Shipwrecks Around Cape Cod:

Cape Cod Shipwrecks Theodore Parker Burbank, 2013-11 Thousands of Shipwrecks off Cape Cod So many ships have piled up on the hidden sand bars off the coast between Chatham and Provincetown that those fifty miles of sea have been called an ocean graveyard containing an estimated 3 500 shipwrecks including that of the Whydah Gally the famed pirate ship of Black Sam Bellamy that went down with over 4 5 tons of gold silver jewels and other treasures off Marconi Beach In fact between Truro and Wellfleet alone according to the U S Lifesaving Service there had been more than 1 000 wrecks from 1850 until the Cape Cod Canal was opened in 1918 Ship Ashore When a storm struck the Cape in the early days no one was surprised to hear the alarm Ship ashore All hands perishing The townspeople would turn out on the beach but usually the surf was too high for them to attempt a rescue and by the time the storm was over there was usually no one alive to rescue The First Recorded Wreck The first recorded wreck was the Sparrow Hawk which ran aground at Orleans in 1626 after successfully the sailing more than 3 000 miles from England to Cape Cod The 25 people aboard the tiny 29 ft craft were able to get ashore safely and the ship was repaired But before it could set sail the ship was sunk by another storm buried in the sand and wasn't seen for over two hundred years In 1863 after storms had shifted the sands again the skeleton of the Sparrow Hawk reappeared briefly So the ocean takes and gives back and takes again The ribs of the ship are now on display at the Cape Cod Maritime Museum The stories of heroism bravery treachery valor and sadness behind the scores of shipwrecks are chronicled here in graphic detail **Shipwrecks on Cape Cod** Isaac Morton Small, 1928 **Shipwrecks of Cape Cod: Stories of Tragedy and Triumph** Donald Wilding, 2021 From the wreck of the Sparrow Hawk in 1626 to the grounding of the Eldia in 1984 Cape Cod's outer beach often referred to as the Graveyard of Ships saw the demise of more than three thousand vessels along forty miles of shifting shoals The October Gale of 1841 claimed the lives of fifty seven sailors from Truro a devastating toll for a small seaside community Survivors from the 1896 wreck of the Monte Tabor in Provincetown were arrested for a suspected mutiny Aboard the Castagna which stranded off Wellfleet in 1914 several sailors froze to death in the masts while the crew's cat survived Local author Don Wilding revisits these and many other maritime disasters along with the heroic and sometimes tragic rescue efforts of the U S Life Saving Service and Coast Guard

Shipwrecks on Cape Cod Isaac M. Small, 2025-03-02 In Shipwrecks on Cape Cod Isaac M Small meticulously chronicles one of the most treacherous coastal regions in America delving into the harrowing tales of maritime disasters that have plagued Cape Cod since colonial times With a narrative style that blends rigorous historical research with vivid storytelling Small interweaves personal accounts ship logs and contemporary analysis to paint a comprehensive portrait of each shipwreck's impact on the local populace and the broader maritime community The book offers a rich tapestry of cultural and environmental contexts highlighting the interplay between nature and human endeavor in this perilous locale Isaac M Small a historian and maritime enthusiast draws upon his extensive background in maritime studies and local folklore to bring

these stories to life Growing up in a fishing family along the Cape s shores Small s passion for the ocean and its history profoundly influenced his scholarly pursuits His work is a culmination of decades of archival research interviews with descendants of shipwreck victims and a deep rooted respect for the seafaring traditions of the area Shipwrecks on Cape Cod is an essential read for anyone fascinated by maritime history local folklore or the environmental challenges faced by coastal communities Small s engaging prose ensures that each shipwreck s narrative resonates offering both haunting beauty and sobering reflections on human vulnerability in the face of nature s might *Shipwrecks on Cape Cod* Isaac M.

Small,2006-01-01 I hardly know whether to call this a preface or part of the story it seems rather too long for the former and too short for a chapter of the latter but I may as well follow the general rule and call it a preface Friends have often said to me Why don t you write some stories concerning shipwrecks which have occurred on Cape Cod Perhaps one of the strongest reasons why I have not done so is because to describe all of the sad disasters which have come under my observation during my more than half a century of service as Marine Reporting Agent at Highland Light Cape Cod would make a book too bulky to be interesting and a second reason has been the difficulty of selecting such instances as would be of the greatest interest to the general reader But out of the hundreds of shipwrecks which have become a part of the folk lore and history of this storm beaten coast I have finally decided to tell something of the circumstances connected with the loss of life and property in a few of the more prominent cases The descriptions herein written are only just unvarnished tales couched in such language that even the children may understand and in order that there may be a clear understanding of how I came to be in close touch with the events of which I write it is perhaps necessary to state briefly a few facts concerning my life work here So far back as 1853 the merchants of Boston desiring to obtain rapid and frequent reports concerning the movements of their ships along the coast of Cape Cod were instrumental in causing the construction of a telegraph line from Boston to the end of Cape Cod and a station was established on the bluffs of the Cape at Highland Light this station was equipped with signal flags books and a powerful telescope and an operator placed in charge whose duty it was to watch the sea from daybreak until sunset and so far as possible obtain the names of or a description of every passing ship This information was immediately transmitted over the wires to the rooms of the Chamber of Commerce where it was at once spread upon their books for the information of their subscribers When the boys in blue were marching away to southern battlefields at the beginning of the Civil War in 1861 I began the work of Marine Reporting Agent and now on the threshold of 1928 I am still watching the ships A fair sized volume might be written concerning the changes which have taken place in fifty years as to class of vessels and methods of transportation but that is not what I started to write about My duties begin as soon as it is light enough to distinguish the rig of a vessel two miles distant from the land and my day s work is finished when the sun sinks below the western horizon Every half hour through every day of the year we stand ready to answer the call at the Boston office and report to them by telegraph every item of marine intelligence which has come under our observation

during the previous half hour With our telescope we can in clear weather make out the names of vessels when four miles away When a shipwreck occurs either at night or during the day we are expected to forward promptly to the city office every detail of the disaster If the few stories herein told serve to interest our friends who tarry with us for a while in the summer then the object of the writer will have been attained Shipwrecks, Pirates and Treasure on Cape Cod Theodore Parker Burbank, 2013-07-01 With more than 3 000 shipwrecks off its shores the waters off Cape Cod have been referred to as the graveyard of the Atlantic The only pirate treasure ship ever to be discovered with its treasure still aboard is located close to shore off Cape Cod Massachusetts The slave ship Whydah sank in a storm in April of 1717 **Cape Cod's Anthology of Shipwrecks** Donald L.
