Patterson Thornburg**

Mary Shelley An Annotated Bibliography Garland Reference Library Of The:

Mary Shelley, an Annotated Bibliography William H. Lyles, 1975 **The Original Frankenstein** Mary Shelley, 2011-10-12 Working from the earliest surviving draft of Frankenstein Charles E Robinson presents two versions of the classic novel as Mary Shelley originally wrote it and a subsequent version clearly indicating Percy Shelley's amendments and contributions For the first time we can hear Mary's sole voice which is colloquial fast paced and sounds more modern to a contemporary reader We can also see for the first time the extent of Percy Shelley's contribution some 5 000 words out of 72 000 and his stylistic and thematic changes His occasionally florid prose is in marked contrast to the directness of Mary's writing Interesting too are Percy's suggestions which humanize the monster thus shaping many of the major themes of the novel as we read it today In these two versions of Frankenstein we have an exciting new view of one of literature's greatest works *The Frankenstein Notebooks* Charles Robinson, 2022-07-30 Mary Shelley's Frankenstein is arguably the best known work of the English Romantic period First published in 1996 this edition of *The Frankenstein Notebooks* contains not only facsimiles and transcriptions of all of the surviving manuscripts related to the novel and a corrected critical text of Frankenstein or *The Modern Prometheus* but also a full range of factual information drawn from Shelley's and William Godwin's letters and journals from newspaper ads of the day and from other available scholarship about the conception gestation and birth of Mary Shelley's monster This two volume set contains a wealth of information vital to the creation and reception of Frankenstein It will enable scholars critics and students to see for themselves the exact extent of P B Shelley's editorial contributions and trace the artistic and ideological development of the novel at various stages in its formation It will also enable the reader to explore the text itself to test and evaluate their own theses This set will be of keen interest to those studying Frankenstein the Romantics and 19th century literature *Monographic Series* Library of Congress, 1976

Library of Congress Catalogs Library of Congress, 1977 **Frankenstein, Or, The Modern Prometheus** Mary Wollstonecraft Shelley, Percy Bysshe Shelley, 2008 In the summer of 1816 Mary Wollstonecraft Godwin then eighteen years old began to write the novel Frankenstein after she and her lover Percy Bysshe Shelley took part in a ghost story competition at Lord Byron's villa by Lake Geneva Over the next nine months a period which saw their return to England in autumn 1816 and subsequent marriage she with Percy drafted the entire novel in a form materially different from the two standard editions of 1818 and 1831 which were based on a later fair copy Until now no one has been able to read what Mary Shelley herself initially wrote in this original draft of the novel Going back to the unique draft manuscript of the text held in the Bodleian Library Charles E Robinson has teased out Percy Shelley's amendments isolating them from the story in Mary Shelley's hand Both texts with and without Percy's interventions are presented in this edition allowing us for the first time to read the story in Mary's original hand and also to see how Percy edited his wife's prose The results are fascinating We read a more rapidly paced novel that is arranged in different chapters Above all we hear Mary's genuine voice which sounds to us

more modern more immediately colloquial than her husband's learned more polished style To this day Frankenstein remains the most popular work of science fiction This edition promises to redefine the ways we read the story and perceive the act of its creation *Reference Works in British and American Literature* James K. Bracken,1991 The Monster in the Mirror Mary K. Patterson Thornburg, Mary Patterson Thornburg,1987 The British Library General Catalogue of Printed Books 1976 to 1982 British Library,1983 *The Frankenstein Notebooks* Mary Wollstonecraft Shelley,1996 American Book Publishing Record ,1996 Subject Catalog Library of Congress, *The British National Bibliography* Arthur James Wells,1995 **Reference Services Review** ,1973 **The Library Journal Book Review** R. R. Bowker LLC,1977

Hideous Progenies Steven Earl Forry,2016-11-11 The Frankenstein we know is not Mary Shelley's creature at all Rather it is an amalgam of over 200 years of images and dramatizations that range from the ghoulish fiends of nineteenth century sensation dramas to Boris Karloff's movie monster to Mel Brooks's tap dancing giant These versions treat the Frankenstein myth with varying levels of horror hysteria and humor but all of them attest to its enduring power In *Hideous Progenies* Steven Earl Forry offers a historical overview of the legend's transformation over time beginning with Shelley's original and the earliest popular dramatizations of it which transformed the myth adding a burlesque quality and simplifying its moral allegory and continuing on through the advent of cinema He also documents this development with actual texts of seven pre 1931 dramatizations a sampling of cartoons and playbills and a shooting script for the first cinematic version Thomas Edison's Frankenstein 1910 Forry's rare materials and interesting survey offer a valuable resource for scholars and students of theater history literary history and popular culture Literary Research Newsletter ,1981 Guide to Reference Books Robert Balay,Vee Friesner Carrington,Murray S. Martin,1996 Presents an annotated bibliography of general and subject reference books covering the humanities social and behavioral sciences history science technology and medicine **LJ, Library Journal** ,1975 Books in Print ,1994
