## **Racism On Trial:**

*Racism on Trial* Ian F. Haney López, 2004-09-01 Haney López tells the compelling story of the Chicano movement in Los Angeles by following two criminal trials including one arising from the student walkouts of 1968. He demonstrates how racial prejudice led to police brutality and judicial discrimination that in turn spurred Chicano militancy. *Anti-Muslim Racism on Trial* Marta Kolankiewicz, 2019-04-23 This book constitutes a critical engagement with debates on the possibilities and limits of fighting racism with the help of criminal law. With in-depth analyses of cases of anti-Muslim violence in Sweden, a mosque fire, hate speech, and of a series of assaults, *Anti-Muslim Racism on Trial* sheds light on issues central for understanding the ways in which racism is approached in court. It also illustrates the different forms that Islamophobia can take. Departing from a definition of law as a knowledge regime that embodies the power to decide on the meaning of the acts on trial and to establish a valid version of these events, the author explores the possibility of justice and recognition in court. From within a post-Holocaust and post-colonial context, this book recounts the complex and ambiguous history of laws against racism, examining the ways in which racist practices change in a society where certain manifestations of racism have come to be treated as crimes. As such, it will appeal to scholars of sociology and criminology with interests in Islamophobia, race, and ethnicity, and violence. *Universal Citizenship* R. Andrés Guzmán, 2019-01-15 Recently many critics have questioned the idea of universal citizenship by pointing to the racial class and gendered exclusions on which the notion of universality rests. Rather than jettison the idea of universal citizenship, however, R. Andrés Guzmán builds on these critiques to reaffirm it, especially within the fields of Latino and ethnic studies. Beyond conceptualizing citizenship as an outcome of recognition and admittance by the nation-state in a negotiation for the right to have rights, he asserts that insofar as universal citizenship entails a forceful entrance into the political from the latter's foundational exclusions, it emerges at the limits of legality and illegality via a process that exceeds identitarian capture. Drawing on Lacanian psychoanalysis and philosopher Alain Badiou's notion of generic politics, Guzmán advances his argument through close analyses of various literary, cultural, and legal texts that foreground contention over the limits of political belonging. These include the French Revolution, responses to Arizona's H.B. 2281, the 2006 immigrant rights protests in the United States, the writings of Oscar Zeta Acosta, Frantz Fanon's account of Algeria's anticolonial struggle, and more. In each case, Guzmán traces the advent of the citizen as a collective subject made up of anyone who seeks to radically transform the organizational coordinates of the place in which she or he lives. **The Right to a Fair Trial** Thom Brooks, 2017-07-05 The right to a fair trial is often held as a central constitutional protection. It nevertheless remains unclear what precisely should count as a fair trial and who should decide verdicts. This already difficult issue has become even more important given a number of proposed reforms of the trial, especially for defendants charged with terrorism offences. This collection, *The Right to a Fair Trial*, is the first to publish in one place the most influential work in the field on the following topics, including the right to jury trial, lay participation in trials, jury nullification, trial reform, the civil

jury trial and the more recent issue of terrorism trials The collection should help inform both scholars and students of both the importance and complexity of the right to a fair trial as well as shed light on how the trial might be further improved

**Christianity on Trial** Mark L. Chapman, 2006-02-02 Since slavery times African American religious thinkers have struggled to answer this question Is Christianity a source of liberation or a source of oppression In a study that reviews representative thinkers over the last fifty years Mark Chapman reviews the variety of ways that African Americans have addressed this problem and how it has informed their work and lives Beginning with Benjamin Mays the leading Negro theologian of the post World War II period Chapman explores the critical implications of this question right up to the present day The pivotal turning point in this period is the emergence of the Black Power movement in the 1960s Sparked in part by the challenge of the Black Muslims for whom Christianity was simply the white man's religion inherently racist and oppressive the era of Black Power saw the rise of militant Black theologies as well After analyzing the work of the Muslim Elijah Muhammad Chapman turns to the pioneering work of Black theologians Albert Cleage and James H Cone Chapman demonstrates the differences but also uncovers surprising lines of continuity between the older Negro theologians and the later Black theologians particularly in their efforts to uncover the truly liberative potential of Christianity Christianity on Trial concludes by exploring the recent emergence of womanist theology As articulated by Delores S Williams and other African American women womanist theology challenges not only the patriarchal aspects of historical Christianity but the same limitations in previous Black theologies

