Missionary Methods, St. Paul's Or Ours: a Study of the Church in the Four Provinces ... Introduction by ... Henry Whitehead. Rev. Roland ALLEN, 1927

Missionary Methods Roland Allen, 2022-09-15 Missionary Methods Roland Allen, 2015-07-13 Excerpt from Missionary Methods St Paul's or Ours a Study of the Church in the Four Provinces In no branch of human knowledge has there been a more lively increase of the spirit or research during the past few years than in the study of Theology Many points of doctrine have been passing afresh through the crucible re statement is a popular cry and in some directions a real requirement of the age the additions to our actual materials both as regards ancient manuscripts and archaeological discoveries have never before been so great as in recent years linguistic knowledge has advanced with the fuller possibilities provided by the constant addition of more data for comparative study cuneiform inscriptions have been deciphered and forgotten peoples records and even tongues revealed anew as the outcome of diligent skilful and devoted study Scholars have specialized to so great an extent that many conclusions are less speculative than they were while many more aids are thus available for arriving at a general judgment and in some directions at least the time for drawing such general conclusions and so making practical use of such specialized research seems to have come or to be close at hand Many people therefore including the large mass of the parochial clergy and students desire to have in an accessible form a review of the results of this flood of new light on many topics that are of living and vital interest to the Faith and at the same time practical questions by which is really denoted merely the application of faith to life and to the needs of the day have certainly lost none of their interest but rather loom larger than

ever if the Church is adequately to fulfil her Mission It thus seems an appropriate time for the issue of a new series of theological works which shall aim at presenting a general survey of the present position of thought and knowledge in various branches of the wide field which is included in the study of divinity About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works **Paul's Missionary**

engage in missionary activity It helpfully summarizes the discussion on this debated issue judiciously handling contested texts and provides a way forward in addressing this critical question While admitting that Paul rarely explicitly commands the communities he founded to evangelize Plummer amasses significant incidental data to provide a convincing case that Paul did indeed expect his churches to engage in mission activity Throughout the study Plummer progressively builds a theological basis for the church's mission that is both distinctively Pauline and compelling
