groundbreaking creative forays especially in ceramics gave new direction to his paintings The authors insightful emphasis on craftsmanship deepens our understanding of Gauguin s considerable achievements as a painter draftsman sculptor ceramist and printmaker within the history of modern art *Gauguin's Challenge* Norma Broude,2018-03-08 Several decades have now passed since postcolonial and feminist critiques presented the art historical world with a demythologized Paul Gauguin 1848 1903 a much diminished image of the artist hero who had once been universally admired as the father of modernist primitivism In this volume both long established and more recent Gauguin scholars offer a provocative picture of the evolution of Gauguin scholarship in the recent postmodern era as they confront and consider how the dismantling of the longstanding Gauguin myth positions us now in the 21st century to deal with and assess the life work and legacy of this still perennially popular artist To reassess the challenges that Gauguin faced in his own day as well as those that he continues to present to current and future scholarship they explore the multiple contexts that influenced Gauguin s thought and behavior as well as his art and incorporate a variety of interdisciplinary approaches from anthropology philosophy and the history of science to gender studies and the study of Pacific cultural history Dealing with a wide range of Gauguin s production they challenge conventional art historical thinking highlight transnational perspectives and offer clues to the direction of future scholarship as audiences worldwide seek to make multicultural peace with Gauguin and his art Broude has raised the bar of Gauguin scholarship ever higher in this groundbreaking volume which will be necessary reading for students and scholars of art history late 19th century French and Pacific culture gender studies and beyond *The Early Work of Paul Gauguin and Pre-Columbian Art* Robert Anthony Meldonian,1963 **Potential Images** Dario Gamboni,2002 In *Potential Images* Dario Gamboni explores ambiguity in modern art considering images that rely to a great degree on a projected or imaginative response from viewers to achieve their effect Ambiguity became increasingly important in late 19th and early 20th century aesthetics as is evidenced in works by such artists as Redon Cezanne Gauguin Ensor and the Nabis Similarly the Cubists subverted traditional representational conventions requiring their viewers to decipher images to extract their full meanings The same device was taken up in the various experiments leading to abstraction For example it was Kandinsky s intention that his work could be interpreted in both figurative and non figurative ways and Duchamp s Readymades suggested the radical conclusion that it is the beholder who makes the picture These invitations to viewers to participate in the process of artistic communication had social and political implications as they accorded artist and beholder symmetrical almost interchangeable roles **Ceramic, Art and Civilisation** Paul Greenhalgh,2020-12-24 Full of surprises and evocative *The Spectator* Passionately written Apollo An extraordinary accomplishment Edmund de Waal Monumental Times Literary Supplement An epic reshaping of ceramic art Crafts An important book The Arts Society Magazine In his major new history Paul Greenhalgh tells the story of ceramics as a story of human civilisation from the Ancient Greeks to the present day As a core craft technology pottery has underpinned domesticity business religion recreation architecture and art for millennia

Indeed the history of ceramics parallels the development of human society This fascinating and very human history traces the story of ceramic art and industry from the Ancient Greeks to the Romans and the medieval world Islamic ceramic cultures and their influence on the Italian Renaissance Chinese and European porcelain production modernity and Art Nouveau the rise of the studio potter Art Deco International Style and Mid Century Modern and finally the contemporary explosion of ceramic making and the postmodern potter Interwoven in this journey through time and place is the story of the pots themselves the culture of the ceramics and their character and meaning Ceramics have had a presence in virtually every country and historical period and have worked as a commodity servicing every social class They are omnipresent a ubiquitous art Ceramic culture is a clear unique definable thing and has an internal logic that holds it together through millennia Hence ceramics is the most peculiar and extraordinary of all the arts At once cheap expensive elite plebeian high tech low tech exotic eccentric comic tragic spiritual and secular it has revealed itself to be as fluid as the mud it is made from Ceramics are the very stuff of how civilized life was and is led This then is the story of human society s most surprising core causes and effects
