**Search for Nirvana** Kwan-Jo Lee, Kwan-jo Yi, 1984      Living with Fred Brad Whittington, 2005 Inhabitants of a small Texas town decides to live as Jesus would with various results      Henry Adams Ernest Samuels, 1989 Henry Adams sought late in life to thwart prospective biographers by writing his own biography Published soon after his death in 1918 The Education of Henry Adams was rightly greeted as a masterpiece Not until thirty years later with the appearance of the first volume of Ernest Samuels' biography did it become apparent how much the story had been colored by Adams' singular philosophy of history and how great was the disparity between the protagonist of the Education and Adams as he actually was Upon its completion in 1964 Samuels' life of Henry Adams was hailed as one of the great biographical achievements of our time its laurels included a Pulitzer Prize Ernest Samuels has now distilled his ample narrative into a single absorbing volume We see Adams as a lively undergraduate in contrast to the jaded young man of the Education as budding writer newspaper correspondent eager participant in political maneuverings in Washington and at the American embassy in London as teacher at Harvard and editor of the North American Review settled in Washington as scholar biographer historian novelist as insatiable traveler as friend and adviser to statesmen as elderly cosmopolite spending half of each year abroad and always as witty chronicler of the social scene and trenchant commentator on the events of his time We are drawn into the personal drama of Adams' middle years his married life with Clover the halcyon period in Washington in the early 1880s catastrophically terminated by Clover's depression and suicide his growing passion for Elizabeth Cameron and his flight to the South Seas Throughout the book we follow the genesis and progress of his writings from his muckracking journalism in President Grant's Washington through the social and political criticism of his novels his biographies and his great History to the classic Mont Saint Michel and Chartres the daring theories of the Education and his last essays Few biographies have so broad a canvas sixty years of American political social and intellectual life from the pre-Civil War years to the First World War And few offer so revealing a portrait of a complex human being and an extraordinary career      Doris Day and my search for relatives Marianne E. Meyer, 2014-03-21 The mystery of life puzzles all of us Marianne Meyer had her first out of body experience at age two Not being able to make herself understood led to a seeker's life The confusing nothing called time drifts us relentless toward the end As long as the brain makes connections we can leap back and forth in time From infancy to middle age and back the author scavenges tidbits from those times and transfers them to the present Shortly after moving from Frankfurt to L A Marianne met her great grandfather on a higher level of consciousness She was told he had migrated to USA took on the last name Victor and lived in the Carmel area He had left his homeland after creating the child of love on Christmas 1901 Wilhelmina Meckes was married in a hurry in vindication of honor and on October 5 Maria Herr was born as a credited 7 month child A few years ago Marianne learned about her

mother's family relationship with the Carmel resident Doris Day Both their grandmothers descended from J J Mann and M E Nollert and grew up in Neckarh userhof a tiny village near Heidelberg The synchronicity of both her parents relatives living in Carmel Mrs Meyer views as an appeal to go forward with searching for her father's family members She still has a clear vision of her incorporeal ancestor Will she find a picture of him in photo albums of a Victor family living in or near Carmel Enthralling Marianne portrays her exciting life in India USA South Pacific Africa and Europe Proving prophecy past lives and synchronizes Dr Meyer presents metaphysics as the true science and shows how she heals herself and her pets She also uncovers how she cracks the mysterious water code via exploring water crystal photos Marianne wishes men to fast progress on the way of knowledge That would be likely if scientists would go out on a limb rid themselves of blinders and examine life without preconceptions just like children She is inspired by a pioneering spirit and a passionate dedication on the well being of the people and the animals Therefore 50 cents of each sold copy goes to DDAF and two pounds In Search of a Soul
