entrepreneurs Their survey of shopkeepers in twenty immigrant neighborhoods demonstrates that even slightly less impoverished multiethnic communities offer better business opportunities than do the highly impoverished racially segregated Mexican neighborhoods of Los Angeles Their findings reveal previously overlooked aspects of microclass as well as legal capital advantages The authors argue that even poor Mexican immigrants whose class backgrounds in Mexico imparted an entrepreneurial disposition can achieve a modicum of business success in the right U S neighborhood context and the more quickly they build legal capital the better their outcomes While the authors show that the local place characteristics of neighborhoods both reflect and reproduce class and racial inequalities they also demonstrate that the diversity of experience among Mexican immigrants living within the spatial boundaries of these communities can contribute to economic mobility

The Store in the Hood Steven J. Gold, 2010-10-16 The Store in the Hood is a comprehensive study of conflicts between immigrant merchants and customers throughout the U S during the 20th century From the lynchings of Sicilian immigrant merchants in the late 1800s to the riots in L A following the acquittal of the police officers who beat Rodney King to present day Detroit recurrent conflicts between immigrant business owners and their

customers have disrupted the stability of American life Devastating human lives property and public order these conflicts have been the subject of periodic investigations that are generally limited in scope and emphasize the outlooks and cultural practices of the involved groups as the root of most disputes This book develops a more nuanced understanding by exploring merchant customer conflicts over the past hundred years across a wide range of ethnic groups and settings Utilizing published research official statistics interviews and ethnographic data collected from diverse locations the book reveals how powerful groups and institutions have shaped the environments in which merchant customer conflicts occur These conflicts must be seen as products of the larger society s values policies and structures not solely as a consequence of actions by immigrants the urban poor and other marginal groups *Living in Two Homes* Mariella Espinoza Herold,Rina Manuela Contini,2017-04-21 This book gathers researchers from across the globe to examine paradigms policies and practices for developing an inclusive intercultural and transnational framework to reduce societal inequities brought about by transnational migration This is necessary to positively integrate culturally diverse families into schools and societies
