Rationalising the Bible □ Volume 2: Conquest, Kings, Poetry and Prophecy Ivy Bedworth, 2016-03-05 Rationalising the Bible is a collection of volumes that cover the books of the Old and New Testaments of the Holy Bible Written by mostly unidentified authors the Bible is generally attributed with being the moral compass of the world of Judeo Christian religious adherents In fact the Bible is mostly mythological history inaccurate science exaggerated reports of violence and discrimination against the people who settled the Fertile Crescent and a set of laws plagiarised from those already in existence in the area Even the writing of it claimed to be that of the patriarchs can clearly be identified in the reading of it as belonging rather to a period when all people in the civilised world were writing their stories It was not written as atheists often charge by illiterate nomadic tribespeople in pre history Instead it was written by politicians and priests at a time when the western civilisations were making their mark on the world's

politics *The Wise Men and the Star* Dean G. Miller,2019-04-08 The story of the Wise Men in Matthew s Gospel has always been an enigma The only three important terms in that tale wise men star and east are all lost in obscurity rendering it useless as a record For this reason many scholars consider it just another miracle story of the kind that surrounded other ancient heroes But what if a piece of information was missing whose recovery would make it as clear today as it was to the original readers In *The Wise Men and the Star* Dr Miller explains how he uncovered that missing piece which then revealed who the Wise Men were the location of the East when they arrived in Bethlehem and what was the star they saw [The End of Civilization](#) Gordon Donnell,2016-07-13 APOCALYPSE It has been predicted countless times over thousands of years In the generation following 1200 BC it actually happened and no one saw it coming The great civilizations of the age fell The magnificent cities of the Eastern Mediterranean were destroyed or simply abandoned We have glimpses of the events from Homer s epic tales of the Trojan War and from hieroglyphics that tell of desperate battles fought by Egypt s Pharaohs to hold back invading hordes but the complete story of how and why the Eastern Mediterranean collapse came about has yet to be told *The End of Civilization* takes a fresh look at the evidence and develops a narrative that traces the collapse step by step and exposes the reasons behind it **Dragons & Dinosaurs** Timothy Martin,2020-09-09 Jim is a small town police officer proudly doing his duty like any law enforcement agent would When a call comes in reporting the grizzly deaths of several animals from a local farm Jim begins an investigation that will change his life forever After crashing his vehicle following a bloody trail in the woods he wakes up and realizes that he is not only lost but he s in a dangerous land where dragons dinosaurs and magic exist Jim s continuing adventures as he helps to ensure the future for the family he is building A fast paced adventure filled with dwarves elves dragons From the cold and snow in the North to the depths of the oceans in search of the legendary dragon crystal which might give Jim just enough power to defeat the deadly Malum and the evil wizard Chavez He relies on his training and survival instincts to continues to cheat death Will he finally be able to balance the power before the dark forces take over An evil wizard and the creatures he has aligned with must be destroyed before they bring ruin to the entire world he has grown to love This world has waited for a long time for someone a leader a hero Can Jim be this person Things certainly are heating up in more ways than ever expected **Early History of the Israelite People** Thompson,2024-07-15 Through a review of historical scholarship of the past century and an analysis of data drawn from archaeological excavations and surveys and from written and historical records from the late second and early first millennium the author reconstructs the historical basis of Israel s origins within the contexts of geography anthropology and sociology Thompson argues that none of the traditional models for the origin of biblical Israel in terms of conquest peaceful settlement or revolution are viable The indigenous nature of the Israelite people has roots that lead back to the late Neolithic period The Iron I period is not the period in which the origins of Israel are to be sought Rather the geographical and regional expansion of settlements in this period reflects an economic response to drought conditions that affected the entire East

Mediterranean basin The ninth and eighth century states of Samaria and Jerusalem had separate and independent origins rooted in the development of a Mediterranean economy and an expansion of trade brought about by Assyrian interests The development of the ethnic concept of biblical Israel with its roots in the United Monarchy finds its context in history first at the time of the Persian renaissance guided by the theological concepts of exile and restoration Finally Thompson argues that biblical Israel is historically the creation of the tradition itself in the Persian period and attempts to outline both a historical context and an interpretative matrix for the Bible *Jesus, Last of the Pharaohs* Ralph Ellis, 1997-04-21 It is a little known fact that the exodus of the Hyksos pharaohs from Egypt to Jerusalem is an incredibly similar event to the exodus of the Israelites from Egypt to Jerusalem Classical historians and theologians will not entertain any connection between the two because this infers that the Israelite leaders were actually pharaohs of Egypt However Ralph Ellis has taken this obvious comparison and demonstrated the royal Egyptian ancestry of the Judaic patriarchs and also of Jesus Ralph has also uncovered evidence for the New Testament Saul St Paul in the historical record a discovery that brings with it several new accounts of the life of Jesus Saul the inventor of Christianity was actually Josephus Flavius a well known historian Jesus was the governor of Tiberias and owned a castle there and he may have died during the siege of Jerusalem in about AD70 rather than AD 33 crucified along with two of his compatriots Followed by Tempest Exodus and Eden to Egypt Latest version v5 6 Hyksos Shepherd Kings Jacob Sea People Jesus Saul Jerusalem Egyptian False Prophet historical Jesus Valley of Renewal S.J. Saunders, 2023-08-31 With the world itself in flux those called to defend it must grieve their losses swiftly and resume the work of protecting all they've fought for Enemies advance on every front and Covorum's leaders again find themselves at a disadvantage due to the opposition's draconic insight into the rising conflict While friends are laid to rest old promises must also be upheld Beings of great power await reshaping into their truest forms and the cost of such complete metamorphoses may prove more painful than the Heroes of Dragon's Nest could suspect A final destiny awaits friend and foe alike however a ritual with an expansive ending long delayed Only one of the world's sapient species one blood of the many will remain in the looming future yet the peoples of Deyrnas will have to come together as never before Current Research in Egyptology 2007 Ken Griffin, 2008-05-01 The Eighth Annual Current Research in Egyptology Symposium CRE 2007 was held at Swansea University on the 19th-21st April The conference brought together graduate and postgraduate students of Egyptology from ten different countries contributing to a total of 40 presentations The range of topics included art and architecture archaeology literature and language history and society as well as scientific analysis spanning the entire epoch of Egyptian history from the Predynastic to the Coptic era The papers presented in the following volume represent a diverse range of topics and multidisciplinary approaches The Archaeology of Ancient Israel Amnon Ben-Tor, 1992-01-01 In this illustrated book some of Israel's foremost archaeologists present a survey of early life in the land of the Bible from the Neolithic era eighth millennium BC to the fall of Jerusalem and the destruction of the First Temple in 586 BC Each chapter covers a
