Sea As Mirror:

Sea as Mirror Tess Williams, 2000 Science fiction novel set in the USA Central theme is inter species communication A killer whale comes in from the wild to communicate an urgent message to humans Elizabeth uses advanced technology to overcome the limits of language and communicate with the whale In the process her loyalties are challenged as she clashes with marina management and must fight to continue her work Author is a university lecturer who is currently completing a PhD on evolutionary theory and science fiction Previous title is Map of Power The Sea As Mirror Wu Yi, 2021-05-30 The Sea as Mirror traces the pressing and repressed material and symbolic presence of the Mediterranean Sea and the Atlantic Ocean from Plato to Heidegger To do so Wu Yi employs the maritime as a lens to understand the drive of philosophy as both a response to and moment within the impetus of Western colonization Yi examines how philosophy has again and again constructed itself as a genre in opposition to the movement of deterritorialization and fluidity of mimesis She does so via the method meta after hodos way journey of a series of essayings in the original sense of trial measure attempt across a geopolitical topography of discourses These include philosophical texts drawn from a constellation of historical topoi at the critical moments of their encounter with the maritime Plato and Euripedes s work from fifth century Athens Augustus and Plautus s writings from republican and early imperial Rome Shakespeare s creations from Elizabethan England Kant and Rousseau s texts from enlightenment continental Europe and the thinking of Husserl and Heidegger from interwar Germany of the twentieth century For each historical topos Yi juxtaposes different representations of and responses to the maritime through the reading of a philosophical text vis vis the reading of a literary text In so doing she lays bare the deep political and moral ambiguity attributed to the ocean in Western philosophical and literary imaginaries The Sea and the Mirror W. H. Auden, 2005-10-02 Written in the midst of World War II after its author emigrated to America The Sea and the Mirror is not merely a great poem but ranks as one of the most profound interpretations of Shakespeare s final play in the twentieth century As W H Auden told friends it is really about the Christian conception of art and it is my Ars Poetica in the same way I believe The Tempest to be Shakespeare s This is the first critical edition Arthur Kirsch s introduction and notes make the poem newly accessible to readers of Auden readers of Shakespeare and all those interested in the relation of life and literature those two classic themes alluded to in its title The poem begins in a theater after a performance of The Tempest has ended It includes a moving speech in verse by Prospero bidding farewell to Ariel a section in which the supporting characters speak in a dazzling variety of verse forms about their experiences on the island and an extravagantly inventive section in prose that sees the uncivilized Caliban address the audience on art an unalloyed example of what Auden s friend Oliver Sachs has called his wild extraordinary and demonic imagination Besides annotating Auden s allusions and sources in notes after the text Kirsch provides extensive quotations from his manuscript drafts permitting the reader to follow the poem s genesis in Auden s imagination This book which incorporates for the first time previously ignored corrections that Auden

made on the galleys of the first edition also provides an unusual opportunity to see the effect of one literary genius upon another
