The book dexterously deals with problems such as the jurisdiction of a Police Officer the dying declaration of victims the conducting of inquest arrest interrogation and confession of the accused etc. Apart from Police Officers Advocates Law and Judicial Officers would also find this book very useful as a reference book. The reference to judgements pertaining to a host of criminal cases during the period 1965-2018 merit careful study by the guardians of Law. The checklist provided at the end of each chapter can serve as a ready reckoner to the Police Officers at various stages of the investigation. A trainee and a veteran equally will find this book a useful aid. To cite an example under chapter 14 Arrest he has cited 37 landmark judgements. By reading these fourteen pages alone one can avert many a pitfall. While writing this book the academic pursuit of the author is in full bloom as he has drawn valuable and authenticated data from various enactments official documents court judgements and a vast domain of related literature of national and international significance.

Moreover in this scholarly work the author does not limit himself to expressing his sentiments of fellowship to the investigating Police Officers but also is concerned more about their legitimate and authorized duties responsibilities jurisdiction rights of the accused and the natural processes of the long arm of the law That the Author s utopian ideal of no innocent person should be punished and no offender should go unpunished can be seen to dominate the whole message of the book For this purpose the Author has taken extra pains to give a balanced treatment of the whole problem of crime and its investigation
