Everyday Life in British Government R. A. W. Rhodes, 2011-04-21 In his fascinating new piece of political anthropology Rod Rhodes uncovers exactly how the British political elite thinks and acts **'Just Like Us'?: The Politics of Ministerial Promotion in UK Government** Bill Jones, 2024-07-19 Informed by interviews with key political figures and commentators this entertaining and enlightening book exposes the influences processes and motivations behind ministerial promotion in British government It identifies and analyses the political sinews that have influenced the selection and upward progression of our rulers since the middle of the last century Given that politics is fuelled by ambition it provides commentary on how this often criticised emotional drive can work positively in practice motivating politicians to strive constantly for advancement in their quest for power and achievement Drawing upon many biographies it explains how politics is essentially about the strengths and frailties of the people who occupy positions of power It illustrates that climbing up that greasy pole is dependent upon a number of key character traits of politicians their strength of desire their abilities skills as communicators managers and administrators the ways in which fate throws up opportunities and the raw courage of politicians in confronting these challenges Ultimately the book illuminates the abiding obsessions of that tiny but potent minority in democratic societies who dare to dream they can rule over us This book will be of key interest to scholars students and anyone interested in British political history biography and the politics of executive government **A Classless Society** Alwyn W. Turner, 2013-09-05 Superb NICK COHEN author of What's Left Tremendously entertaining DOMINIC SANDBROOK Sunday Times Like his previous histories of the Seventies and Eighties A Classless Society is an extraordinarily comprehensive work Turner writes brilliantly creating a compelling narrative of the decade weaving contrasting elements together with a natural storyteller's aplomb engaging and unique IRVINE WELSH Daily Telegraph Ravenously inquisitive darkly comical and coolly undeceived Turner is a master of the telling detail CRAIG BROWN Mail on Sunday When Margaret Thatcher was ousted from Downing Street in November 1990 after eleven years of bitter social and economic conflict many hoped that the decade to come would be more caring others hoped that the more radical policies of her revolution might even be overturned Across politics and culture there was an apparent yearning for something the Iron Lady had famously dismissed society The New Britain to emerge would be a contradiction economically unequal but culturally classless Whilst Westminster agonised over sleaze and the ERM the country outside became the playground of the Ladette It was also a period that would see old moral certainties swept aside and once venerable institutions descend into farce followed in the case of the Royal Family by tragedy Opening with a war in the Gulf and ending with the attacks of 11 September 2001 A Classless Society goes in search of the decade when modern Britain came of age What it finds is a nation anxiously grappling with new technologies tentatively embracing new lifestyles and above all forging a new sense of what it means to be British Deserves to become a classic EDWINA CURRIE Rich and encyclopaedic ROGER LEWIS Daily Mail