*Toleration on Trial* Ingrid Creppell, Stephen Macedo, 2008-02-12 *Toleration on Trial* offers the only multidisciplinary study available on the issue of toleration bringing together political psychologists philosophers sociologists Islamic scholars and political theorists to examine the most pressing debates in the field The volume addresses the toleration question from a number of angles toleration and its application to gay rights Islam and toleration institutional ideological and psychological preconditions for its practice and philosophical and conceptual arguments for the principle of toleration The common thread running throughout the volume is the core question Is toleration primarily a product of institutional arrangements or is it an attitude of individuals To answer this adequately the authors believe that a contemporary analysis of the possibility significance and requirements of toleration must be fully cognizant of the democratic or more accurately politically mobilized background in which toleration becomes a difficult issue Conflicts between deeply divided groups within nations and between groups across political boundaries pose the issue of threat and risk to a practice or way of life that many peoples find difficult to accept Can the idea and practice of toleration manage these in politically and ethically defensible ways These essays address various aspects of the aim to establish or strengthen toleration among politically mobilized groups in a context of contemporary democratic challenges

*Christianity on Trial* Vincent Carroll, 2010-06 Vincent Carroll and David Shiflett do not shrink from confronting the tragedies that have been perpetrated in the name of Christianity But they contend that the current fashionable emphasis on the dark side of the Christian record is an instance of willful historical illiteracy In *Christianity on Trial* Carroll and Shiflett dispassionately and systematically dissect the charges against Christianity specifically that it has justified racism and misogyny encouraged ignorance and promoted the despoliation of the environment and even genocide Then in a narrative whose intellectual elegance and verve calls up comparisons to *How the Irish Saved Civilization* they show how in fact the Christian tradition has not only injected morality into our political order but softened brutal practices and confining superstitions created the foundation for intellectual inquiry and cultivated the charitable impulse *Christianity on Trial* challenges readers of all beliefs even those with a belief in disbelief itself to question the anti religious bigotry that thrives in our intellectual world and to reevaluate the role of Christianity not only as a source of consolation but of enlightenment and human liberation as well

**Race on Trial** Barrington Walker, 2011-07-01 While slavery in Canada was abolished in 1834 discrimination remained *Race on Trial* contrasts formal legal equality with pervasive patterns of social legal and attitudinal inequality in Ontario by documenting the history of black Ontarians who appeared before the criminal courts from the mid nineteenth to the mid twentieth centuries Using capital case files and the assize records for Kent and Essex counties areas that had significant black populations because they were termini for the Underground Railroad Barrington Walker investigates the limits of freedom for Ontario s African Canadians Through court transcripts depositions jail records Judge s Bench Books newspapers and

government correspondence Walker identifies trends in charges and convictions in the Black population This exploration of the complex and often contradictory web of racial attitudes and the values of white legal elites not only exposes how blackness was articulated in Canadian law but also offers a rare glimpse of black life as experienced in Canada's past

**Terrorism on Trial** Nicole Nguyen, 2023-09-26 A landmark sociological examination of terrorism prosecution in United States courts Rather than functioning as a final arbiter of justice U S domestic courts are increasingly seen as counterterrorism tools that can incapacitate terrorists maintain national security operations domestically and produce certain narratives of conflict Terrorism on Trial examines the contemporary role that these courts play in the global war on terror and their use as a weapon of war hunting criminalizing and punishing entire communities in the name of national security Nicole Nguyen advocates for a rethinking of popular understandings of political violence and its root causes encouraging readers to consider anti imperial abolitionist alternatives to the criminalization prosecution and incarceration of individuals marked as real or perceived terrorists She exposes how dominant academic discourses geographical imaginations and social processes have shaped terrorism prosecutions as well as how our fundamental misunderstanding of terrorism has led to punitive responses that do little to address the true sources of violence such as military interventions colonial occupations and tyrannical regimes Nguyen also explores how these criminal proceedings bear on the lives of defendants and families seeking to understand how legal processes unevenly criminalize and disempower communities of color A retheorization of terrorism as political violence Terrorism on Trial invites readers to carefully consider the role of power and politics in the making of armed resistance addressing the root causes of political violence with a goal of building toward a less violent and more liberatory world
