

The Sea Sprite

A tea cup that got lost at sea, and over the years took on the essence of sea water.

Loves knitting, petting zoos, and tattoos.

Dislikes plastic, olive oil, and balloons.

Introverted but loves all of her friends

Cup is ceramic and colored glass

A Claytons Defense Stan Krasnoff, 2008-09-01 This is a story about profligate waste unscrupulous politicking and bureaucratic empire building which involves both America and Australia The story paints America under the Bush administration as a righteous but naive giant treading the thespian boards of the world stage with the grace and style of a three hundred pound truck driver in a tutu It is a story of Australia s almost paranoid search for a guardian starting with Prime Minister Curtin s frantic trip across the Atlantic in 1942 being rebuffed by Great Britain and finally finding the Lion of Luzon in the nick of time before the Japanese invasion And from that moment falling into lock step with America to traipse through Vietnam and the Middle East in the conga line of wishful hearts It is a story about waste of public monies in defense procurement of arrogant opinionated bureaucrats who have done untold damage to force structure which is the basis of public security in times of war It is a story of old senior officers who sat on their hands when they should have acted and young senior officers too eager to change for changes sake It is a story that sheds light on elite powerful men who are made less as a result of failure to help the people who look to them for leadership and succor **Cruising World** ,1983-07
