Word Become Flesh: Dimensions of Christology Brian McDermott, 2017-06-15 As a text for a basic Christology course this work orients the student of theology by tracing the principal developments in the New Testament and in later Church tradition giving attention to some of the principal concerns of contemporary culture and the way some of the present day forms of Christology try to respond to those concerns It therefore offers a range of contemporary Christological proposals rather than one to the exclusion of others It also seeks to reunite study of Christ's person with his work through greater attention to soteriology than often happens in traditional Christology

Discourse on the State and Grandeurs of Jesus Pierre de Bérulle, 2023-11-30 Pierre de Bérulle 1575-1629 is one of the foremost personalities of early modern Catholicism As the founder of the French school of spirituality he has exercised a profound influence on the Church from the seventeenth century to the present day Until now however very little of Bérulle's writings have been available in English This volume provides the first complete English translation of his best known work first printed in Paris in 1623 and titled *Discourses on the State and Grandeurs of Jesus by the Ineffable Union of the Deity with Humanity and the Submission and Servitude that Is Due Him and His Most Holy Mother in Response to This Wondrous State* Composed in his maturity this work expresses Bérulle's theology of the Man God whose self emptying has enabled us to become capable of God In contrast to other spiritual writers who taught that mystical union with God follows the extinction of all sensory and conceptual awareness and all activity of willing Bérulle's focus is on the faithful soul's participation in what he calls Jesus states or inner dispositions The state that Bérulle describes and honors supremely in this text is Jesus state of self emptying in the mystery of the Incarnation In the hypostatic union our humanity in Christ is lifted up to heaven and Christ is the first fruit of humanity made divine the firstborn among many brothers Through him we become children of God by adoption participants in God's divine being This is an outstanding translation conveying not only the meaning but also the beauty and rhetorical features of the original The *Discourses* will repay reading as a poignant source of personal devotion a primary text of the Catholic Reformation and a classic of spiritual theology
