Linking Housing and Services for Older Adults Jon Pynoos,Penny Hollander Feldman,Joann Ahrens,2012-11-12

Packaging supportive services with housing a pressing issue for older adults The population of older adults is expected to explode in the coming years Linking Housing and Services for Older Adults Obstacles Options and Opportunities examines a crucial complex and often overlooked issue for policymakers and the public at large older adults increasing needs for housing and supportive long term care services As baby boomers strive to help their parents make difficult decisions about their options pressure mounts for policymakers to develop appropriate housing and services This book brings together respected experts to discuss the answers to difficult questions about meeting the housing and support service needs of aging adults Linking Housing and Services for Older Adults Obstacles Options and Opportunities explores in depth the tough issues pertaining to which populations are presently being served what their needs are and who is being left out You ll learn exactly what types of services are available who is providing them and how are they packaged From residential care to assisted

living to institutional care this book addresses all facets of the complicated problems of providing availability to fulfill need. This important source presents insightful analysis of the total range of issues and the challenges to progress as well as offering specific recommendations to effectively offer housing and vital long term care supportive services to older adults.

Linking Housing and Services for Older Adults: Obstacles, Options, and Opportunities discusses in detail the argument for increased development of supportive housing for older adults and the barriers preventing it; the issues related to providing a variety of housing and service options to the Medicaid population; two case studies that illustrate how policies aimed at linking housing and services play out at the state and local level; and the need for strong leadership and the ability to develop key partnerships as vital aspects for success. The interrelationship of factors regarding nursing home admission, the availability of subsidized housing and Medicaid eligibility, the need for care management to be holistic (including environmental care assessment, repair and renovation management in addition to current long term care settings), creating affordable assisted living facilities for older persons receiving Medicaid services, the successful components of the national Coming Home Program, four case studies emphasizing different finance and regulatory approaches, providing lessons learned for developers, state agencies and advocates of affordable assisted living. This vital educational resource is also an essential reference for local, state and national policymakers, housing officials and long term care providers.

Physical Environments and Aging Paul Windley, Rick Scheidt, 2015-12-22. A tribute and guide to M. Powell Lawton's groundbreaking work. Dr. M. Powell Lawton, who died in January 2001, was arguably the most significant thinker, researcher and practitioner in environment-behavior studies within the field of gerontology. The authors of *Physical Environments and Aging* represent three generations of internationally recognized researchers whose lives and work were greatly influenced by both Lawton the professional and Lawton the man. This book presents their assessment of his contributions to environmental theory, purpose-built housing, community study, long term care settings and other related topics. Many of the contributors also share personal anecdotes that illustrate how Lawton's professional visions were shaped by his remarkable intellect and personality. *Physical Environments and Aging* examines many aspects of environmental gerontology including housing policy reform and home modification, place therapy, philosophic foundations of environment-aging studies, the future of theory, practice and policy in the field, the role of neighborhoods. More than just an homage, *Physical Environments and Aging* is also a practical guide to the field, offering you tractable theory, useful methods and measures and functional research overviews in the realms of everyday experience of older adults.
