Matthew's Account of the Massacre of the Innocents in Light of its Reception History Sung J. Cho, 2021-10-21 Sung Cho addresses the seeming contradiction of Herod the Great's massacre in Matthew 2:16-18 questioning why such a tragedy had to occur why it was included in the good news of Jesus and what connection it has to ancient prophecies In creating a reception history of the Massacre of the Innocents Cho progresses through two millennia worth of interpretation and depiction to highlight key works for discussion Beginning with a close reading of Matthew 2:16-18 Cho moves to analyse depictions of the tragedy in the Early Patristic Tradition from the sixth century to the early modern period and thus to the present day complete with an examination of visual interpretations of the massacre Cho's examination

provides a positive step to understanding the depths of human suffering with the help of many diverse perspectives

Abortion Clinic Violence United States. Congress. House. Committee on the Judiciary. Subcommittee on Civil and Constitutional Rights, 1987 Philemon's Problem James Tunstead Burtchaell, 1998 Philemon was a wealthy Christian whose slave Onesimus went off in search of freedom met and listened to Paul and joined the church But instead of being given a new life of his own Onesimus was sent back by Paul to an aggrieved master with no protection but his mentor's brief Letter to Philemon Paul never asked Philemon to free his slave Instead he admonished him to take Onesimus back only now as his brother in Christ This left both master and bondsman with a problem how could one man own another and both be brothers in Christ In this unique work James Tunstead Burtchaell uses the ancient story of Philemon and Onesimus as a compelling entry into modern theological reflection on the unbelievable reach of the grace and forgiveness of the Father whose Son died without disciples rose to reconcile and transform them and then scattered them around the world as men and women who were now also able to love those who loved them not and transform them too According to Burtchaell in order for the faith of Philemon and Onesimus to cope with Paul's imperative they required an inspired imagination to take in the notion that the Father loves sinners i.e. all of us and he neither would nor could do otherwise For Philemon and Onesimus to undertake such a relentless love themselves would require frighteningly new convictions new commitments and new celebrations

Abortion: Understanding Differences Sidney Callahan, Daniel Callahan, 2012-12-06 SIDNEY CALLAHAN AND DANIEL CALLAHAN This book like many other things to do with abortion is a product of long controversy Though carried out with cooperation it was conceived in conflict The conflict between the coeditors has persisted for years in fact for at least half of their thirty year marriage One Sidney is prolife the other Daniel is prochoice Ever since the topic of abortion became of professional interest to us in the 1960s we have disagreed At one time while Daniel was writing a book on the subject Abortion Law Choice and Morality 1970 we talked about the subject every day for the four years of the book's gestation On many occasions during the 1970s prolife articles written by Sidney were passed out at Daniel's lectures in order to refute his pro choice views Over the years every argument every statistic every historical example cited in the literature has been discussed by the two of us As Eliza Doolittle says about words in *My Fair Lady* There's not a one I haven't heard And yet we still disagree How can it be we ask ourselves that intelligent people of goodwill who know all the same facts and all the same arguments still come down on different sides of the controversy As we well know it is possible to agree about many things and have great love and respect for an opponent and still differ The Partial-Birth Abortion Ban Act of 1995 United States. Congress. Senate. Committee on the Judiciary, 1995 **Godless** Ann Coulter, 2007-06-26 If a martian landed in America and set out to determine the nation's official state religion he would have to conclude it is liberalism while Christianity and Judaism are prohibited by law Many Americans are outraged by liberal hostility to traditional religion But as Ann Coulter reveals in this her most explosive book yet to focus solely on the Left's attacks on our Judeo Christian tradition is to miss a

larger point liberalism is a religion a godless one And it is now entrenched as the state religion of this county Though liberalism rejects the idea of God and reviles people of faith it bears all the attributes of a religion In Godless Coulter throws open the doors of the Church of Liberalism showing us its sacraments abortion its holy writ Roe v Wade its martyrs from Soviet spy Alger Hiss to cop killer Mumia Abu Jamal its clergy public school teachers its churches government schools where prayer is prohibited but condoms are free its doctrine of infallibility as manifest in the absolute moral authority of spokesmen from Cindy Sheehan to Max Cleland and its cosmology in which mankind is an inconsequential accident Then of course there s the liberal creation myth Charles Darwin s theory of evolution For liberals evolution is the touchstone that separates the enlightened from the benighted But Coulter neatly reverses the pretense that liberals are rationalists guided by the ideals of free inquiry and the scientific method She exposes the essential truth about Darwinian evolution that liberals refuse to confront it is bogus science Writing with a keen appreciation for genuine science Coulter reveals that the so called gaps in the theory of evolution are all there is Darwinism is nothing but a gap After 150 years of dedicated searching into the fossil record evolution s proponents have failed utterly to substantiate its claims And a long line of supposed evidence from the infamous Piltdown Man to the evolving peppered moths of England has been exposed as hoaxes Still liberals treat those who question evolution as religious heretics and prohibit students from hearing about real science when it contradicts Darwinism And these are the people who say they want to keep faith out of the classroom Liberals absolute devotion to Darwinism Coulter shows has nothing to do with evolution s scientific validity and everything to do with its refusal to admit the possibility of God as a guiding force They will brook no challenges to the official religion Fearlessly confronting the high priests of the Church of Liberalism and ringing with Coulter s razor sharp wit Godless is the most important and riveting book yet from one of today s most lively and impassioned conservative voices Liberals love to boast that they are not religious which is what one would expect to hear from the state sanctioned religion Of course liberalism is a religion It has its own cosmology its own miracles its own beliefs in the supernatural its own churches its own high priests its own saints its own total worldview and its own explanation of the existence of the universe In other words liberalism contains all the attributes of what is generally known as religion From Godless

Abortion and Dialogue Ruth Colker,1992-09-22 The issues she takes on are crucial not solely the subject areas of reproductive rights and law or public policy lenses and judicial impact in women s and children s lives but also the more difficult and fundamental questions of how these hot topics can be approached so as to make the most of the good will of all and the force of free discussion for social learning she brings a strong evolving and distinctive perspective to the discussion Emily Fowler Hartigan In Abortion and Dialogue Ruth Colker argues that the state falsely views the woman and the fetus as having conflicting needs when it intervenes in decisions regarding pregnancies Colker s feminist theological perspective on reproductive health issues encourages both pro choice and pro life advocates to consider how the value of life is implicated in discussions of reproduction Colker argues that theology can contribute to our

understanding if we apply the concepts of love compassion and wisdom to problems identified by feminist theory and to actual concrete situations the impact of abortion regulations on poor female adolescents the judicial treatment of abortion regulations state intervention into women s decision making during pregnancies carried to term Colker concludes by examining effective and respectful family planning strategies that truly help women in making reproductive choices