Excellent D J TAYLOR Independent **Shephard's Watch** Gillian Shephard, 2000 Laced with anecdotes and written with Gillian Shephard's characteristic incision and humour Shephard's Watch is a rarity among political books a serious examination of contemporary government based on first hand knowledge **The British Constitution** Anthony King, 2007 In the nineteenth century Walter Bagehot wrote a classic account of the British constitution as it had developed during Queen Victoria's reign arguing that it was not at all what people thought it was Anthony King argues that the same is true at the beginning of this century The author maintains that while the new British constitution is a mess there is no going back now Grappling with the thorniest issues facing the British polity head on he offers a trenchant analysis of the increasingly divergent relationship between England Scotland and Wales in the light of devolution and a devastating critique of the reformed House of Lords The book is a Bagehot for the 21st Century and essential reading for anyone with an interest in the nature and future of British political life **The Conservative Party** Tim Bale, 2017-01-19 The Conservatives are back and back with a bang two election wins in a row and providing they can hold things together in a pretty good position to win another But many questions about their recent past present and future still remain Just why did the world's oldest and most successful political party dump Margaret Thatcher only to commit electoral suicide under John Major And what stopped the Tories getting their act together until David Cameron came along Did Cameron change his party as much as he sometimes liked to claim or did his leadership both in opposition and in government involve more compromise and more Conservatism than we realize Finally what does the result of the EU referendum mean for the Party in years to come The answers as this accessible and gripping book shows are as intriguing and provocative as the questions Based on in depth research and interviews with the key players Tim Bale explains how and why the Tories lost power in 1997 and how and why they have eventually been able to rediscover their winning ways even if internal tensions and external challenges mean they still can't take anything for granted Crucial he suggests are the people the power structures the ideas and the very different interests of those involved This second edition of The Conservative Party From Thatcher to Cameron is a must read for anyone wanting to understand what makes the Tories tick **The Political Leadership of Prime Minister John Major** Thomas McMeeking, 2020-12-11 This book seeks to re-examine John Major's leadership using techniques developed through Presidential Studies namely using Fred Greenstein's seminal study of Presidential Leadership The Presidential Difference and its six criteria for leadership public communicator organisational capacity political skill public policy vision cognitive style and finally emotional intelligence It is through Greenstein's model that a fresh look can be taken at not only Major's time in office but equally the man himself which proves to be just as revealing Major's tenure has often been characterised as being weak and incompetent as he presided over a sleaze ridden and divided party on the issue of Europe With almost a quarter of a century having passed since Major left office it looks to be an appropriate moment to re-assess his premiership and important role in the recent seismic events surrounding the 2016 Brexit referendum and its outcome The 'Too

Difficult' Box Charles Clarke, 2014-06-11 HOW DO YOU SOLVE A PROBLEM LIKE BANKING DRUG REGULATION NUCLEAR DISARMAMENT PROSTITUTION PENSIONS It s no secret that a myriad of long term problems facing our society are not effectively dealt with by our current system of government indeed many are simply set aside and disappear completely from the short term political agenda Why Because they are too difficult to solve From immigration to welfare reform from climate change to media regulation the biggest issues consistently fall foul of the adversarial short termism that afflicts our political culture Too often these seemingly intractable problems find their way into the too difficult box a burial ground for all the unpopular subjects that governments and their civil servants aren t prepared to confront directly The failure to address these fundamental issues however inevitably fosters cynicism about democracy itself Former Home Secretary Charles Clarke argues that although change is difficult it is sorely needed and in some cases time is not on our side In THE TOO DIFFICULT BOX he brings together a cast of heavy hitters from the worlds of politics academia and public service including Anthony Giddens Hayden Phillips John Hutton Shirley Williams Richard Dannatt Margaret Hodge Adam Boulton Trevor Phillips Patricia Hewitt and David Blunkett to write expansively and persuasively on some of society s mpolost insidious problems too often kicked into the long grass because of their apparent insolubility **Conundrum** Richard Bacon, 2013-06-18

Government failure is affecting everyone The single mum worried sick by a tax credit demand from HMRC to repay thousands of pounds she never received the family whose holiday was ruined because the Passport Office couldn t issue passports in time the school that couldn t open at the start of term because CRB checks were being carried out by an organisation in meltdown the farmers led to bankruptcy and even suicide by a Kafkaesque system for administering farm payments and rail operators facing an uncertain future because the Department for Transport inadvertently landed the whole rail franchising system in chaos Why is government getting it so wrong Richard Bacon and Christopher Hope delve into the astonishing world of cock ups and catastrophes and ponder why those at the top continue to fall short **Ministerial**

Leadership Leighton Andrews, 2024-01-16 Ministerial Leadership offers a practice based account of how ministers in UK governments perform their roles and exercise leadership in their spaces of activity Drawing on the unique Ministers Reflect archive of the Institute for Government which is an open and growing resource of over 140 ministerial interviews at UK and devolved government levels as well as other ministerial reflections the book addresses the literature on ministerial life and political leadership and develops new concepts for examining ministerial leadership in different spheres It argues that the relationship between ministers and civil servants has changed significantly in recent decades as ministers place greater emphasis on delivery and implementation The book adopts a theoretically pluralist approach with the intention of offering a valuable teaching aid for existing and new courses It will appeal to all those interested in public policy and governance

