Myself When Young The Making Of A Naturalist:

Myself when Young Ronald Mathias Lockley, 1979 **Coastal Works** Nicholas Allen, Nick Groom, Jos Smith, 2017-06-23

In all the complex cultural history of the islands of Britain and Ireland the idea of the coast as a significant representative space is critical. For many important artists coastal space has figured as a site from which to braid ideas of empire, nation, region and archipelago. They have been drawn to the coast as a zone of geographical uncertainty in which the self-definitions of the nation founder; they have been drawn to it as a peripheral space of vestigial wildness of island retreats and experimental living as a network of diverse localities richly endowed with distinctive forms of cultural heritage and as a dynamically interconnected ecosystem which is at the same time the historic site of significant developments in fieldwork and natural science. This collection situates these cultures of the Atlantic edge in a series of essays that create new contexts for coastal study in literary history and criticism. The contributors frame their research in response to emerging conversations in archipelagic criticism, the blue humanities and island studies; the essays challenging the reader to reconsider ideas of margin, periphery and exchange. These twelve case studies establish the coast as a crucial location in the imaginative history of Britain, Ireland and the north Atlantic edge. *Coastal Works* will appeal to readers of literature and history with an interest in the sea, the environment and the archipelago from the 18th century to the present. Accessible, innovative and provocative, *Coastal Works* establishes the important role that the coast plays in our cultural imaginary and suggests a range of methodologies to represent relationships between land, sea and cultural work.

My Life as a Naturalist William Percival Westell, 1918 *Naturalist*, 1929 **Geelong Naturalist**, 1904 **The Ottawa Naturalist**, 1915 *The Naturalist*, 1837 *The Naturalist's Companion* Dave Hall, 2022-08-17

The Naturalist's Companion is an essential read for anyone who wants to enhance their wildlife observation skills. Seattle Book Review: Practical guidance on how to achieve a deeper level of nature observation. From the co-founder of Primitive Pursuits renowned nature awareness program. Provides concrete tools for improving the depth and quality of outdoor experiences. *The Naturalist's Companion* fills an important void in outdoor education by teaching readers how to become more learned and patient observers and ultimately more proficient naturalists. Through exhaustive time in the field, author Dave Hall has developed a comprehensive understanding of nature awareness and refined his skills to enhance any time spent outdoors and to foster closer, more respectful encounters with wildlife. Through personal anecdotes and detailed explanations, Hall teaches the principles and ethics of stealth walking, calling, tracking, interpreting basic animal behavior and much more. Each chapter concludes with a list of exercises prompting readers to study and put these skills into use while introductory sections discuss gear, safety, ethics and thoughtful engagement. *The Naturalist's Companion* will deepen readers' connection with the outdoors and help them to establish and maintain consistent, intimate and informed wildlife observations.
