Searching Heavens Vault A Magical Fantasy:

Searching Heaven's Vault Don Beach, 2002-04-22 Merlin's enchanted Magic Wand is stolen by an evil magician who desires to be the greatest sorcerer in the universe. Merlin goes on a quest through time and space in his search for his wonderful Magic Wand. This quest involves many exciting adventures in all types of fabulous situations. Houdini gets into the action, the Magic Castle is included, and there is even an episode involving Thayer's one of the world's great magic shops. It's a humorous fantasy on magic.

Hymn to Perpetual Light Don Beach, 2006-03 Hymn to Perpetual Light A Transcendental Comedy in Six Cantos makes use of Spenserian Stanzas and free verse to describe God's salvation of a world gone astray through Primal Sin. Beginning with theological and philosophical observations about God's relationship to his creation, poet Don Beach compares enlightenment to a spiritual journey. This would be from the darkness of a cave-like existence, ignorance, and unawareness similar to Plato's Allegory of the Cave to the bright light of reality and redemption through God's divine love and compassion. Fortunately, some cave dwellers aren't incorrigible or sinful; beyond redemption, they are more likely to be confused and misguided. This in turn causes them to be detached from truth, beauty, and God's redeeming love. But the poet shows us that every person can be saved by traveling the challenging road to enlightenment and salvation that he describes in Hymn to Perpetual Light.

Heaven and Earth in Ancient Greek Cosmology Dirk L. Couprie, 2011-03-23 In Miletus about 550 B.C. together with our world picture cosmology was born. This book tells the story. In Part One the reader is introduced to the archaic world picture of a flat earth with the cupola of the celestial vault onto which the celestial bodies are attached. One of the subjects treated in that context is the riddle of the tilted celestial axis. This part also contains an extensive chapter on archaic astronomical instruments. Part Two shows how Anaximander 610-547 B.C. blew

up this archaic world picture and replaced it by a new one that is essentially still ours He taught that the celestial bodies orbit at different distances and that the earth floats unsupported in space This makes him the founding father of cosmology Part Three discusses topics that completed the new picture described by Anaximander Special attention is paid to the confrontation between Anaxagoras and Aristotle on the question whether the earth is flat or spherical and on the battle

between Aristotle and Heraclides Ponticus on the question whether the universe is finite or infinite **What Meets the Eye**

Vault of the Ages Poul Anderson,2015-11-24 This classic from science fiction s Golden Age envisions a primitive future where only the forbidden technology of the past can save an endangered tribe from violent extinction Five centuries into the future America is no longer what it used to be Many generations after the old civilization was consumed in a nuclear firestorm the few survivors have returned to a simple agrarian lifestyle and eschew the malevolent magic of science that brought about the Doom When the Dalesmen of the Alleghenies are threatened by the hostile Lann descending from the North their chieftain s son Carl is dispatched to the blasted ruins of an ancient city to trade for metal and weapons However

something extraordinary awaits him in this feared and forbidden place a time capsule from the twentieth century containing the essential scientific and technological information of a lost society Carl knows his discovery can help rescue the Dalesmen's homes and farms But the law is unbending in this age of superstition and if the chieftain's son returns this forbidden knowledge to his people the tribal Doctors will surely put him to death One of Poul Anderson's earliest science fiction masterworks *Vault of the Ages* is at once a riveting tale of adventure and a deeply human story of duty and destiny offering a stunning vision of an all too possible future

Brahms in the Priesthood of Art Laurie McManus, 2021-01-05 *Brahms in the Priesthood of Art* Gender and Art Religion in the Nineteenth Century German Musical Imagination explores the intersection of gender art religion Kunstreligion and other aesthetic currents in Brahms' reception of the nineteenth and early twentieth centuries In particular it focuses on the theme of the self-sacrificing musician devoted to his art or priest of music with its quasi-mystical and German Romantic implications of purity seemingly at odds with the lived reality of Brahms's bourgeois existence While such German Romantic notions of art religion informed the thinking on musical purity and performance after the failed socio-political revolutions of 1848-49 and in the face of scientific developments the very concept of musical priesthood was questioned as outmoded Furthermore its essential gender ambiguity accommodating such performing mothers as Clara Schumann and Amalie Joachim could suit the bachelor Brahms but leave the composer open to speculation Supportive critics combined elements of masculine and feminine values with a muddled rhetoric of prophets messiahs martyrs and other art-religious stereotypes to account for the special status of Brahms and his circle Detractors tended to locate these stereotypes in a more modern fin-de-siècle psychological framework that questioned the composer's physical and mental well-being In analyzing these receptions side-by-side this book revises the accepted image of Brahms recovering lost ambiguities in his reception It resituates him not only in a romanticized priesthood of art but also within the cultural and gendered discourses overlooked by the absolute music paradigm

Nietzsche, and Wagner T. K. Seung, 2006-01-01 The author reads Goethe's Faust as the first epic written under Spinoza's influence. He shows how its thematic development is governed by Spinoza's pantheistic naturalism. He further contends that Wagner and Nietzsche have tried to surpass their mentor Goethe's work by writing their own Spinozan epics of love and power in *The Ring of the Nibelung* and *Thus Spoke Zarathustra*. These Spinozan epics are designed to succeed the Christian epics in the Western literary tradition. Whereas the Christian epics dared to groom human beings for their destiny in the supernatural world, the Spinozan epics try to reinstate humanity as the children of Mother Nature and overcome their alienation from the natural world which had been dictated by the long reign of Christianity. However, it has been well noted that none of these new epics seems to hang together thematically as a coherent work. By his Spinozan reading, the author not only demonstrates the thematic unity of each of them singly but further illustrates their thematic relation with each other.
