

Boats on our rivers again

Douglas Caffyn

Boats on our rivers again

It is shown in this booklet that:-

1. From 1189 to 1400 there was a public right of navigation on all rivers which were physically usable;
2. Rivers were more navigable in the period 1189 to 1400 than they are now;
3. A right of navigation can only be extinguished by statute, statutory authority or the section of river becoming un-navigable;
4. There is, therefore, a public right of navigation on all unregulated rivers which are physically usable.

The material in this booklet is based on theses which were submitted to the University of Kent for the degree of Master of Laws and to the University of Sussex for the degree of Doctor of Philosophy. These theses are available at caffynarrivers.co.uk

Note:- A license may be required for boats using the regulated rivers.

If you wish to challenge any of the above four statements please send details of your challenge to the author. The address is on the inside of the back cover.
