A SHORT HISTORY OF BRITISH JOURNALISM

My Trade A Short History Of British Journalism

My Trade A Short History Of British Journalism:

My Trade Andrew Marr, 2009-09-18 How do you decide what is a story and what isn't? What does a newspaper editor actually do all day? How do hacks get their scoops? How do the TV stations choose their news bulletins? How do you persuade people to say those awful embarrassing things? Who earns what? How do journalists manage to look in the mirror after the way they sometimes behave? The purpose of this insider's account is to provide an answer to all these questions and more. *My Trade* Andrew Marr's brilliant and brilliantly funny book is a guide to those of us who read newspapers or who listen to and watch news bulletins but want to know more. Andrew Marr tells the story of modern journalism through his own experience. This is an extremely readable and utterly unique modern social history of British journalism with all its odd glamour, smashed hopes and future possibility.

Religion and the News Owen Gower, 2016-04-08 In *Religion and the News*, journalists and religious leaders reflect on their interactions with one another and their experiences of creating news. Through a series of original contributions, leading practitioners shed light on how religious stories emerge into the public domain. Experienced journalists and religious representatives from different faith traditions critically consider their role in a rapidly evolving communicative environment. Aimed at journalists, faith representatives, religious leaders, academics and students, this book offers a timely exploration of the current state of religious news coverage and makes an original contribution to the emerging media, religion and culture literature as well as to media and communication studies. *Religion and the News* presents insights from leading journalists and religious leaders; many well-known figures writing openly about their experiences. Contributors include Jolyon Mitchell, Director of the Centre for Theology and Public Issues, Edinburgh University; Christopher Landau, Religious Affairs Correspondent, BBC World Service; Andrew Brown, The Guardian; Professor Lord Harries of Pentregarth, former Bishop of Oxford; Dr Indarjit Singh, Director of the Network of Sikh Organisations; Rabbi Dr Jonathan Romain, Director, Jewish Information and Media Service; Imam Monawar Hussain, Muslim Tutor, Eton College; Charlie Beckett, Director, Polis; Ruth Gledhill, Religion Correspondent, The Times; Catherine Pepinster, Editor, The Tablet; Riazat Butt, Religious Affairs Correspondent, The Guardian; Professor the Worshipful Mark Hill, QC, Barrister and Fellow, Centre for Law and Religion, Cardiff University.

Freemasonry and the Press in the Twentieth Century Paul Calderwood,2016-04-15 By the end of the twentieth century Freemasonry had acquired an unsavoury reputation as a secretive network of wealthy men looking out for each others interests The popular view is of an organisation that if not actually corrupt is certainly viewed with deep mistrust by the press and wider society Yet as this book makes clear this view contrasts sharply with the situation at the beginning of the century when the public s perception of Freemasonry in Britain was much more benevolent with numerous establishment figures including monarchs government ministers archbishops and civic worthies enthusiastically recommending Freemasonry as the key to model citizenship Focusing particularly on the role of the press this book investigates the transformation of the image of Freemasonry in Britain from respectability to suspicion It describes how the media projected a positive message of the organisation for almost forty years based on a mass of news emanating from the organisation itself before a change in public regard occurred during the later twentieth century This change in the public mood the book argues was due primarily to Masonic withdrawal from the public sphere and a disengagement with the press Through an examination of the subject of Freemasonry and the British press a number of related social trends are addressed including the decline of deference the erosion of privacy greater competition in the media the emergence of more aggressive and investigative journalism the consequences of media isolation and the rise of professional Public Relations The book also illuminates the organisation s collisions with nationalism communism and state welfare provision As such the study is illuminating not only for students of Freemasonry but those with an interest in the wider social history of modern Britain