Congress as a political institution Written by women in politics and leading scholars on Congress the essays in this volume go beyond the limitations of prior research through their diverse analytical approaches and singular historical breadth The volume follows women on the campaign trail in committee rooms in floor debate and in policy deliberations where previously the focus was on men s interests and activities A gallery of photographs showing notable women from their earliest years of involvement with Congress to the present complements the essays Lloyd George Richard Wilkinson,2018-01-30 David Lloyd George left a profound political legacy despite being described by the wife of his successor Herbert Asquith as a gambler without foresight He is of course best known as the Prime Minister who led Britain to victory in World War I but his contribution to domestic politics was similarly impressive As Chancellor of the Exchequer he introduced pensions and national insurance against sickness and unemployment while as Prime Minister he extended democracy by giving votes to women Yet Lloyd George was compromised by his flaws as a human being Vain cruel capricious and dishonest at times his notoriously corrupt nature threatened to damage the British political system Providing a unique new perspective on one of the most phenomenally talented but also one of the most phenomenally flawed of British Prime Ministers this book will be essential reading for anyone interested in modern British politics and history About Our Schools Mick Waters,Tim Brighouse,2022-01-05 Foreword by Danny Dorling Through revealing and forthright interviews with 14 secretaries of state from Kenneth Baker to Michael Gove and Gavin Williamson together with many other leading figures in education Tim Brighouse and Mick Waters provide fascinating insights into the various evolutions and revolutions that have taken place in English state education since 1976 In so doing they highlight key areas for improvement and assess where we should go from here to enable teachers and schools to improve the learning and broaden the horizons of each and every one of their pupils whatever their talents challenges advantages or problems Tim and Mick have both spent a lifetime in state provided education first as pupils then as teachers and finally in various leadership and policy making positions both in and out of schools About Our Schools is born out of their shared love for education and their appreciation of how schooling can be a transformative element in the lives of children and young people All royalties from sales of this book will be donated to Barnardo s and the Compassionate Education Foundation Crossbow ,1998 **Makers and Manners** Andrew Holden,2004 Moral decline or sexual revolution How Westminster has come to terms with the permissive society The post war decades have seen a revolution in moral behaviour Changing attitudes towards sexuality censorship and decent behaviour have meant that politicians have struggled to keep up In Makers and Manners Andrew Holden argues that in the six decades since 1945 Britain has changed from a society in which public morality and the criminal law were rooted firmly in Christina doctrine and the sensibilities of late Victorian England to one where the very existence of a public morality is questioned and the laws governing the behaviour of individuals are affected more by the European Convention on Human Rights than by religious doctrine He revisits the landmark court cases and changes to the law that have tested and defined

the new moral order and examines the results for politicians and the public alike

Conservative Party Education

Policies, 1976-1997 Daniel Callaghan, 2006 This book examines education policy making with close reference to interview evidence of protagonists and observers of the period who include senior officials ministers and ministerial special advisers It introduces an original typology of regulars irregulars and politicians to classify those involved and examines the personal and political context in which they operated how these contexts impacted their decisions and the subsequent course of education policies The actions or inter actions of individuals are viewed and analyzed through the prism of policies or assumed ideological positions The book explores the reverse relationship where the course of policies is not studied through abstract generalities but through the concrete experiences of individuals the personal and political contingencies they faced It was not that politics and personality were all that mattered between 1976 and 1997 Rather the problem was that they mattered too much

University to Uni Robert Stevens, Robert Bocking Stevens, 2005 The case of Laura Spence turned down for a place at Oxford in 1999 despite stellar qualifications on paper rocketed higher education to the top of the political agenda as politicians notably Gordon Brown queued up to rail against the elitism that her treatment seemed to represent But universities have always been a major political issue with expansion in the 1960s and then the upgrading of the polytechnics in the 1990s posing the big questions what are universities for how should they and their students be funded how should they be controlled and how should the universities as seats of learning relate to central government In Uni Robert Stevens himself a highly distinguished academic at such flagship universities as Oxford and Yale provides the first history of the politics of higher education in the second half of the twentieth century
